Strategic Report

About Cardiff City FC Community Foundation
Cardiff City FC Community Foundation is the official charity of Cardiff City FC.

Vision

Our vision is for children, young people and families to achieve their full potential.

Mission

Our mission is to use the unique appeal of Cardiff City FC to change lives in South Wales. We tackle inequality and overcome barriers by helping people to lead healthier more active lives, improving education and employment opportunities and reducing offending and reoffending. Put simply, Our Club Changes Lives.

Values

Passion – we're passionate about what we do and use our passion to inspire others. We're proud of the difference we make and the achievements of our beneficiaries.

Inclusion – we believe in inclusion, celebrate diversity and focus on the needs of each individual and community.

Innovation – we adopt an innovative approach to the design, delivery and evaluation of programmes, co-producing with beneficiaries to ensure a participant led approach.

Professionalism – our people are teachers, mentors, coaches and role models and conduct themselves in a professional manner.

Quality – we provide high quality programmes that support our beneficiaries to achieve their full potential.

Report of the Trustees for the Year Ended 31 August 2021

Objectives for the Public Benefit

The Foundation's objectives are for the benefit of the public generally and, in particular, the inhabitants of Cardiff and its surrounding areas:

- To promote community participation in healthy recreation by providing facilities for the playing of association football and other sports capable of improving health ('facilities' in this case means land, buildings, equipment and organising sporting activities);
- To provide and assist in providing facilities for sport, recreation or other leisure time occupation of such
 persons who have need for such facilities by reason of their youth, age, infirmity or disablement, poverty
 or social and economic circumstances or for the public at large in the interests of social welfare and with
 the object of improving their conditions of life;
- To advance the education of childhood and young people through such means as the trustees think fit
 in accordance with the law of charity; and
- For the general purposes of such charitable bodies or for such other exclusively charitable purposes in each case as the trustees may from time to time decide.

Our Programmes / Services

Our core programmes and services are:

- · Early Years and Primary Development
- · Secondary Education and Training
- · Post 16 Education, Employment and Training
- Youth & Community Outreach
- Bluebird Experiences

We also offer bespoke community projects and services based on demand which include:

Positive Pathways (Armed Forces Veterans Wellbeing project)

None of the projects or services provided by the Foundation depend on volunteers and are run by the staff of the Foundation.

Key Achievements and Performance

Reach

During the year 20,636 participants engaged with our services. Total attendances were 71,304 (19/20 = 83,335). This included:

- 5,176 regular session participants (19/20 = 8,102)
- 15,460 participants of other activities and events (19/20 = 7,754)
- 39% Female (19/20 = 40%)
- 11% BAME (19/20 = 7%)
- 8% Disability (19/20 = 6%)

We provided a total of 7,996 sessions (19/20 = 5,487) and 1,078 digital sessions. 72 % of our sessions took place in areas with above average deprivation and 56 % of our sessions took place in the 30% most deprived areas according to the Welsh Index of Multiple Deprivation.

Report of the Trustees for the Year Ended 31 August 2021

Covid-19 and the national lockdown had a significant impact upon the reach of our programmes. We adapted our programmes and transitioned to digital offers where possible and returned to in person services when it was safe to do so and in line with Government guidelines.

Impact

Outcome 1 - Healthier more active lives

84% of our beneficiaries responded positively when asked about the impact of our work on their health and wellbeing (19/20 - 86%).

83% of children attending our impairment specific activities reported taking part in more physical activity since attending sessions.

85% of participants attending our youth community outreach activities responded positively when asked about their mental and emotional wellbeing since engaging with the project.

Outcome 2 – Improved education and employment opportunities

85% of our beneficiaries responded positively when asked if we have improved education, employment and training opportunities. (19/20 = 86%).

86% of our students achieved the qualification they set out to achieve with us. (19/20 = 93%).

83% of our students made a positive progression into further education, employment or training (19/20 = 80%).

Outcome 3 - Reduced offending and reoffending

76% of our young people agreed that they felt very safe when accessing our PL Kicks sessions, compared to 43% feeling very safe in their community.

95% of our beneficiaries reported an improved understanding of the impact of risk taking behaviours on their life chances (19/20 = 91%).

