Strategic report

The Directors present their strategic report for the year ended 30 September 2020.

Principal activities

The principal activity of the Company is that of project work, investigating new business opportunities in the UK. The Company also provides management services to fellow group companies.

The Company is privately owned and limited by shares. Details of the ownership of the Company are given in note 17, and the amount of shares in issue is shown in note 15.

Review of the business

The results of the business can be seen in the statement of comprehensive income on page 6 and the statement of financial position on page 7. Revenue is broadly in line with the prior year; the slight reduction reflects more costs remaining within the Company as project development activity has increased. In the year to 30 September 2020 there have been no projects completed and therefore no recharges of costs included within revenue (2019: £nil). Administrative expenses have increased due to investing £1.8m on project development costs and £0.4m due to an increase in headcount resulting in higher salary, pension and travel costs. The Company received dividends of £6m from two subsidiaries (2019: £1m from one subsidiary). Overall, the Directors are pleased with the results of the Company and the ongoing development projects and future growth of the Company.

Key performance indicators

In the year ended 30 September 2020 the Company did not complete any projects (2019: nil), however, there has been substantial progress made with other project opportunities. Projects can take 3 to 5 years to deliver and currently there is no project expected to generate revenue in the next 12 months. The only other performance indicator used by the Directors is numbers of staff employed which have increased from 19 to 26.

Financial risk management

The Company's operations expose it to financial risks including credit risk, liquidity risk, foreign currency risk and regulatory risk. The Company has in place a number of financial risk management policies that seek to limit potential adverse effects on the financial performance of the Company by monitoring the levels of cash and financial instruments held.

Credit risk

Credit risk arises on credit exposure to its customer base. The Company limits its exposure to such customers by means of a policy of credit checking all potential customers as part of the on-boarding process. Customer debt is actively monitored and appropriate action taken on any potential exposures.

Liquidity risk

Cash deposits are maintained to ensure that the Company has sufficient available funds for operations. The Company does not use derivative financial instruments to manage interest rate exposure and therefore no hedge accounting is applied.

Foreign currency risk

The Company has financial instruments which are denominated in Euros. The gains and losses arising from the Company's exposure are recognised in the statement of comprehensive income.

Research and development

The Company is currently not undertaking any research and development work.

Future developments

The Directors do not foresee any change in the Company's principal activity.

Going Concern

The Directors believe that the Company is well placed to manage its business risks and that the Company has adequate resources to continue its operations for the foreseeable future. With the outbreak of the COVID-19 pandemic in March 2020, the Directors have since carried out various assessments as to the possible effects on the business of the Company and the group. As far as possible, mitigating actions have been taken in order to reduce the risks to staff and to protect profitability of the business. Accordingly, having also received a letter of support from the parent company, the Directors have continued to adopt the going concern basis of accounting in the preparation of these financial statements.

On behalf of the board

P M Carey
Director

 March 2021

Directors' report

The Directors present their Directors' report and audited financial statements for the Company for the year ended 30 September 2020.

Principal activities

The principal activity of the Company is that of project work and investigating new business opportunities in the UK.

Directors

The Directors of the Company who were in office during the year and up to the date of signing the financial statements are:

P M Carey
U Zickert (resigned 30 September 2020)
M A Turner
P R Knapp (appointed 1 November 2020)

Dividends

There were no dividends paid during the year (2019: £nil). The Directors do not recommend payment of a final dividend in respect of the year (2019: £nil).

Political and charitable contributions

The Company made no political or charitable donations during the year (2019: £nil).

COVID-19

As a result of the COVID -19 pandemic the Directors have carried out an assessment of possible effects on the Company's business. Areas reviewed include the effect of loss of key operational staff due to a need to isolate, reduced supplies of fuel and consumables, ability of key suppliers to carry out maintenance and unfavourable movement in prices.

Mitigating actions have been taken as necessary to reduce the risks to staff, and to protect profitability.

UK departure from the European Union

With effect from 1 January 2021, the Company has been affected by the UK departure from the European Union in respect of the following matters.

Employment

The Company is part of a German owned group and benefits from a sharing of technical knowledge with colleagues in other parts of the group. Staff travel to and from Germany on a regular basis and there are also periods of extended secondment for certain technical staff. These activities will be made more onerous, but this will not significantly affect the operations of the Company.

