2 INTRODUCTION

- 2.1 The purpose of this report is to detail my acts and dealings as Liquidator of PTHR Limited (the 'Company') and report on the conduct of the liquidation for the period 5 September 2016 to 4 September 2017 (the 'Reporting Period').

3 PROGRESS OF THE LIQUIDATION

- 3.1 Creditors will note from the Company's Statement of Affairs that the Company's only asset was an overdrawn Director's loan account with a book value of £7,579. A settlement has been reached with the Director in respect of repaying this amount and further information regarding same is detailed in Section 6 of this report. A sale of the Company's goodwill has also taken place, again, details of which can be found below.
- 3.2 My investigations into the Company's affairs have now concluded and no evidence was found to contradict this asset position; further information can be found in Section 4, below. There is no prospect of a distribution to creditors in this matter and it is now my intention to move this case to closure.

4 INVESTIGATIONS

- 4.1 In accordance with the Company Directors Disqualification Act 1986 a report on the conduct of the Director of the Company has been submitted to the Department for Business Innovation and Skills. As this is a confidential report, I am unable to disclose the contents.
- 4.2 In line with my duty as Liquidator, I have conducted investigations into the Company's affairs in accordance with Statement of Insolvency Practice 2 ('SIP 2'). When considering whether there were any matters that justified further investigation I took into account public interest, potential recoveries, the availability of funding for the investigation and the associated costs of the investigation. I can confirm that no claims have been brought against the Director or any third parties following my investigations into the Company's affairs.

5 RECEIPTS AND PAYMENTS ACCOUNT

- 5.1 A copy of the Liquidator's receipts and payments account for the Reporting Period is attached at Appendix A. Cumulative receipts and payments are also noted which shows that this account now balances to nil. It is my intention to shortly move this case to closure.

6 REALISATION OF ASSETS

Director's Overdrawn Loan Account

- 6.1 As detailed above, the Company's only asset was a Director's overdrawn loan account of £7,579. The Company's Director, Stephen Di Piazza made an offer of £6,000 to settle this amount in full and final settlement. Taking into account the legal costs that would be associated with pursuing the full balance from the Director, this offer was accepted. I can confirm that these settlement funds have been paid in full.

Sale of Goodwill

- 6.2 An offer of £300 plus VAT was received from an associated company to purchase the Company's goodwill, customer lists, web domain and right to use the Company's telephone numbers. Taking into account the fact that no interest whatsoever had been received in respect of these assets and that the market value of these goods was nominal, this offer was accepted.

- 6.3 On 3 October 2016 a sale of these goods took place subject to an invoice of even date to Morvan Consultant Services Limited ('Morvan'). Morvan was not an associated company at the time of the transaction. However, on 10 October 2017, Stephen Di Piazza was appointed as a Director of Morvan, giving association to the Company by way of a common Director.
- 6.4 Cleared funds in respect of this sale were received by bank transfer on 9 November 2016.
- 6.5 There are no assets which remain unrealised. It is therefore now my intention to seek my release as Liquidator and move the Company to dissolution.

7 CREDITORS

Secured Creditors

- 7.1 There are no secured creditors in this matter.

Preferential Creditors

- 7.2 There are also no preferential creditors in this matter.

Unsecured Non-Preferential Creditors

- 7.3 As per the Statement of Affairs prepared by the Company's Director at the date of liquidation, there were unsecured creditors totalling £23,718. To date I have received claims totalling £20,232.

8 DIVIDENDS

Prescribed Part

- 8.1 Where company assets are secured by a floating charge, the funds in the liquidation estate from realising those assets, after having paid the costs of liquidation and settling the preferential creditors' claims, are available to distribute to the floating charge creditor(s).
- 8.2 If the charge(s) was created after 15 September 2003, a portion of those funds shall be made available to unsecured, non-preferential creditors. This is called the Prescribed Part.
- 8.3 In this case the Prescribed Part does not apply as there is no floating charge secured creditor.

Unsecured Non-Preferential Creditors

- 8.4 There have been no distributions to this class of creditor, either under the Prescribed Part or outside of it within the Reporting Period.

Notice of No Dividend

- 8.5 Pursuant to Rule 14.37(2) I can confirm that I am unable to declare a dividend to creditors due to insufficient realisations.

9 REMUNERATION AND EXPENSES

Pre-Appointment Remuneration

- 9.1 Authority was given at the meeting of creditors held on 5 September 2016 for me to draw fees totalling £5,000 plus VAT for assisting with the preparation of the Statement of Affairs and for convening the first meetings of members and creditors ('Statement of Affairs Fee').
- 9.2 I can confirm that this fee has been drawn on account in full.

