This is because humor helps to reduce stress and create a more positive work environment. For example, Berman and O'Leary (1984) found that employees who used humor in the workplace reported higher levels of job satisfaction and organizational commitment than those who did not. Similarly, Berman and O'Leary (1985) found that humor was positively related to job satisfaction and organizational commitment. These findings suggest that humor can be an effective tool for improving employee attitudes and behaviors in the workplace.