Directors' indemnities

As permitted by the Articles of Association, the Directors have the benefit of an indemnity which is a qualifying third party indemnity provision as defined by Section 234 of the Companies Act 2006. The indemnity was in force throughout the last financial year and is currently in force. The Company also purchased and maintained throughout the financial year Directors' and officers' liability insurance in respect of itself and its Directors.

Disclosure of information to auditors

The Directors who held office at the date of approval of this Directors' report confirm that, so far as they are each aware, there is no relevant audit information of which the Company's auditors are unaware; and each director has taken all the steps that he ought to have taken as a director to make himself aware of any relevant audit information and to establish that the Company's auditors are aware of that information.

Independent Auditors

The auditors, PricewaterhouseCoopers.LLP, will be proposed for reappointment in accordance with section 485 of the Companies Act 2006.

On behalf of the board

 March 2021

Statement of Directors' responsibilities in respect of the financial statements

The Directors are responsible for preparing the Annual Report and the financial statements in accordance with applicable law and regulation.

Company law requires the Directors to prepare financial statements for each financial year. Under that law the Directors have prepared the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards, comprising FRS 101 "Reduced Disclosure Framework", and applicable law). Under Company law the Directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period. In preparing the financial statements, the Directors are required to:

- select suitable accounting policies and then apply them consistently;
- state whether applicable United Kingdom Accounting Standards, comprising FRS 101, have been followed, subject to any material departures disclosed and explained in the financial statements;
- make judgements and accounting estimates that are reasonable and prudent; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The Directors are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The Directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act 2006.

Directors' confirmations

In the case of each Director in office at the date the Directors' report is approved:

- so far as the Directors are aware, there is no relevant audit information of which the Company's auditors are unaware; and
- they have taken all the steps that they ought to have taken as Directors in order to make themselves aware of any relevant audit information and to establish that the Company's auditors are aware of that information.

Independent auditors' report to the members of MVV Environment Limited

Report on the audit of the financial statements

Opinion

In our opinion, MVV Environment Limited's financial statements:

- give a true and fair view of the state of the company's affairs as at 30 September 2020 and of its profit for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards, comprising FRS 101 "Reduced Disclosure Framework", and applicable law); and
- have been prepared in accordance with the requirements of the Companies Act 2006.

We have audited the financial statements, included within the Annual report and financial statements (the "Annual Report"), which comprise: the statement of financial position as at 30 September 2020; the statement of comprehensive income, the statement of changes in equity for the year then ended; and the notes to the financial statements, which include a description of the significant accounting policies.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) ("ISAs (UK)") and applicable law. Our responsibilities under ISAs (UK) are further described in the Auditors' responsibilities for the audit of the financial statements section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence

We remained independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, which includes the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements.

Conclusions relating to going concern

We have nothing to report in respect of the following matters in relation to which ISAs (UK) require us to report to you where:

- the directors' use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
- the directors have not disclosed in the financial statements any identified material uncertainties that may cast significant doubt about the company's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the financial statements are authorised for issue.

However, because not all future events or conditions can be predicted, this statement is not a guarantee as to the company's ability to continue as a going concern.

Reporting on other information

The other information comprises all of the information in the Annual Report other than the financial statements and our auditors' report thereon. The directors are responsible for the other information. Our opinion on the financial statements does not cover the other information and, accordingly, we do not express an audit opinion or, except to the extent otherwise explicitly stated in this report, any form of assurance thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If we identify an apparent material inconsistency or material misstatement, we are required to perform procedures to conclude whether there is a material misstatement of the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report based on these responsibilities.

With respect to the Strategic Report and Directors' Report, we also considered whether the disclosures required by the UK Companies Act 2006 have been included.

Based on the responsibilities described above and our work undertaken in the course of the audit, ISAs (UK) require us also to report certain opinions and matters as described below.

Independent auditors' report to the members of MVV Environment Limited (continued)

Reporting on other information (continued)

Strategic Report and Directors' Report

In our opinion, based on the work undertaken in the course of the audit, the information given in the Strategic Report and Directors' Report for the year ended 30 September 2020 is consistent with the financial statements and has been prepared in accordance with applicable legal requirements.

In light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we did not identify any material misstatements in the Strategic Report and Directors' Report.

