- These accounts have been prepared in accordance with the provisions applicable to companies subject to the small companies regime.

Approved by the Board on 31 January 2014

And signed on their behalf by:

E Eleftheriou, Director

Notes to the Abbreviated Accounts for the period ended 31 May 2013

1 Accounting Policies

Basis of measurement and preparation of accounts

The accounts have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities effective April 2008.

Turnover policy

Turnover represents the value, net of value added tax and discounts, of goods provided to customers and work carried out in respect of services provided to customers.

Tangible assets depreciation policy

Depreciation has been provided at the following rates in order to write off the assets over their estimated useful lives.

Equipment, Fixtures and fittings 10% straight line

Intangible assets amortisation policy

Positive purchased goodwill arising on acquisitions is capitalised as asset on the balance sheet and amortised over the estimated useful life up to a maximum of 20 years. This length of time is presumed to be the maximum life of purchased goodwill because it is difficult to make projections beyond this period. Goodwill is reviewed for impairment at the end of the first full financial year following each acquisition and subsequently as and when necessary if circumstances emerge that indicate that the carrying value may not be recoverable.
