Strategic report for the year ended 31 December 2017

The directors present their strategic report with the financial statements of Racecourse Media Group Limited ("the Group") for the year ended 31 December 2017.

Principal activities, review of business and future developments

The Group's principal activity is the management and exploitation of a range of media rights on behalf of its 37 British racecourse licensors. These rights are primarily exploited via the following channels:

- Pay TV for residential and commercial premises
- International channel to wagering outlets
- Video streaming via RacingUK.com and Bet2View licences with leading bookmakers
- Domestic terrestrial rights
- International terrestrial rights

In addition to this the Group provides a range of services to Amalgamated Racing Limited, operators of Turf TV, a channel that broadcasts racing from member racecourses exclusively to Licensed Betting Offices in the UK and Republic of Ireland. Amalgamated Racing Limited is a joint venture formed by the shareholders of Racecourse Media Group Limited, Ascot Racecourse Limited and Timeweave Gaming Limited, a subsidiary of Timeweave plc.

The Group continued to improve its performance with turnover growing by 13% in the year. During 2017 the Group extended the media rights granted to it for a further term through to December 2023 and which provides the directors with significant confidence in the future of the Group. During the year, the Group completed the addition of three new licensor racecourses (Leicester, Stratford and Taunton) with effect from various dates in 2017, taking the total number of member racecourses to 37. Licence fees are paid to licensors in accordance with the terms of the licences. The variable nature of licence fees means that payments flex in accordance with the performance of the Group and accordingly the directors have confidence in the financial stability of the business. Licence fee payments are detailed in note 18 to the accounts.

After the balance sheet date, the Group announced that it would not renew its joint venture in GBI Racing Limited on expiry of the current term. Instead, the Group would enter into a long term contract with Sports Information Services Limited (SIS) with effect from 1 January 2019 that would cover a much broader range of media rights for the Group. These new media rights will see the Group add horseracing from Ireland and Chelmsford City to its Pay TV and streaming propositions. The arrangement will also see the Group and SIS partner to put in place alternative arrangements to address international betting markets.

In 2017 ITV became the domestic terrestrial TV partner for the business, following thirty years of Channel 4 being the principal broadcaster of horseracing in the UK. ITV has been lauded for its coverage and has successfully grown audience size.

In early 2014 the Group launched a joint venture (Racecourse Data Company Limited) to license exclusively pre-raceday data for onward provision to a range of media and bookmaker clients. It reported a profit after taxation in 2017 of £610,000 (2016:£433,000).

The Group's balance sheet discloses shareholders' funds amounting to £3,410,000 as shown on page 11. This is in line with the directors' expectations. The directors' ability to vary the level of licence fees and timing of payments together with the level of cash balances provide sufficient working capital for the business to finance its activities.

Going Concern

The board has prepared financial forecasts for the current and subsequent trading periods, which indicate that the Group will have sufficient resources to continue in operational existence for the foreseeable future and enable it to meet its liabilities as they fall due.

Company Registration No. 06544004

Strategic report for the year ended 31 December 2017 (cont'd)

The Group's operational performance in the current financial year is in conformity with these forecasts and, based upon all the evidence available to the board, the directors consider it appropriate to prepare the financial statements on the going concern basis.

The directors believe that the business has good growth prospects and have prepared budgets and plans that reflect this.

Strategy

The Group's principal objective is to maximise the value of licence fees payable to its licensor racecourses and to deliver sustainable levels of growth in the value of those licence fees.

This is achieved through exploiting the content via direct broadcast and onward licence arrangements with broadcasters and distributors. There has been no change in the strategy of the business going forward.

Principal risks and uncertainties

The principal risks and uncertainties affecting the Group are as follows:

Media rights licences.

The business relies on media rights licences granted by its licensor racecourses. During 2017 substantially all racecourse licence agreements were extended through to 31 December 2023. This provides an appropriate level of confidence that the business will be able to continue to operate for the foreseeable future.

Economic environment

As a discretionary purchase, Pay TV subscriptions could potentially be exposed to a reduction in consumer demand should the economic environment worsen. However, the trading history of the Racing UK channel has shown a high level of resilience and consequently the directors believe that the quality of content of the channel and the strength of the home entertainment sector in the recent years provides significant mitigation to this risk.