Responsibilities for the financial statements and the audit

Responsibilities of the directors for the financial statements

As explained more fully in the Statement of Director's responsibilities in respect of the financial statements set out on page 3, the directors are responsible for the preparation of the financial statements in accordance with the applicable framework and for being satisfied that they give a true and fair view. The directors are also responsible for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

Auditors' responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the FRC's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditors' report.

Use of this report

This report, including the opinions, has been prepared for and only for the company's members as a body in accordance with Chapter 3 of Part 16 of the Companies Act 2006 and for no other purpose. We do not, in giving these opinions, accept or assume responsibility for any other purpose or to any other person to whom this report is shown or into whose hands it may come save where expressly agreed by our prior consent in writing.

Other required reporting

Companies Act 2006 exception reporting

Under the Companies Act 2006 we are required to report to you if, in our opinion:

- we have not received all the information and explanations we require for our audit; or
- adequate accounting records have not been kept by the company, or returns adequate for our audit have not been received from branches not visited by us; or
- certain disclosures of directors' remuneration specified by law are not made; or
- the financial statements are not in agreement with the accounting records and returns.

We have no exceptions to report arising from this responsibility.

Notes

(forming part of the financial statements)

1 Accounting policies

MVV Environment Limited (the "Company") is a Company incorporated and domiciled in England, UK.

1.1 Basis of preparation

i) Historical cost convention

The financial statements are prepared on the historical cost basis, as explained in the accounting policies below, and in accordance with the Companies Act 2006 and United Kingdom Accounting Standards – Financial Reporting Standard 101 Reduced Disclosure Framework ("FRS 101"). Historical cost is generally based on the fair value of the consideration given in exchange of assets. The principal accounting policies that have been applied consistently throughout the period are set out below.

ii) New and amended standards adopted by the Company

In the year to 30 September 2019, the Company early adopted IFRS 16 Leases - IFRS 16 requires mandatory adoption for accounting periods commencing after 1 January 2019, however, the Company decided to early adopt this standard, given that its accounting period commenced after 1 January 2018. The early adoption of IFRS 16 did result in amendments to the financial statements and the impact of these amendments was disclosed in the previous financial statements.

iii) New standards and interpretations not yet adopted

Certain new accounting standards and interpretations have been published that are not mandatory for 30 September 2020 reporting periods and have not been early adopted by the Company. Details of these are disclosed under 1.12 Adopted IFRS not yet applied on page 12.

1.2 Going concern

The Directors believe that the Company is well placed to manage its business risks and that the Company has adequate resources to continue its operations for the foreseeable future. In addition, the Directors have received assurance from the Group that they will continue to support the Company for the foreseeable future. Accordingly, the Directors have continued to adopt the going concern basis of accounting in the preparation of these financial statements

1.3 Revenue

Revenue is measured at the fair value of the consideration received or receivable, and represents amounts receivable for services provided, which is then stated net of value added taxes. The Company recognises revenue when performance obligations have been satisfied and given the nature of the Company's activities. Due to the nature of the Company's activities, they are not subject to returns.

1.4 Expenses

Financing income and expenses

Financing expenses comprise interest payable and net foreign exchange losses. Financing income comprise interest receivable on funds invested, dividend income, and net foreign exchange gains.

Interest income and interest payable is recognised in profit or loss as it accrues, using the effective interest method. Dividend income is recognised in the income statement on the date the entity's right to receive payments is established. Foreign currency gains and losses are reported on a net basis.

Notes (continued)
(forming part of the financial statements)

1 Accounting policies (continued)

1.5 Taxation

Tax on the profit or loss for the year comprises current and deferred tax. Tax is recognised in the income statement except to the extent that it relates to items recognised directly in equity, in which case it is recognised in equity.

Current tax is the expected tax payable or receivable on the taxable income or loss for the year, using tax rates enacted or substantively enacted at the reporting date, and any adjustment to tax payable in respect of previous years.

Deferred tax is recognised on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements, as well as on unused tax losses or tax credits in the Company. Deferred tax is determined using tax rates enacted or substantively enacted at the reporting date.

The carrying amount of deferred tax liabilities are reviewed and adjustment for annually. However, the carrying amount of deferred tax assets are reviewed at each reporting date, but assets in relation to unused tax losses are only recognised to the extent that they are able to be utilised against taxable profits in the future. If there is uncertainty as to whether there will be future taxable profits of the Company, these deferred tax assets are not recognised.