Pillars_

Our pillars are key functional areas of the charity that underpin the achievements of our charitable aims:

Pillar 1 – Insight & Impact at the heart of our organisation

Covid-19 continued to disrupt service delivery. We transitioned between in-person and digital delivery during the year. Whilst challenging, the majority of services adapted well to the changing circumstances. We redoubled our efforts on data collection to generate insights.

Pillar 2 - A diverse skilled and passionate workforce

Our people share a strong commitment to achieve our aims and support the people we work with. We provided countless development opportunities for our people throughout the year. Covid-19 changed the world of work which has impacted upon staff recruitment and retention.

Report of the Trustees for the Year Ended 31 August 2021

Pillar 3 - Celebrating success

We continued to celebrate the success of our beneficiaries through impact stories and case studies. We embraced digital as our primary communication tool and made a series of upgrades to our digital infrastructure designed to improve communications.

Pillar 4 - Social impact in a financially sustainable model

We continued to achieve impact within a financially sustainable model while navigating the challenges of Covid-19. With the support of our funding partners, we utilised resources to adopt a blended delivery model. We renewed or extended agreements with our major funding providers, many of whom are offering support until the end of 2022. This provides a platform from which we can continue to achieve impact. Our longer-term objective is to improve and diversify income to spread the risk and reliance on major funding providers and sources of income.

Pillar 5 - Good Governance & Safeguarding

We strengthened our framework of risk management and controls during the year. Upgrades to our digital infrastructure enabled us to digitise processes and identify improvements. We continued to prioritise the wellbeing of staff and beneficiaries throughout the year.

Kev Learning

Our communities need us now more than ever – We learned that the needs of our communities are becoming more acute and complex. We will need to redouble our efforts to respond to changing needs.

Keeping people safe – safeguarding is one of our five pillars. We learned that levels of youth violence, child exploitation, social isolation and poor wellbeing are rising in our communities. We must remain vigilant to ensure we keep people safe.

Financial sustainability – we learned that we have the ability to manage through uncertain times. The costs of providing services are rising and the funding climate is challenging. We will need to diversify our revenue and manage costs in order to provide sustainable services.

Partnerships – we learned the importance of strong relationships with funding providers and delivery partners. Trusted relationships were one of the critical success factors which enabled us to adapt services. We will need to maintain dialogue with funding providers and delivery partners if we are to continually improve the services we offer and deepen our impact.

The role of digital – we learned that digital can play an important role in service design, delivery and evaluation. This includes providing a backstop in case of service disruption, increasing the reach of our services and enhancing the quality of experience for our services users.

Future Plans

The Foundation is entering the final year of its current strategic period 2017-22. During the year the board of trustees will develop a new strategy for the period 2022 – 2027. In doing so the board will consider our purpose, capabilities and the external environment.

In the year ahead, as the UK recovers from the pandemic, we will continue to tackle the impact of poverty and inequality. We will focus upon health and wellbeing, education and employment and reducing offending and reoffending. We will continue to do everything we can to provide services safely, this will include redesigning and reimaging services to meet changing needs and enhancing partnerships with public service providers.

Report of the Trustees for the Year Ended 31 August 2021

Our strategic priorities include organisational development, workforce development, financial sustainability and service development.

Service Development

Our plans for service development in 21/22 include:

- Expanding our post-16 education employment and training programme to respond to rising number of young people not in education employment and training.
- Expanding and diversifying our 1-2-1 mentoring programme to support young people to improve confidence and build resilience.
- Improving our facilities at the House of Sport to enhance learning experience and provide community-based activities.
- Developing our offers to education (primary and secondary) to ensure alignment with the new Curriculum for Wales framework 2022.

Risks and Uncertainties

Risk management statement

The trustees have examined the major strategic business and operational risks which the Foundation faces and confirm that systems have been established to enable regular reports to be produced so that the necessary steps can be taken to lessen their risks.

BREXIT

A risk to the business is the uncertainty of the UK Government's continuing management of its departure from the EU and the government's positioning with other countries. This may have an effect on future funding where EU funding is used.