Liquidator's Remuneration

- 9.3 Authority was given at the meeting of creditors held on 5 September 2016 for my remuneration to be approved by reference to the time properly given by me and my staff in attending to matters as set out in the Fees Estimate which was circulated to creditors in a letter dated 19 August 2016, such time to be charged at the prevailing standard hourly charge out rates used by my firm at the time when the work is performed. The Fees Estimate acts as a cap and I cannot draw remuneration in excess of that estimate without first seeking approval from the creditors.
- 9.4 My time costs for the Reporting Period total £4,082.50 representing a total number of hours of 19.05 at an average hourly rate of £214.30. I can confirm that no fees have been drawn against these time costs during the Reporting Period.
- 9.5 The sum of £866 plus VAT has been drawn since the end of the Reporting Period against the aforementioned time costs. The balance will go unpaid.
- 9.6 Attached is a comparison of the time costs incurred during the Reporting Period and those anticipated per the Fees Estimate previously provided to creditors.
- 9.7 The actual average charge out rate is higher than the estimated average charge out rate of £159 as detailed in the aforementioned Fees Estimate.
- 9.8 However, I would comment that the total time costs incurred during the Reporting Period are less than that estimated. As my administration in this matter has now come to an end, this position is not expected to materially change.
- 9.9 Attached at Appendix B is an analysis, in accordance with the provisions of Statement of Insolvency Practice 9 ('SIP9') that details my time costs incurred by work category during the Reporting Period. Included with that analysis is a description of the routine work carried out within each of the work categories.
- 9.10 The amounts are derived by reference to normal rates for time properly given by me and my staff in attending to matters arising in the liquidation. The 'Addendum to Creditors' Guide to Fees, also attached at Appendix B, details the current charge out rates.
- 9.11 Further information about creditors' rights can be obtained by visiting the creditors' information micro-site published by the Association of Business Recovery Professionals (R3) at <http://www.creditorinsolvencyguide.co.uk>.
- 9.12 I am required, under SIP9, to provide creditors with information relating to the Liquidator's fees. This information is contained within a document entitled "Guide to Liquidators Fees", which is available at <https://www.r3.org.uk/what-we-do/publications/professional/fees>; please note that there are different versions of the Guidance Notes and in this case you should refer to the April 2017 version. If you are unable to access or download a guide, please contact this office and a copy will be provided to you free of charge.

Disbursements

- 9.13 The disbursements charged to the case comprise of external supplies of incidental services specifically identifiable to the case, such as insurances, case advertising, travel invoices, external room-hire and document storage. Also chargeable will be any properly reimbursed expenses incurred by personnel in connection with the case. The following external disbursements (Category 1) have been incurred:

	Reporting Period (£)	Per Fees Estimate (£)
Specific Bond	72.00	48.00
Statutory Advertising	337.50	1,000.00
Total	409.50	1,048.00

9.14 These disbursements have been recharged and paid in full. Creditors will note that the total amount paid is less than that estimated. As I am now looking to close the liquidation, this position is not expected to change.

9.15 I have also incurred disbursements relating to internal supplies or services specifically identifiable to the case, such as photocopying, postage, telephone and fax. These items are classified as Category 2 disbursements and are charged to the case on the recovery basis detailed in the addendum attached at Appendix B.

9.16 Specific authority was obtained from creditors at the meeting of creditors held on 5 September 2016 for the Liquidator to draw internal (Category 2) disbursements, as defined by SIP 9, as and when incurred. No Category 2 disbursements have been paid during the Reporting Period. However, the sum of £27 has been paid since then in respect of printing, postage and stationery. The Fees Estimate noted that these costs were estimated to be £500.

Professional Advisors

9.17 I can confirm that no professional advisors have been engaged in this matter, which creditors will note is in line with that estimated prior to appointment.

10 STATEMENT OF CREDITORS' RIGHTS

10.1 In accordance with Rule 18.9 of the Insolvency (England & Wales) Rules 2016 a secured creditor or unsecured creditors with the concurrence of at least 5% in value of the general body of unsecured creditors are entitled to request further information relating to the Liquidator's remuneration or expenses. Such requests must be made within 21 days of receipt of this report. In the event the requesting unsecured creditor does not hold a concurrence of at least 5% an application to court may be made to obtain the necessary permission. Such applications need to be made within 21 days of receipt of this report.

10.2 In addition to the above and in accordance with Rule 18.34 of the Insolvency (England & Wales) Rules 2016, creditors are entitled to make a claim that the Liquidator's remuneration and/or expenses are excessive. Such claims should be made in the form of an application to court no later than 8 weeks after the progress report has been received.

10.3 To comply with the Provision of Services Regulations, some general information about O'Haras Limited can be found at Appendix B.

11 CONCLUSION

11.1 My administration of this matter has now come to an end and it is my intention to move this case to closure within the next 10 weeks.