1.6 Employee benefits

The obligations for contributions to defined contribution scheme are recognised as an expense as incurred. The assets of the scheme are held separately from those of the Company in an independently administered fund.

1.7 Tangible assets

Tangible fixed assets are stated at cost less accumulated depreciation and accumulated impairment losses.

Depreciation is charged to the Statement of comprehensive income so as to write off their value, less any residual value, over the estimated lives, using the straight-line method, or reducing balance method if more appropriate.

Useful economic lives:

Motor vehicles	8 years straight line
Computer equipment	3 years straight line
Right of use assets	Over the life of the lease

1.8 Non-derivative financial instruments

Non-derivative financial instruments comprise investments in equity and debt securities, trade and other receivables, cash and cash equivalents, loans and borrowings, and trade and other payables.

Trade and other receivables

Trade and other receivables are recognised initially at fair value. Subsequent to initial recognition they are measured at amortised cost using the effective interest method, less any impairment losses for bad and doubtful debts except where the effect of discounting would be immaterial. In such cases, the receivables are stated at cost less impairment for bad and doubtful debts.

Trade and other payables

Trade and other payables are recognised initially at fair value. Subsequent to initial recognition they are measured at amortised cost using the effective interest method unless the effect of discounting would be immaterial, in which case they are stated at cost.

1.9 Derivative financial instruments

Derivative financial instruments are initially recognised at fair value. Subsequent to initial recognition they are measured at fair value using a market to market pricing model. Changes in the fair value are recognised in the statement of comprehensive income in the year of change.

1.10 Financial assets

In the event the Company were to impair its financial assets, the impairment charge in the statement of comprehensive income would include the change in expected credit losses for financial assets held at amortised cost. Expected credit losses are calculated by using an appropriate probability of default, adjusted to take into account a range of possible future economic scenarios, and applying this to the estimated exposure of the Company at the point of default after taking into account the value of any collateral held or other mitigants of loss.

At initial recognition, allowance is made for expected credit losses resulting from default events that are possible within the next 12 months (12-month expected credit losses). In the event of a significant increase in credit risk, allowance is made for expected credit losses resulting from all possible default events over the expected life of the financial instrument (lifetime expected credit losses). Financial assets where 12-month expected credit losses are recognised are considered to be Stage 1; financial assets which are considered to have experienced a significant

Notes *(continued)*
(forming part of the financial statements)

1 Accounting policies *(continued)*

1.10 Financial assets *(continued)*

increase in credit risk are in Stage 2; and financial assets which have defaulted or are otherwise considered to be credit impaired are allocated to Stage 3.

An assessment of whether credit risk has increased significantly since initial recognition considers the change in the risk of default occurring over the remaining expected life of the financial instrument. The assessment is unbiased, probability-weighted and uses forward-looking information consistent with that used in the measurement of expected credit losses. However, unless identified at an earlier stage, the credit risk of financial assets is deemed to have increased significantly when more than 30 days past due. Where the credit risk subsequently improves such that it no longer represents a significant increase in credit risks on origination, the asset is transferred back to Stage 1.

For financial instruments that are considered to have low credit risk, the credit risk is assumed to not have increased significantly since initial recognition. Financial instruments are considered to have low credit risk when the borrower is considered to have a low risk of default from a market perspective, such as external bank accounts.

Assets are transferred to Stage 3 when they have defaulted or are otherwise considered to be credit impaired. IFRS 9 contains a rebuttable presumption that default occurs no later than when a payment is 90 days past due. The Company uses this 90 day backstop.

1.11 Leased assets

The Company leases various assets such as motor vehicles. Rental contracts are typically made for fixed periods, comprising different term periods but these may also have extension options, or points in which contracts can be terminated early.

Contracts may contain both lease and non-lease components. The Company allocates consideration in the contract to the lease and non-lease components based on their relative stand-alone prices. However, for leases of land and buildings, for which the Company is a lessee and for which it has major leases, it has elected not to separate these individual components and instead accounts for these as a single lease component.

Lease terms are negotiated on an individual basis and contain a wide range of different terms and conditions. The lease agreements do not impose any covenants other than the security interests in the leased assets that are held by the lessor. Leased assets may not be used as security for borrowing purposes.