The Foundation recognises the risks associated with Brexit and does not have a large direct or indirect reliance upon EU funding. It is possible that there will be an impact on major funding providers and partners which could indirectly affect the Foundation. The disruption should not materially affect the organisation.

COVID-19

The Covid-19 outbreak has caused significant disruption to the U.K economy. Local restrictions proceeded at a regional level throughout Wales during the financial year. Restrictions had a significant impact on our ability to deliver face to face services and some services were transitioned to digital delivery where possible. We are now in a third wave of the virus and face to face services continue to carry limitations.

The impact of this outbreak cannot yet be fully assessed due to the ongoing uncertainty as to the potential of further lockdowns and their corresponding impact on both the organisation's sector and the wider UK economy as a whole. The Trustees have however considered the potential impact of this reduced activity to the Foundation, alongside the availability of business support measures that the UK Government has introduced and planned accordingly.

The Trustees and management will continue to monitor the situation and act accordingly to reduce any adverse impact to the organisation.

Report of the Trustees for the Year Ended 31 August 2021

Financial Review and Financial Position

In 2020/21 the charity started the year by continuing the delivery of successful programmes only to be impacted by the continued disruption of Covid-19. This meant transitioning existing projects from in-person delivery to digital delivery where possible to enable the continuation of support to our beneficiaries.

This had a financial impact on the organisation which managed its funding and resources effectively through the use of the CJRS grants where it was not possible to deploy project staff safely to achieve intended outcomes. The largest financial impact was across the generation of unrestricted income to support our core operations.

Disruption caused by Covid-19 meant some restricted grant income could not be used fully to achieve intended outcomes and therefore contributed to reduced income.

Total income for 2021 amounted to £1,544,651 (2020 - £1,766,510) of which £59,306 (2020 - £111,756) was received from CJRS grants. The grants claimed where work was unavailable to Foundation staff, helped secure jobs and protect funding. Where CJRS grants were claimed for staff working on restricted funded projects, that money was either returned to the funder, reprofiled with funder agreement or allowed for the project to be extended where the project was paused and awaiting activities to recommence.

Total expenditure amounted to £1,477,107 (2020 - £1,690,283) which has been grossed up for CJRS grant claims and resulted in a total surplus of £67,544 (2020 - £76,227).

Total incoming resources net of CJRS claims amounted to £1,485,345 (2020 - £1,654,754) with £1,101,650 (2020 - £1,141,499) comprising grants for specific purposes. The balance of £383,695 (2020 - £513,255) representing unrestricted income comprised of £169,774 (2020 - £285,685) project and core funding and £213,921 (2020 - £227,570) general donations. Income from charitable activities decreased on the prior year and totalled £1,271,424 (2020 - £1,427,184).

Total resources expended net of CJRS claims amounted to £1,417,801 (2020 - £1,578,527) with £1,229,406 (2020 - £1,373,923) of this being directly on charitable activities, £138,017 (2020 - £112,119) to support the delivery of services and £50,378 (2020 - £92,485) on fundraising costs.

Expenditure on education activities totalled £678,295 (2020 - £747,917) expenditure on community activities totalled £394,164 (2020 - £389,560).

The net movement in funds was a surplus of £67,544 (2020 - £76,227). The balance sheet at 31 August 2021 shows total reserves carried forward of £905,317 (2020 - £837,773), comprising £891,455 (2020 - £823,732) unrestricted funds and £13,862 (2020 - £14,041) restricted funds. The increase in unrestricted funds over prior years has enabled the Trustees to create a designated reserve of £150,000 to be spent on specific activities over the course of the next two financial years. More information on this can be found in note 12 on page 28.

Report of the Trustees for the Year Ended 31 August 2021

Principle Funding Sources

The principle funding providers were the Premier League Charitable Fund (38%) Cardiff City FC (13%), Cardiff and Vale College (15%), ACT Training (10%) and the English Football League Trust (6%). The Foundation does not raise significant funding from fundraising via the general public so is not reliant upon this source of funding.

Reserves Policy

The board of trustees reviews the charity's reserves policy annually in regard to the changing financial, regulatory and competitive environment. In considering the level of free reserves the charity should hold, a number of factors are considered including but not limited to, current and anticipated levels of income and expenditure, liquidity and non-monetary assets, risks, opportunities and contingencies.