A consequence of the UK leaving the European Union is the risk of a negative impact on the economy. The directors at this early stage have not undertaken a detailed review of this but it is believed that the business has sufficient headroom to deal with all reasonable scenarios.

Reliance on key distributors

The business' exposure to key distributors is limited as a result of directly retailing the residential channel and distributing content internationally via a joint venture (GBI Racing Limited) with Attheraces Holdings Limited. After the balance sheet date the Group announced that it would not renew its joint venture with GBI Racing Limited and would instead contract directly with international clients.

Currency fluctuation

The business is exposed to the effects of currency fluctuation through its international activities. The directors consider the level of this exposure adequately manageable within the scale of the overall business.

The Group's ability to adjust ongoing licence fee payments to racecourses together with GBI Racing Limited's policy of currency hedging substantially mitigates the impact of these risks and uncertainties.

Financial risk management objectives and policies.

Details of the Groups' financial risk management objectives and policies are set out in note 22 to the financial statements.

Key Performance Indicators ("KPIs")

The Group has made good progress during the year. The Group uses turnover and licence fees as performance indicators. Group turnover was £66,345,000 (2016: 58,826,000). Licence fees are shown within note 3.

Directors' responsibilities statement

The directors are responsible for preparing the Strategic Report and Directors' Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law, including FRS 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland'). Under company law¹ the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs and profit or loss of the company and group for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Group will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Group and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The directors confirm that:

- so far as each director is aware, there is no relevant audit information of which the Group's auditor is unaware; and
- the directors have taken all the steps that they ought to have taken as directors in order to make themselves aware of any relevant audit information and to establish that the company's auditor is aware of that information.

The directors are responsible for preparing the annual report in accordance with applicable law and regulations. Having taken advice from the Audit Committee, the directors consider the annual report and the financial statements, taken as a whole, provides the information necessary to assess the Group's performance, business model and strategy and is fair, balanced and understandable. The directors are responsible for the maintenance and integrity of the corporate and financial information included on the company's website. Legislation in the United Kingdom governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

To the best of my knowledge:

- the Group financial statements, prepared in accordance with United Kingdom Generally
 Accepted Accounting Practice, give a true and fair view of the assets, liabilities, financial position
 and profit or loss of the company and the undertakings included in the consolidation taken as a
 whole; and
- the Strategic Report and Directors' Report include a fair review of the development and
 performance of the business and the position of the company and the undertakings included in
 the consolidation taken as a whole, together with a description of the principal risks and
 uncertainties that they face.

Directors' responsibilities statement (cont.)

Statement as to disclosure of information to auditor

The directors who were in office on the date of approval of these financial statements have confirmed, as far as they are aware, that there is no relevant audit information of which the auditor is unaware. Each of the directors have confirmed that they have taken all the steps that they ought to have taken as directors in order to make themselves aware of any relevant audit information and to establish that it has been communicated to the auditor.

Auditor

The Group changed auditors during the year from RSM UK Audit LLP to Grant Thornton UK LLP who are deemed to be re-appointed under section 487(2) of the Companies Act 2006.

Independent auditor's report to the members of Racecourse Media Group Limited

Opinion

We have audited the financial statements of Racecourse Media Group Limited (the 'Parent company') and its subsidiaries (the 'Group') for the year ended 31 December 2017 which comprise the Group Statement of Comprehensive Income and Retained Earnings and the Group Statement of Financial Position, Company Statement of Financial Position, Group Statement of Changes in Equity, Company Statement of Changes in Equity and Group Cash Flow Statement and notes to the financial statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' (United Kingdom Generally Accepted Accounting Practice). In our opinion, the financial statements:

- give a true and fair view of the state of the Group's and of the Parent company's affairs as at 31 December 2017 and of the group's profit for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the group and the parent company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Who we are reporting to

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Conclusions relating to going concern

We have nothing to report in respect of the following matters in relation to which the ISAs (UK) require us to report to you where:

- the directors' use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
- the directors have not disclosed in the financial statements any identified material uncertainties
 that may cast significant doubt about the group's or the parent company's ability to continue to
 adopt the going concern basis of accounting for a period of at least twelve months from the date
 when the financial statements are authorised for issue.