Leases are recognised as a right of use asset and a corresponding lease liability at the date at which the leased asset is available for use by the Company.

Assets and liabilities arising from a lease are initially measured on a present value basis. Lease liabilities include the net present value of the following lease payments:

- Fixed payments (including in-substance fixed payments), less any lease incentives receivable;
- Variable lease payments that are based on an index or a rate, initially measured using the index or rate as at the commencement date;
- Amounts expected to be payable by the Company under residual value guarantees;
- The exercise price of a purchase option if the Company is reasonably certain to exercise that option; and
- Payments of penalties for terminating the lease, if the lease term reflects the Company exercising that option.

Lease payments to be made under reasonably certain extension options are also included in the measurement of the liability.

The lease payments are discounted using the interest rate implicit in the lease. If that rate cannot be readily determined, which is generally the case for leases in the Company, the lessee's incremental borrowing rate is used, being the rate that the individual lessee would have to pay to borrow funds necessary to obtain an asset of similar value to the right of use asset in a similar economic environment with similar terms, security and conditions.

Notes (continued)
(forming part of the financial statements)

1 Accounting policies (continued)

1.11 Leased assets (continued)

The Company is exposed to potential future increases in variable lease payments based on an index or rate, which are not included in the lease liability until they take effect. When the adjustments to lease payments based on an index or rate take effect, the lease liability is reassessed and adjusted against the right of use asset.

Lease payments are allocated between principal and finance cost. The finance cost is charged to the statement of comprehensive income over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability in each period.

Right of use assets are measured at cost comprising the following:

- The amount of the initial measurement of the lease liability;
- Any lease payments made at or before the commencement date less any lease incentives received;
- Any initial direct costs; and
- Restoration costs

Right of use assets are generally depreciated over the shorter of the asset's useful life and the lease term on a straight line basis. If the Company is reasonably certain to exercise a purchase option, the right of use asset is depreciated over the underlying asset's useful life. The Company chooses not to revalue the right of use land and buildings held by the Company.

Payments associated with short-term leases of equipment and all low-value assets are recognised on a straight-line basis as an expense in the statement of comprehensive income. Short-term leases are leases with a lease term of 12 months or less. Low-value assets often comprise small pieces of equipment and office furniture.

1.12 Adopted IFRS not yet applied

The following Adopted IFRSs have been issued but have not been applied in these financial statements. Their adoption is not expected to have a material effect on the financial statements unless otherwise indicated:

- IFRS 17 Insurance contracts (effective date 1 January 2021).

1.13 FRS 101 reduced disclosures

The Company has taken the following disclosure exemptions:

- a.) The requirements of IFRS 7 'Financial instruments : Disclosures';
- b.) The requirements of paragraphs 91/99 of IFRS 13 'Fair Value Measurement';
- c.) The requirement in paragraph 38 of IAS 1 'Presentation of Financial Statements' to present comparative information in respect of:
 - a. Paragraph 79(a)(iv) of IAS 1;
 - b. Paragraph 73(e) of IAS 16 Property, Plant and Equipment;
 - c. Paragraph 118(e) of IAS 38 Intangible Assets;
- d.) The requirements of paragraphs 10(d), 10(f), 39(c), and 134 -136 of IAS 1 'Presentation of Financial Statements';
- e.) The requirements of IAS 7 'Statement of Cash Flows';
- f.) The requirements of paragraph 17 of IAS 24 'Related Party Disclosures';
- g.) The requirements in IAS 24 'Related Party Disclosures' to disclose related party transactions entered into between two members of the same group, provided that both parties to the transaction are wholly owned by such a member.

2 Critical accounting judgements and key sources of estimation uncertainty

2.1 Impairment of tangible assets

The Company records its fixed assets at historical cost and carries out an annual impairment review to consider value in use of these assets by considering the net present value of the future cash generation of these assets. Management's judgments include the forecast future cash flows generated by the assets and the discount rate applied to these cash flows in arriving at the net present value.

3 Revenue

	2020 £	2019 £
Rendering of services	2,207,897	2,480,339
Total revenues	2,207,897	2,480,339

All revenue is derived from services provided in the United Kingdom.