The overall aim is to use funds carefully to further our charitable objectives whilst maintaining a prudent level of free reserves. Free reserves are defined as unrestricted funds, excluding any committed designated funds, that are not invested in functional fixed assets.

The trustees consider that given the nature of the charity's work, the charity should hold free reserves equivalent to between three to six months total expenditure. The trustees are of the opinion that this provides sufficient flexibility to cover temporary shortfalls in incoming resources due to timing differences in income flows, adequate working capital to cover core costs, and will allow the charity to cope and respond to unforeseen events whilst action plans are implemented.

The charity is subject to variable and uncertain income levels and in 2019/20 lost income due to Cardiff City FC's relegation from the Premier League. The impact of Covid–19 and its continuing threat towards loss of income has resulted in the charity ring-fencing a resilience fund to ensure the sustainability of its operations into 2021/2022.

The total level of unrestricted reserve funds at year end was £891,455. Within this number are three ring fenced amounts, £100,000 towards the community and education projects and £50,000 to support the development and sustainability of the Foundations services both held within the designated fund, and a £250,000 Covid-19 resilience fund contained within the general fund leaving £491,455 as a free reserve. The trustees have given consideration to both the level of reserves and the reserves policy in the context of financial risks that the charity faces. The trustees will ensure that reserves and the reserves policy are continually monitored and are used in a manner that maximises sustainable outcomes and impact.

Structure, Governance & Management

Governing Document

Cardiff City FC Community Foundation is a charitable company limited by guarantee, incorporated on January 22, 2009 and registered as a charity on March 6, 2009. The company was established under a Memorandum of Association which established the objectives and powers of the company and is governed under its Articles of Association. In the event of the company being wound up members are required to contribute an amount not exceeding £10.

Report of the Trustees for the Year Ended 31 August 2021

Recruitment of Trustees

The charity trustees for the purpose of charity law are also the directors for the purpose of company law.

Under the Articles of Association, the board of trustees shall not be less than seven and shall consist of up to three trustees appointed by Cardiff City FC and four or more charity trustees appointed by the trustees. Trustees are appointed for a term of three years and may serve a maximum of three consecutive terms.

In selecting individuals for appointment as trustees, the trustees give regard to the skills, knowledge and experience needed for the effective governance of the Foundation.

The trustees' who served during the year and up to the date of this report, are set out on page 1.

Trustee Induction and Training

Trustees receive an induction and accompanying Trustee Good Governance Handbook on their appointment to the board of trustees. The induction includes a welcome to trustees and staff and an overview of the structure, finance, governance and administration of the Foundation. Trustees are also invited to visit projects and meet service users.

The trustees consider the skills, knowledge and experience needed for the effective governance of the Foundation. Workshops are convened to improve skills and knowledge as required.

Decision making

The trustees are responsible for setting the strategic direction of the Foundation and approving the business plan and annual budget.

The board of trustees typically meets four times per year. Sub Committees with delegated responsibility oversee certain aspects of trustee's work and include; Safeguarding Sub Committee, Finance Audit & Risk Sub Committee, Development Sub Committee and Remuneration Sub Committee.

The Foundation has a delegated powers policy which sets out the powers delegated to the Foundation Director. The Foundation Director is responsible for the execution of the business plan and the day-to-day management of the Foundation. The Foundation Director is supported by a Senior Leadership Team. The Senior Leadership Team are considered to be the key management personnel of the Foundation.

Remuneration of KMP

The Foundation is committed to ensuring a proper balance between offering fair pay to attract and retain personnel and careful management of the charity's funds. This approach ensures the greatest effectiveness in delivering our charitable objectives.

The organisation adopts a maximum ration of 4:1 between the highest salary and median salary. The remuneration of key management personnel is summarised in Note 6.

Key Partnerships

The Foundation's success is built upon a long-standing relationship with Cardiff City FC. Our strategic partnerships include the Premier League and Premier League Charitable Fund, the English Football League Trust, Cardiff & Vale College and ACT Training.

