1. The first part of the paper is devoted to a discussion of the general principles of the theory of the structure of the atom. It is shown that the structure of the atom is determined by the laws of quantum mechanics, which are based on the principle of the uncertainty of the position and momentum of the particles.

2. In the second part of the paper, the author discusses the results of the experiments carried out by the author and his colleagues. It is shown that the results of the experiments are in good agreement with the theoretical predictions.

3. The third part of the paper is devoted to a discussion of the results of the calculations carried out by the author and his colleagues. It is shown that the results of the calculations are in good agreement with the experimental results.

NOTES

Show the full forenames, NOT INITIALS If the director or secretary is a corporation or Scottish firm, show the name on surname line and registered or principal office on the usual residential line

Give previous forenames or surname(s) except

- for a married woman, the name by which she was known before marriage need not be given
- for names not used since the age of 18 or for at least 20 years

A peer or individual known by a title may state the title instead of or in addition to the forenames and surname and need not give the name by which that person was known before he or she adopted the title or succeeded to it

Other directorships

Give the name of every company incorporated in Great Britain of which the person concerned is a director or has been a director at any time in the past five years

You may exclude a company which either is, or at all times during the past five years when the person concerned was a director, was

- dormant
- a parent company which wholly owned the company making the return, or
- another wholly owned subsidiary of the same parent company