Should you require any further information, please do not hesitate to contact Ben Ramsay on 01274 800 380 or br@oharas.co.

PTHR Limited – In Creditors' Voluntary Liquidation

Summary Comparison of Fees Estimate to Actual Time Costs Incurred

The office holder is to be remunerated on a time cost basis for the categories of work to be undertaken on the case as per resolutions passed at the meeting of creditors held on 5 September 2016.

We use the charge out rates appropriate for the skills of a member of staff and the work that they perform, recording time spent in 6 minute units. Narrative is recorded to explain the work undertaken and the time spent is analysed into different categories of work.

This document provides a comparison of the estimated time to be spent undertaking the work in each category of work as set out in the Fees Estimate against actual time spent undertaking the work.

Exceeding the Fees Estimate

The fee estimate was based on my knowledge of the case at the commencement of my initial instruction and reflected the work which we anticipated was necessary to be undertaken whilst administering the case. If it is likely that the fees estimate for asset realisations will be exceeded, then it may be necessary to seek further approval for an increase.

Addendum to Creditors' Guide to Fees
Practice Fees and Disbursements Recovery Policy

Introduction

The insolvency legislation was changed in October 2015, with one or two exceptions, for insolvency appointments made from that time. This sheet explains how we intend to apply the alternative fee bases allowed by the legislation when acting as office holder in insolvency appointment. The legislation allows different fee bases to be used for different tasks within the same appointment. The fee basis or combination of bases, set for a particular appointment is/are subject to approval, generally by a committee, if one is appointed by the creditors, failing which the creditors in general or by the court.

Further information about creditors' rights can be obtained by visiting the creditors' information micro-site published by the Association of Business Recovery Professionals (R3) at <http://www.creditorinsolvencyguide.co.uk>. Details about how an office holder's fees may be approved for each case type are available in a series of guides issued with Statement of Insolvency Practice 9 (SIP 9) and can be accessed at <http://www.r3.org.uk/what-we-do/publications/professional/fees>. Alternatively a hard copy may be requested from O'Haras Limited of Moored House, Snelsins Lane, Cleckheaton, West Yorkshire, BD19 3UE.

Once the basis of the office holder's remuneration has been approved, a periodic report will be provided to any committee and also to each creditor. The report will provide a breakdown of the remuneration drawn. If approval has been obtained for remuneration on a time cost basis, i.e. by reference to time properly spent by members of staff of the practice at our standard charge out rates, the time incurred will also be disclosed, whether drawn or not, together with the average, or "blended" rates of such costs. Under the legislation, any such report must disclose how creditors can see further information and challenge the basis on which the fees are calculated and the level of fees drawn in the period of the report. Once the time to challenge the office holder's remuneration for the period reported on has elapsed, then that remuneration cannot subsequently be challenged.

Under some old legislation which still applies for insolvency appointments commenced before 6 April 2010, there is no equivalent mechanism for fees to be challenged.

Time Cost basis

When charging fees on a time cost basis we use charge out rates appropriate for the skills and experience of a member of staff and the work that they perform. This is combined with the amount of time that they work on each case, recorded in 6 minute units with supporting narrative to explain the work undertaken.

Charge out Rates

Grade of Staff	Current Charge out Rate (Effective from 1 January 2013) £ per hour
Director	300 - 400
Senior Manager	250 - 300
Manager	200 - 250
Administrator	175 - 200
Support Staff	150 - 175
Time costs are calculated using 6 minute units.	

These charge out rates are reviewed on 1 January each year and are adjusted to take account of inflation and the firm's overheads.

Time spent on casework is recorded directly to the relevant case using a computerised time recording system and the nature of the work undertaken is recorded at that time. The work is generally recorded under the following categories:

- Administration and planning
- Investigations
- Realisations of Assets
- Creditors
- Trading
- Case Specific Matters

When we seek time costs approval we have to set out a fees estimate. That estimate acts as a cap on our time costs so that we cannot draw fees of more than the estimated time costs without further approval from those who approved our fees. When seeking approval for our fees we will disclose the work that we intend to undertake, the hourly rates we intend to charge for each part of the work and the time that we think each part of the work will take. We will summarise that information in an average or "blended" rate for all of the work being carried out within the estimate. We will also say whether we anticipate needing to seek approval to exceed the estimate and, if so, the reasons that we think may be necessary.

The disclosure that we make should include sufficient information about the insolvency appointment to enable you to understand how the proposed fees reflects the complexity (or otherwise) of the case, any responsibility of an exceptional kind falling on the office holder, the effectiveness with which the office holder has carried out their functions and the value and nature of the property with which the office holder has to deal.

If we subsequently need to seek authority to draw fees in excess of the estimate we will say why we have exceeded, or are likely to exceed the estimate; any additional work undertaken, or proposed to be undertaken; the hourly rates proposed for each part of the work; and the time that the additional work is expected to take. As with the original estimate, we will say whether we anticipate needing further approval and, if so, why we think it may be necessary to seek further approval.