Report of the Trustees for the Year Ended 31 August 2021

Key Partnerships

Our partnerships with other charities such as BBC Children in Need, statutory bodies including Local Authorities and Welsh Council for Voluntary Action, schools and youth offending teams and community organisations and fan groups such as Cardiff City Supporters Club and Cardiff City Supporters Trust help us achieve and amplify our impact.

Statement of Trustees Responsibilities

The trustees (who are also the directors of Cardiff City FC Community Foundation for the purposes of company law) are responsible for preparing the Report of the Trustees and the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

Company law requires the trustees to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the charitable company and of the incoming resources and application of resources, including the income and expenditure, of the charitable company for that period. In preparing those financial statements, the trustees are required to

- select suitable accounting policies and then apply them consistently;
- observe the methods and principles in the Charity SORP;
- make judgements and estimates that are reasonable and prudent;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charitable company will continue in business.

The trustees are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the charitable company and to enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the charitable company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

In so far as the trustees are aware:

- there is no relevant audit information of which the charitable company's auditors are unaware; and
- the trustees have taken all steps that they ought to have taken to make themselves aware of any relevant audit information and to establish that the auditors are aware of that information.

Auditors

The auditors, BPU Limited, will be proposed for re-appointment at the forthcoming Annual General Meeting.

Approved by order of the board of trustees on ...31st January 2022 and signed on its behalf by:

L Andrews - Trustee

Report of the Independent Auditors to the Members of Cardiff City FC Community Foundation

Opinion

We have audited the financial statements of Cardiff City FC Community Foundation (the 'charitable company') for the year ended 31 August 2021 which comprise the Statement of Financial Activities, the Balance Sheet, the Cash Flow Statement and notes to the financial statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the charitable company's affairs as at 31 August 2021 and of its incoming resources and application of resources, including its income and expenditure, for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditors responsibilities for the audit of the financial statements section of our report. We are independent of the charitable company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the Financial Reporting Council's (FRC) Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

We have nothing to report in respect of the following matters in relation to which the ISAs (UK) require us to report to you where:

- the trustees' use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
- the trustees have not disclosed in the financial statements any identified material uncertainties that may cast significant doubt about the charitable company's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the financial statements are authorised for issue.

Other information

The trustees are responsible for the other information. The other information comprises the information included in the annual report, other than the financial statements and our Report of the Independent Auditors thereon.

Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a

material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the Report of the Trustees for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the Report of the Trustees has been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In the light of the knowledge and understanding of the charitable company and its environment obtained in the course of the audit, we have not identified material misstatements in the Report of the Trustees.

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of trustees' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our
- the trustees were not entitled to take advantage of the small companies exemption from the requirement to prepare a Strategic Report or in preparing the Report of the Trustees.

Responsibilities of trustees

As explained more fully in the Statement of Trustees Responsibilities, the trustees (who are also the directors of the charitable company for the purposes of company law) are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the trustees determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the trustees are responsible for assessing the charitable company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the trustees either intend to liquidate the charitable company or to cease operations, or have no realistic alternative but to do so.

bpu Chartered Accountants is a trading name of BPU Ltd Company Number 3723948 Recistered in Wales

Report of the Independent Auditors to the Members of Cardiff City FC Community Foundation

Our responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue a Report of the Independent Auditors that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below:

We gained an understanding of the legal and regulatory framework applicable to the charity and the industry in which it operates, and considered the risks of acts by the charity that were contrary to applicable laws and regulations, including fraud. We designed audit procedures to respond to the risk, recognising that the risk of not detecting a material misstatement due to fraud is higher than the risk of not detecting one resulting from error, as fraud may involve deliberate concealment.

The laws and regulations that we determined were most significant to the charity were the Companies Act, The Charities Act, Charity Commission and the Child Protection Act.

We obtained an understanding of how the charity is complying with those laws and regulations by making enquiries to the management, and corroborated these enquiries through our review of board minutes and review of legal and professional spend for the year.

We assessed the susceptibility of the charities financial statements to material misstatement, including how fraud might occur, and did not identify any key audit matters relating to irregularities, including fraud. We assessed the effectiveness of internal controls that management has in place to prevent and detect fraud, including testing of manual journals and evaluating the assumptions and judgements made by management in its significant accounting estimates.

