# The Pop-Up Hotel Limited Notes to the unaudited financial statements for the year ended 31 July 2017

#### 1 General Information

The Pop-Up Hotel Limited is a private company limited by shares and incorporated in England and Wales. Its registered office is: Suit 6, Beaumont Buildings, Woodlands Road, Mere, Warminster, Wiltshire, England, BA12 6BT.

#### 2 Accounting policies

#### Basis of preparation

These financial statements have been prepared in accordance with the provisions of Financial Reporting Standard 102 Section 1A "Small Entities". "The Financial Reporting Standard applicable in the UK and Republic of Ireland" and the Companies Act 2006. The financial statements have been prepared under the historical cost convention.

#### First year adoption

These financial statements for the year ended 31 July 2017 are the first financial statements of the Company following the adoption of FRS 102. The date of transition to FRS 102 was 1 August 2015. The Company previously reported under old UK GAAP. The Company has made no measurement and recognition adjustments.

#### **Turnover**

Turnover is measured at the fair value of the consideration received or receivable, net of discounts and value added taxes. Turnover includes revenue earned from the sale of goods and from the rendering of services. Turnover from the sale of goods is recognised when the significant risks and rewards of ownership of the goods have transferred to the buyer. Turnover from the rendering of services is recognised by reference to the stage of completion of the contract. The stage of completion of a contract is measured by comparing the costs incurred for work performed to date to the total estimated contract costs.

### Tangible fixed assets

Tangible fixed assets are measured at cost less accumulative depreciation and any accumulative impairment losses. Depreciation is provided on all tangible fixed assets, other than freehold land, at rates calculated to write off the cost, less estimated residual value, of each asset evenly over its expected useful life, as follows:

Plant and machinery 4 years straight line
Fixture and fittings 4 years straight line
Office equipment 3 years straight line

### Investments

Investments held as fixed assets are shown at cost less provision for impairment.

## Debtors

Short term debtors are measured at transaction price (which is usually the invoice price), less any impairment losses for bad and doubtful debts. Loans and other financial assets are initially

recognised at transaction price including any transaction costs and subsequently measured at amortised cost determined using the effective interest method, less any impairment losses for bad and doubtful debts.

#### **Creditors**

Short term creditors are measured at transaction price (which is usually the invoice price). Loans and other financial liabilities are initially recognised at transaction price net of any transaction costs and subsequently measured at amortised cost determined using the effective interest method.

#### **Taxation**

A current tax liability is recognised for the tax payable on the taxable profit of the current and past periods. A current tax asset is recognised in respect of a tax loss that can be carried back to recover tax paid in a previous period.

Deferred tax is recognised in respect of all timing differences between the recognition of income and expenses in the financial statements and their inclusion in tax assessments.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

Deferred tax is measured using the tax rates and laws that have been enacted or substantively enacted by the reporting date and that are expected to apply to the reversal of the timing difference, except for revalued land and investment property where the tax rate that applies to the sale of the asset is used.

Current and deferred tax assets and liabilities are not discounted.

#### **Provisions**

Provisions (i.e. liabilities of uncertain timing or amount) are recognised when there is an obligation at the reporting date as a result of a past event, it is probable that economic benefit will be transferred to settle the obligation and the amount of the obligation can be estimated reliably.

# 3 Average number of employees during the year

The average number of employees, including directors, during the year was as follows:

|                     | 2017   |        |
|---------------------|--------|--------|
|                     | Number | Number |
| Number of employees | 6      | 7      |

# 4 Tangible fixed assets