Independent auditor's report to the members of Racecourse Media Group Limited (cont'd)

Other information

The directors are responsible for the other information. The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the strategic report and the directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the strategic report and the directors' report have been prepared in accordance with applicable legal requirements.

Matter on which we are required to report under the Companies Act 2006

In the light of the knowledge and understanding of the group and the parent company and its environment obtained in the course of the audit, we have not identified material misstatements in the strategic report or the directors' report.

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept by the parent company, or returns adequate for our audit have not been received from branches not visited by us; or
- the parent company financial statements are not in agreement with the accounting records and returns; or
- · certain disclosures of directors' remuneration specified by law are not made; or
- · we have not received all the information and explanations we require for our audit.

Responsibilities of directors for the financial statements

As explained more fully in the Directors' Responsibilities Statement set out on page 5-6, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the group's and the parent company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the group or the parent company or to cease operations, or have no realistic alternative but to do so.

Independent auditor's report to the members of Racecourse Media Group Limited (cont'd)

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Company Registration No. 06544004

Notes to the financial statements for the year ended 31 December 2017

Racecourse Media Group Limited is a limited company domiciled and incorporated in England.

The address of the Company's registered office is 10th Floor, The Met Building, 22 Percy Street, London, W1T 2BU and the principal place of business is 3rd Floor, Gillingham House, 38 - 44 Gillingham Street, London, SW1V 1HU.

1. Accounting policies

a) Basis of preparation

These financial statements of Racecourse Media Group are prepared in accordance with Financial Reporting Standard 102 "the Financial Reporting Standard applicable in the UK and Republic of Ireland" ("FRS 102") and the requirements of the Companies Act 2006, including the provisions of the Large and Medium-sized Companies and Groups (Accounts and Reports) Regulations 2008, and under the historical cost convention.

Monetary amounts in these financial statements are rounded to the nearest whole £1,000, except where otherwise indicated

The Group's principal activities are disclosed in the strategic report.

b) Basis of consolidation

The consolidated financial statements include the financial statements of the company and its subsidiary undertakings together with the Group's share of the results of its joint ventures. Sales and associated costs between the Group and the joint ventures are eliminated against the joint venture. The acquisition method of accounting has been adopted for subsidiary undertakings. Under this method the results of the subsidiary undertakings acquired or disposed of in the year are included in the consolidated profit and loss account from the date of acquisition or up to the date of disposal. Undertakings in which the Group has a long term interest and shares control under a contractual arrangement are defined as joint ventures. Joint ventures are accounted for using the gross equity method.

All intercompany transactions and balances between group companies are eliminated on consolidation.

The group financial statements consolidate the financial statements of Racing UK Limited and joint ventures of GBI Racing Limited and Racecourse Data Company Limited drawn up to 31 December each year.

The company has taken advantage of the exemption from disclosing the following information in its company only accounts, as permitted by the reduced disclosure regime within FRS 102:

 Section 7 'statement of cash flows' – Presentation of a Statement of Cash Flow and related notes and disclosures.

The Financial Statements of the company are consolidated in these financial statements.

c) Turnover

Turnover, which excludes value added tax, represents the income receivable in respect of the principal activities of marketing and managing the media rights for the 37 racecourses that have licensed their rights to the Group.

1. Accounting policies (cont'd)

c) Turnover (cont'd)

Turnover, which excludes value added tax, represents the income in respect of the principal activities of marketing and managing the media rights for the 37 racecourses that have licensed their rights to the Group. Amounts received for terrestrial rights and subscriptions are recognised over the life of the contracts. Amounts received for streaming are recognised as the services are provided

d) Other Income

Interest income is accrued on a time apportioned basis, by reference to the principal outstanding at the effective interest rate.

e) Employee benefits

The costs of short term employee benefits are recognised as a liability and an expense unless those costs are required to be recognised as part of the costs of stock or are capitalised as an intangible fixed asset or tangible fixed asset.

f) Tangible fixed assets

Tangible fixed assets are initially measured at cost and subsequently measured at cost net of depreciation and any impairment losses.

