Accordingly, the principal risks and uncertainties of CL Intermediate Holdings I B V, which include those of the company, are discussed in this group's annual report, which does not form part of this report, but which are publicly available (see note 15)

Key performance indicators

Future developments

The company will continue to be a holding company in the foreseeable future

Financial risk management

The company has considered the risks of credit, cash flow and pricing and their potential impact on the business. The directors do not consider such risks to be applicable or to have any significant impact on the business

Cunningham Lindsey Holdings (UK) Limited

Directors' report for the year ended 31 December 2012 (continued)

Going concern

The financial statements have been prepared on the going concern basis as the ultimate parent company, CL Acquisition Holdings Limited, has indicated that it will not seek repayment of intercompany funding provided directly or indirectly to the company for a period of at least 12 months from the date of signing of these financial statements, where such repayment would restrict the ability of Cunningham Lindsey Holdings (UK) Limited to meet its liabilities as they fall due

Statement of directors' responsibilities

The directors are responsible for preparing the directors' report and the financial statements in accordance with applicable law and regulations

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have prepared the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law, the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to

- select suitable accounting policies and then apply them consistently,
- make judgements and accounting estimates that are reasonable and prudent,
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements, and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Disclosure of information to auditors

The directors who were in office on the date of approval of these financial statements have confirmed, as far as they are aware, that there is no relevant audit information of which the auditors are unaware. Each of the directors has confirmed that they have taken all the steps that they ought to have taken as directors in order to make themselves aware of any relevant audit information and to establish that the company's auditors are aware of that information.

This statement is given and should be interpreted in accordance with the provisions of Section 418 of the Companies Act 2006.

Our Audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of directors and auditors

Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

Scope of the audit of the financial statements

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of whether the accounting policies are appropriate to the company's circumstances and have been consistently applied and adequately disclosed, the reasonableness of significant accounting estimates made by the directors, and the overall presentation of the financial statements. In addition, we read all the financial and non financial information in the annual report and financial statement to identify material inconsistencies with the financial statements. If we become aware of any apparent material misstatements or inconsistencies, we consider the implications for our report.

Opinion on financial statements

In our opinion the financial statements

- give a true and fair view of the state of the company's affairs as at 31 December 2012 and of its profit for the year then ended,

- the financial statements are not in agreement with the accounting records and returns, or
- certain disclosures of directors' remuneration specified by law are not made, or
- we have not received all the information and explanations we require for our audit.

Notes to the financial statements for the year ended 31 December 2012

1 Accounting policies

These financial statements are prepared on the going concern basis, under the historical cost convention and in accordance with the Companies Act 2006 and applicable accounting standards in the United Kingdom. The principal accounting policies, which have been applied consistently throughout the year, are set out below.

Going concern

The financial statements have been prepared on the going concern basis as the ultimate parent company, CL Acquisition Holdings Limited, has indicated that it will not seek repayment of intercompany funding provided directly or indirectly to the company for a period of at least 12 months from the date of signing of these financial statements, where such repayment would restrict the ability of Cunningham Lindsey Holdings (UK) Limited to meet its liabilities as they fall due.

Exemption from preparing consolidated financial statements

The financial statements present information about Cunningham Lindsey Holdings (UK) Limited as an individual undertaking and not about its group. The company is exempt under Section 401 of the Companies Act 2006 from the requirements to prepare consolidated financial statements as it is a wholly owned subsidiary of CL Intermediate Holdings I B V in whose consolidated financial statements the company and its subsidiaries are included, which are publicly available (note 15).

Cash flow statement

The company is a wholly owned subsidiary of CL Intermediate Holdings I B V and is included in the consolidated financial statements of CL Intermediate Holdings I B V, which are publicly available (note 15). Consequently, the company has taken advantage of the exemption from preparing a cash flow statement under the terms of FRS 1 (revised 1996).

Deferred taxation

Deferred tax is recognised in respect of all timing differences that have originated but have not reversed at the balance sheet date, where transactions or events that result in an obligation to pay more tax in the future or a right to pay less tax in the future have occurred at the balance sheet date.

A net deferred tax asset is recognised as recoverable, and therefore recognised, only when, on the basis of all available evidence, it can be regarded as more likely than not that there will be suitable taxable profits against which to recover carried forward tax losses or from which the future reversal of underlying timing differences can be deducted.

Deferred tax is measured at the average tax rates that are expected to apply in the periods in which the timing differences are expected to reverse based on tax rates and laws that have been enacted or substantively enacted by the balance sheet date. Deferred tax is measured on an undiscounted basis.

Foreign currencies

Monetary assets and liabilities in foreign currencies are translated into sterling at the rates of exchange ruling at the balance sheet date. Transactions in foreign currencies are translated into sterling at the rate of exchange ruling at the date of transaction.

Investments

Investments are stated at cost less any impairment in value. Impairment reviews are carried out when there is an indication of impairment.

2 Staff costs and directors' emoluments

The company had no employees during the year (2011: nil). There were no staff costs for the year ended 31 December 2012 (2011: £nil).

The directors are remunerated by another group company in respect of their services to the group as a whole and it is not possible to apportion this remuneration to the companies in the group.

Cunningham Lindsey Holdings (UK) Limited

Notes to the financial statements for the year ended 31 December 2012 (continued)

3 Auditor remuneration

Auditor remuneration is borne by Lindsey Morden, a fellow group company. The amount of auditors' remuneration applicable to the company is deemed to be £4,500 (2011: £4,500).

Notes to the financial statements for the year ended 31 December 2012 (continued)

6 Tax on profit on ordinary activities (continued)

There are no unprovided deferred tax liabilities or unrecognised deferred tax assets (2011 £nil). The corporation tax receivable for the year has been reduced by £396,958 (2011 £305,125) because of group relief granted to and paid for by fellow group companies.

Factors affecting current and future tax charges

In Budget 2011 on 23 March 2011, the Chancellor of the Exchequer announced a reduction in the UK rate of corporation tax to 26%. This reduced rate applied from 1 April 2011. A further 1% rate reduction to 25% was also announced and it was intended that this would be effective from 1 April 2012.

However, in his Budget 2012 on 21 March 2012, the Chancellor of the Exchequer announced a number of changes to the UK corporation tax rate. These included a reduction in the UK corporation tax rate from 25% to 24% effective from 1 April 2012 (and substantively enacted as of 26 March 2012), and reduction from 24% to 23% from 1 April 2013 which was substantively enacted on 3 July 2012.

The UK government intended to reduce the UK corporate tax rate to 22% by 1 April 2014, but the Chancellor announced in his Autumn statement on 5 December 2012 that the main rate of corporation tax will be reduced by a further one per cent from 1 April 2014, to 21%.

Furthermore, in his budget 2013 on 21 March 2013, the Chancellor of the Exchequer announced a further reduction to the UK corporation tax rate by one per cent from 1 April 2015, to 20%.

Consequently, the company will only recognise the impact of the rate change which is substantively enacted at the balance sheet date in its financial statements.
