Principal risks and uncertainties

The management and reporting of risk is undertaken at Group level, rather than at an individual business unit level. The principal risks and uncertainties of Stagecoach Group plc, which includes those of the Company, are discussed in the Operating and Financial Review (paragraph 3.10) of the Group's 2011 annual report, which does not form part of this report.

Key performance indicators ("KPIs")

The Company's activities expose it to a variety of financial risks including the effects of changes in interest rates, credit risk and commodity prices. The effects of changes in interest rates and commodity prices are managed at a group level by a central Group treasury function. All credit checks are performed centrally by Stagecoach Services Limited, a fellow group company.

Statement of directors' responsibilities

The directors are responsible for preparing the Directors' Report and the financial statements in accordance with applicable law and regulations

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have prepared the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period. In preparing these financial statements, the directors are required to

- select suitable accounting policies and then apply them consistently,
- make judgements and accounting estimates that are reasonable and prudent,
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements,
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The directors are responsible for the maintenance and integrity of the Company's website. Legislation in the United Kingdom governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

Each director, as at the date of this report, has confirmed that insofar as they are aware there is no relevant audit information (that is, information needed by the Company's auditors in connection with preparing their report) of which the Company's auditors are unaware, and they have taken all steps that they ought to have taken as a director in order to make themselves aware of any relevant audit information and to establish that the Company's auditors are aware of that information.

Notes to the financial statements

For the year ended 30 April 2011

1 Accounting policies

The principal accounting policies, all of which have been applied consistently throughout the year and the preceding year, are

a) Basis of accounting

The financial statements are prepared on the going concern basis, under the historical cost convention, and in accordance with the Companies Act 2006 and applicable accounting standards in the United Kingdom

The Company is not required to prepare a cash flow statement under FRS 1 (revised), because it is a wholly owned subsidiary of Stagecoach Group plc, which prepares consolidated financial statements which are publicly available

b) Turnover

Turnover represents fare revenue receivable in respect of the period. The directors regard the Company's business activities, which are carried out wholly in the United Kingdom, as being of one class

c) Taxation

In accordance with FRS 16, Corporation tax is provided on taxable profits at the current rate. Tax charges and credits are accounted for through the same primary statement (either the profit and loss account or the statement of total recognised gains and losses) as the related pre tax item

In accordance with FRS 19, full provision is made for deferred tax on a non-discounted basis

Tax, current and deferred is calculated using tax rates and laws enacted or substantively enacted at the balance sheet date

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date, where transactions or events that result in an obligation to pay more tax in the future or a right to pay less tax in the future have occurred at the balance sheet date

A net deferred tax asset is recognised as recoverable and therefore recognised only when, on the basis of all available evidence, it can be regarded as more likely than not that there will be suitable taxable profits against which to recover carried forward tax losses and from which the future reversal of underlying timing differences can be deducted. Deferred tax is measured at the average tax rates that are expected to apply in the periods in which the timing differences are expected to reverse, based on tax rates and laws that have been enacted or substantively enacted by the balance sheet date

Notes to the financial statements (continued)

For the year ended 30 April 2011

2 Segmental information