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Computer equipment - 33% straight line
Office equipment - 10%-33% straight line
Motor vehicles - 25% reducing balance

g) Intangible fixed assets - Other than Goodwill

Intangible fixed assets comprise computer software which is being amortised over its useful economic life as follows:

Software - 3 years straight line.

h) Intangible fixed assets - Goodwill

Goodwill arising on consolidation is initially recognised as an asset at cost and then subject to amortisation on a straight line basis over 10 years representing in the directors' view the minimum period over which the benefits of the goodwill will be realised. Goodwill is reviewed for impairment and any impairment is recognised immediately in the consolidated profit and loss statement.

i) Operating leases

Rentals payable under operating leases are charged to the profit and loss account on a straight line basis over the lease term.

Notes to the financial statements for the year ended 31 December 2017 (cont'd)

1. Accounting policies (cont'd)

j) Pension scheme arrangements

The Group operates a contributory defined contribution pension scheme. Payments are made to the fund and charged in the financial statements as part of employment costs as incurred.

k) Foreign currencies

Monetary assets and liabilities denominated in foreign currencies are translated into sterling at the exchange rates ruling at the end of the financial year. Transactions in denominated currencies are translated into sterling at the exchange rate ruling on the date payment takes place or contractually specified as applicable. Any resultant foreign exchange differences are taken to the income statement in the period in which they arise.

I) Taxation

The tax expense represents the sum of the current tax expense and deferred tax expense. Current tax assets are recognised when tax paid exceeds the tax payable.

Deferred tax is calculated at the rates that are expected to apply to the period when the asset is realised or the liability is settled based on tax rates that have been enacted or substantively enacted by the reporting date. Deferred tax is not discounted.

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events that result in an obligation to pay more tax in the future or a right to pay less tax in the future have occurred at the balance sheet date. Timing differences are differences between taxable profits and the results as stated in the financial statements that arise from the inclusion of gains and losses in tax assessments in periods different from those in which they are recognised in the financial statements.

m) Going concern

The Group made profits before interest, tax and licence fees of £39,518,368 in the year ended 31 December 2017 As shown on page 11, the statement of financial position discloses shareholders' funds amounting to £3,410,000. This is line with directors' expectations. The board has prepared financial forecasts for the current and subsequent trading periods which indicate that the Group will have sufficient resources to continue in operational existence for the foreseeable future and enable it to meet its liabilities as they fall due.

The Group's operational performance in the current financial year is in conformity with the forecasts prepared and, based upon all the evidence available to the board the directors consider it appropriate to prepare the financial statements on the going concern basis.

n) Financial instruments

Financial instruments and equity instruments are classified according to the substance of the contractual arrangements entered into. An equity instrument is any contract that evidences a residual interest in the assets of the entity after deducting all of its financial liabilities.

Trade and other debtors

Trade and other debtors are recognised and carried forward at invoices amounts less provisions for any doubtful debts. Bad debts are written off when identified.

Notes to the financial statements for the year ended 31 December 2017 (cont'd)

1. Accounting policies (cont'd)

n) Financial instruments (cont'd)

Cash and cash equivalents

Cash and cash equivalents are included in the balance sheet at cost. Cash and cash equivalents comprise cash at bank and in hand and short terms deposits with an original maturity of three months or less.

Trade and other creditors

Trade and other creditors are recognised at cost.

Derivatives

Derivatives are initially recognised at fair value on the date a derivative contract is entered into and are subsequently re-measured to fair value, at each reporting date. Fair value gains and losses are recognised in profit and loss unless hedge accounting is applied and the hedge is a cashflow hedge.

o) Judgements in applying accounting policies and key sources of estimation uncertainty

The group makes estimates and assumptions concerning the future. The resulting accounting estimates and assumptions will by definition, seldom equal the related actual results. The estimates and assumptions that have a significant risk of causing material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below.

An assumption has been applied regarding the recognition of revenues relating to certain contract revenues. These are recognised and phased in accordance with the stage of completion of the project, where costs are incurred to complete can be measured reliably.

2. Geographical analysis

Turnover is attributable to the principal activities of the Group and is derived from the following geographical locations:

	2017 £'000	2016 £'000
UK and Ireland	44,764	41,727
Rest of World	21,581	17,099
	66,345	58,826

Turnover derived in the United Kingdom and Republic of Ireland is primarily from the exploitation of horseracing content via contracts with broadcasters, direct subscriptions and internet video-streaming.

