NOTES TO THE ACCOUNTS
31st DECEMBER, 2018

These notes form part of the accounts for the year ended 31st DECEMBER, 2018.

1. a. The accounts have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard 102.

- b. Turnover

Turnover is attributable to the Company's principal activities and relates to the UK, USA and China. It represents net invoiced services provided excluding VAT.

- c. Tangible Fixed Assets

The cost of tangible fixed assets is their purchase cost, together with any incidental costs of acquisition.

Depreciation is provided so as to write off the cost of fixed assets over the expected useful lives of the assets concerned. The principal annual rate used for this purpose is 25% on the written down value of the cost of equipment. Leasehold Improvements are amortised over the life of the lease. Tooling is amortised on a 'Life of Tool' basis.

- d. Going Concern

These financial statements have been prepared on a going concern basis.

- e. Financial instruments

Financial liabilities and equity instruments are classified according to the substance of the contractual arrangements entered into. An equity instrument is any contract that evidences a residual interest in the assets of the entity after deducting all of its financial liabilities.

Where the contractual obligations of financial instruments (including share capital) are equivalent to a similar debt instrument, those financial instruments are classed as financial liabilities. Financial liabilities are presented as such in the balance sheet. Finance costs and gains or losses relating to financial liabilities are included in the profit and loss account. Finance costs are calculated so as to produce a constant rate of return on the outstanding liability.

Where the contractual terms of share capital do not have any terms meeting the definition of a financial liability then this is classed as an equity instrument. Dividends and distributions relating to equity instruments are debited directly to equity.