4 Operating loss

Included in the operating loss are the following:

	2020 £	2019 £
Staff pension contributions	148,452	130,265
Depreciation of owned fixed assets	2,493	2,492
Depreciation of leased fixed assets	8,029	4,937

Auditors' remuneration:

	2020 £	2019 £
Audit of these financial statements	26,618	31,862

5 Particulars of employees

The average monthly number of persons employed by the Company (including Directors) during the year, analysed by category was as follows:

	2020 No.	2019 No.
Administration and support	26	19

	2020 £	2019 £
Wages and salaries	2,160,403	1,689,630
Social security costs	238,787	211,626
Other pension costs	148,452	130,265
	2,547,642	2,031,521

Wages and salaries (including Directors' remuneration) are recharged from MVV Environment Limited to fellow group companies. The costs are recharged on a percentage basis, which represent the amount of time that MVV Environment Limited's employees provide their services to the fellow group companies. The income from these recharges is included within turnover.

Notes (continued)
(forming part of the financial statements)

5 Particulars of employees (continued)

Directors' remuneration was as follows:

	2020 £	2019 £
Remuneration	180,641	102,504
Company contributions to money purchase pension schemes	10,059	6,063
	<u>190,700</u>	<u>108,567</u>

The Directors' remuneration above reflects the costs remaining in MVV Environment Limited, which have not been recharged to fellow group Companies and therefore, relate to this Company. As well as costs from this Company, the above also includes recharged costs from MVV Umwelt Asset GmbH until June 2019 and thereafter from MVV Umwelt GmbH, for remuneration payments incurred on behalf of MVV Environment Limited for the services provided by the Directors of this Company.

6 Net finance income

	2020 £	2019 £
Finance income		
Interest received	1,220	780
Total finance income	<u>1,220</u>	<u>780</u>
Finance expense		
Lease liabilities	69	74
Total finance expense	<u>69</u>	<u>74</u>
Net finance income	<u>1,151</u>	<u>706</u>

The change in the fair value of the foreign exchange forward hedge for the year is £nil (2019: £nil) as a result of there being a corresponding asset and liability of which any change in value is fully offset. The reason for this is that the Company has a back to back agreement with a group Company, MVV Environment Baldovie Limited, such that the financial asset and liability arising match.

7 Tax on profit

Recognised in the income statement

	2020 £	2019 £
Current tax expense		
Current year	-	-
Current tax expense	<u>-</u>	<u>-</u>
Deferred tax expense		
Origination and reversal of temporary differences	-	-
Deferred tax expense	<u>-</u>	<u>-</u>
Tax per income statement	<u>-</u>	<u>-</u>

Notes (continued)
(forming part of the financial statements)

7 Tax on profit (continued)

Reconciliation of standard tax rate

	2020 £	2019 £
Profit before taxation	2,702,060	158,994
Total tax at 19% (2019: 19%)	513,391	30,209
	<hr/>	<hr/>
Group relief surrendered	(459,648)	168,439
Dividend income	1,151,828	(199,500)
Expense adjustments	(180,500)	-
Losses not recognised as deferred tax asset	1,711	887

	<hr/>	<hr/>
Total tax charge	-	-
	<hr/>	<hr/>

8 Leases

The Company has lease contracts for equipment that it uses in its operations. The amounts recognised in the financial statements in relation to the leases are as follows:

(i) Amounts recognised in the statement of financial position

The balance sheet shows the following amounts relating to leases:

	30 September 2020 £	1 October 2019 £
Right-of-use assets		
Others	640	8,669
	<hr/>	<hr/>
	640	8,669
	<hr/>	<hr/>
Lease liabilities		
Current	646	4,781
Non-current	-	3,912
	<hr/>	<hr/>
	646	8,693
	<hr/>	<hr/>

There were no additions to right of use assets during the September 2020 financial year.

Notes (continued)
(forming part of the financial statements)

8 Leases (continued)

(ii) **Amounts recognised in the income statement**

The income statement shows the following amounts relating to leases:

	30 September 2020	1 October 2019
	£	£
Depreciation charge of right-of-use assets		
Motor vehicles	(8,029)	(4,937)
	<u>(8,029)</u>	<u>(4,937)</u>
Interest expense (included in finance expenses in note 6 on page 14)	(69)	(74)
Future minimum lease payments at 30 September 2020 and 30 September 2019 are as follows:		
Not later than one year	646	4,785
Later than one year and not later than five year	-	3,971
	<u>646</u>	<u>8,756</u>