Turnover derived in the Rest of the World is from licence agreements for the distribution of horse racing content.

(b) Financial risk management objectives

The Group's activities involve analysis, acceptance and management of some degree of risk or combination of risks. The most important types of financial statement risk are credit risk and liquidity risk.

The Group's risk management policies are designed to identify and analyse these risks, to set appropriate risk limits and controls and to monitor the risks and limits continually by means of reliable up-to-date systems. The Group modifies and enhances its risk management policies and systems to reflect changes in markets and products.

(c) Foreign currency risk

Whilst the Group's trading activities are predominantly sterling based, a significant proportion of its revenue originates in other currencies mainly Euro from the Group's international distribution. The risk in the carrying value of foreign currency amounts is mitigated by minimising foreign currency balances and converting to sterling at regular intervals whilst the Group's GBI Racing Limited joint venture undertakes hedges to limit exposure to exchange rate volatility.

The Group uses foreign currency forward contract to manage some of the foreign exchange risk of future transactions and cashflows. The contracts are valued based on available market data.

(d) Finance and interest rate risk

The Group finances its operations through its cash balances. It renewed a revolving credit facility in 2016.

No interest rate hedging agreement is currently in place given the level of cash. The Board does not consider fluctuations in interest rates to pose a significant risk to the Group.

The Group does not enter into or trade financial instruments, including derivative financial instruments, for speculative purposes.

22. Financial instruments cont'd

(e) Credit risk

Credit risk is the risk that financial loss arises from the failure of a customer or counterparty to meet its obligations under a contract. The Group has dedicated standards, policies and procedures to control and monitor all such risks.

Although the Group is potentially exposed to credit loss in the event of non-performance by counterparties, such credit risk is controlled through reviews of counterparties and limiting the exposure to any single counterparty.

Customer debtor balances are monitored on an ongoing basis and provision is made for estimated irrecoverable amounts.

(f) Liquidity risk management

The Group has managed its cash in a manner designed to ensure maximum benefit is gained, whilst ensuring security of investment sources. The Group's policy on investment of surplus funds limits the placing of deposits to institutions with strong credit ratings.

The Group manages liquidity risk by maintaining adequate short term borrowing facilities and by continuously monitoring forecast and actual cash flows.

(g) Fair values

There is no material difference between the fair value of the Group's financial assets and liabilities and their book value.

23. Control

The directors administer the Group in accordance with the articles of association. There is no single controlling party.

24. Post balance sheet events

After the balance sheet date the Group announced it would not renew the GBI Racing Limited Joint Venture after expiry of the current term ending 31 December 2018.

After the balance sheet date the Group exercised its option to acquire 25.1% in Boscabet DAC.

After the balance sheet date, Amalgamated Racing Limited ceased to trade on expiry of its rights effective on 1st April 2018 and consequently the Group ceased to provide services to Amalgamated Racing from that date.

25. Reserves

Share capital

Share capital represents the nominal value of shares issued.

Profit and loss account

Includes all current and prior period retained profits and losses.

26. Contingent Liabilities

There were no contingent liabilities at 31 December 2017 or 31 December 2016

27. Capital Commitments

The Group had no capital commitments at 31 December 2017 or 31 December 2016

28. Pension

The Group operates a defined contribution pension scheme. The Group pays fixed contributions into an independently administered entity. The pension cost charge represents contributions payable by the Group to the fund and amounted to £369,238 (2016: £414,295). Contributions totalling £66,214 (2016: £76,790) were payable to the fund at the balance sheet date.

29. Related Party transactions

The Group has taken advantage of the exemption available and has not disclosed transactions with wholly owned group companies headed by Racecourse Media Group Ltd., the ultimate parent undertaking which forms part of the Group.

30. Prior Year Restatement

The Group provides broadcast services to member racecourses as part of a cost sharing arrangement. The total value of these sales in the year was £3,029,000 (2016: £2,953,000).

The Group acts as principal in contracting for these broadcast services and as a result other operating income has been adjusted for in the prior year income statement. The impact on the 2016 accounts has been an increase of £2,953,000 to both other operating income and operating expenses.
