NOTES TO THE BALANCE SHEET
YEAR ENDED 28TH FEBRUARY 2014

1. ACCOUNTING POLICIES

The financial statements are prepared in accordance with applicable accounting standards. The particular accounting policies adopted are as follows:

(a). Accounting Convention

The financial statements are prepared under the historical cost convention.

(b). Tangible Fixed Assets

Depreciation is provided on a reducing balance basis over the expected useful lives of each category of tangible fixed assets:

Office Equipment	20% per annum on written down value
Fixtures and Fittings	20% per annum on written down value

(c). Stock and Work in Progress

Stock and work in progress are stated at the lower of cost and net realisable value. Cost includes all direct costs incurred in bringing the stock and work in progress to their present location and condition, including where appropriate, a proportion of manufacturing overheads.

(d). Leases

Rental costs under operating leases are charged to the profit and loss account in equal annual amounts over the periods of the leases.

(e). Foreign Currency Transactions

Assets and liabilities denominated in a foreign currency are translated into sterling at the rate of exchange ruling at the balance sheet date. Transactions in foreign currencies are translated at the average exchange rate for the year. All exchange differences are dealt with through the profit and loss account.

(f). Deferred Taxation

Deferred taxation is recognised in respect of all timing differences, between the treatment of certain items for accounts purposes and their treatment for tax purposes, that have originated but not reversed by the balance sheet date.

Deferred taxation is not recognised when assets are revalued unless, by the balance sheet date, the company has entered into a binding agreement to sell the assets and recognised the gains and losses expected to arise on sale or where assets have been sold and it is expected that the taxable gain will be rolled over into a replacement asset.