Percentage basis

The legislation allows fees to be charged on a percentage of the value the property with which the office holder has to deal (realisations and/or distributions). Different percentages can be used for different assets or types of assets. In cases where we were appointed prior to 1 October 2015 most of our fees were recovered on a time costs basis and appropriate authority was obtained from the creditors or the committee as set down in the legislation. The legislation changed on 1 October 2015 however we do not look to seek our remuneration on a percentage basis.

However, where we do look to recover our fees on a percentage basis a report accompanying any fee request will set out the potential assets in the case, the remuneration percentage proposed for any realisation and the work covered by that remuneration, as well as the expenses that will be or are likely to be incurred. Expenses can be incurred without approval but must be disclosed to help put the remuneration request into context.

The percentage approved in respect of realisations will be charged against the assets realised and where approval is obtained on a mixture of bases. Any fixed fee and time costs will then be charged against the funds remaining in the liquidation after the realisation percentage has been deducted.

The disclosure that we make should include sufficient information about the insolvency appointment to enable you to understand how the proposed fees reflects the complexity (or otherwise) of the case, any responsibility of an exceptional kind falling on the office holder, the effectiveness with which the office holder has carried out their functions and the value and nature of the property with which the office holder has to deal.

If the basis of remuneration has been approved on a percentage bases then an increase in the amount of the percentage applied can only be approved by the committee or creditors (depending upon who approved the basis of remuneration) in cases where there has been a material and substantial change in the circumstances that were taken into account when fixing the original level of percentage applied. If there has not been a material and substantial change in the circumstances then an increase can only be approved by the court.

Fixed Fee Basis

The legislation allows fees to be charged at a set amount. Different set amounts can be used for different tasks. In cases where we were appointed prior to 1 October 2015 most of our fees were recovered on a time costs basis and appropriate authority was obtained from the creditors or the committee as set down in the legislation. The legislation changed on 1 October 2015 and we now seek remuneration on a fixed fee basis more often. A report accompanying any fee request will set out the set fee that we proposed to charge and the work covered by that remuneration as well as the expenses that will be or are likely to be incurred. Expenses can be incurred without approval but must be disclosed to help put the remuneration request into context.

If there has not been a material and substantial change in the circumstances then an increase can only be approved by the court.

Members' Voluntary Liquidations and Voluntary Arrangements

The legislation changes that took effect from 1 October 2015 did not apply to member's voluntary liquidations (MVL), Company Voluntary Arrangements (CVA) or Individual Voluntary Arrangements (IVA). In MVL's, the Company's members set the fee basis, often as a fixed fee. In CVA's & IVA's, the fee basis is set out in the proposals and creditors approve the fees when they approve the arrangement.

All Bases

With the exception of Individual Voluntary Arrangements and Company Voluntary Arrangement, which are VAT exempt, the officeholder's remuneration invoiced to the insolvent estate will be subject to VAT at the prevailing rate.

Agent's Costs

These are charged at cost, based upon the charge made by the Agent instructed. The term Agent includes:

- Statutory Advertising
- Solicitors/Legal Advisors
- Auctioneers/Valuer's
- Accountants
- Quantity Surveyors
- Estate Agents
- Other Specialist Advisors

In new appointments made after 1 October 2015 the office holder will provide details of expenses to be incurred or likely to be incurred when seeking fee approval. When reporting to the committee and creditors during the course of the insolvency appointment the actual expenses incurred will be compared with the original estimate provided.

Disbursements

In accordance with Statement of Insolvency Practice 9 (SIP 9) the basis of disbursement allocation in respect of disbursements incurred by the Office Holder in connection with the administration of the estate must be fully disclosed to creditors. Disbursements are categorised as either Category 1 or Category 2.

Category 1 expenses are directly referable to an invoice from a third party, which is either in the name of the estate or O'Haras Limited; in the case of the latter, the invoices makes a reference to, and therefore can be directly attributed to, the estate. These disbursements are recoverable in full from the estate without the prior

approval of creditors, either by a direct payment from the estate or where the firm has made payment on behalf of the estate, by a recharge of the amount invoiced by the third party. Examples of Category 1 disbursements are statutory advertising, external meeting room hire, external storage and archiving costs, specific bond insurance, Company search fees, postage, travel expenses and photocopying (where a third party is used).

Category 2 expenses are incurred by the firm and recharged to the estate; they are not attributed to the estate by a third party invoice and/or they may include a profit element. These disbursements are recoverable in full from the estate, subject to the bases of the disbursement charge being approved by creditors in advance. Examples of Category 2 disbursements are photocopying (internal), internal room hire, internal storage and mileage.