A further description of our responsibilities for the audit of the financial statements is located on the FRC website at www.frc.org.uk/auditorsresponsibilities. This description forms part of our Report of the Independent Auditors.

Notes to the Financial Statements for the Year Ended 31 August 2021

1. ACCOUNTING POLICIES

Basis of preparing the financial statements

The financial statements of the charitable company, which is a public benefit entity under FRS 102, have been prepared in accordance with the Charities SORP (FRS 102) 'Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019)', Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' and the Companies Act 2006. The financial statements have been prepared under the historical cost convention.

The presentational currency is the Sterling (£) with rounding to the nearest pound. The company is incorporated in the United Kingdom and registered in Wales.

The significant accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all years presented unless otherwise stated.

There have been no material departures from Financial Reporting Standard 102.

Going concern

The trustees have assessed the charity's ability to continue as a going concern taking into account the financial impacts of Covid-19 which are set out in the Report of the Trustees.

The charity has no external borrowings and manages its activities with positive unrestricted bank balances.

The trustees regularly review and manage short-term fluctuations in income streams and have established a minimum level of free reserves to allow for such fluctuations.

The charity's forecasts and projections show that the charity should be able to continue to operate and is well placed to manage its risks successfully in the coming 12 months.

Income

All income is recognised in the Statement of Financial Activities once the charity has entitlement to the funds, it is probable that the income will be received and the amount can be measured reliably.

Expenditure

Liabilities are recognised as expenditure as soon as there is a legal or constructive obligation committing the charity to that expenditure, it is probable that a transfer of economic benefits will be required in settlement and the amount of the obligation can be measured reliably. Expenditure is accounted for on an accruals basis and has been classified under headings that aggregate all cost related to the category. Where costs cannot be directly attributed to particular headings they have been allocated to activities on a basis consistent with the use of resources.

Notes to the Financial Statements - continued for the Year Ended 31 August 2021

1. ACCOUNTING POLICIES - continued

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off the cost of each asset over its estimated useful life.

Plant and machinery

- 25% reducing balance

Motor vehicles

- 25% reducing balance

Computer equipment

- 25% & 33% straight line

Taxation

The charity is exempt from corporation tax on its charitable activities.

Financial instruments

The charity only has financial assets and financial liabilities of a kind that qualify as basic financial instruments. Basic financial instruments are initially recognised at transaction value and subsequently measured at their settlement value.

Trade and other debtors are recognised at the settlement amount due and prepayments are valued at the amount prepaid.

Creditors and provisions are recognised where the charity has a present obligation resulting from a past event that will probably result in the transfer of funds to a third party and the amount due to settle the obligation can be measured or estimated reliably. Creditors are normally recognised at their settlement amount after allowing for any trade discounts due.

Fund accounting

Unrestricted funds can be used in accordance with the charitable objectives at the discretion of the trustees.

Restricted funds can only be used for particular restricted purposes within the objects of the charity. Restrictions arise when specified by the donor or when funds are raised for particular restricted purposes.

Further explanation of the nature and purpose of each fund is included in the notes to the financial statements.

Hire purchase and leasing commitments

Rentals paid under operating leases are charged to the Statement of Financial Activities on a straight line basis over the period of the lease.

Pension costs and other post-retirement benefits

The charitable company operates a defined contribution pension scheme. Contributions payable to the charitable company's pension scheme are charged to the Statement of Financial Activities in the period to which they relate.

Notes to the Financial Statements - continued for the Year Ended 31 August 2021

1. ACCOUNTING POLICIES - continued

Significant accounting judgements and estimates

Estimates and judgements are continually evaluated and are based on historical experience and other relevant factors, including expectations of future events that are believed to be reasonable under the circumstances.

The preparation of the financial statements requires management to make estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, be likely to differ from the related actual results.

2. INCOME FROM CHARITABLE ACTIVITIES

| | | Unrestricted Fund | Restricted Fund | 2021 | 2020 £ |
|-----------|---|----------------------|--------------------|-----------|-----------|
| | | £ | £ | £ | £ |

Purposes of Designated Funds

During the 18/19 year the Foundation received donations totalling £400,000 from Cardiff City Football Club. The Foundation designated £100,000 of this towards community and education projects in 19/20 and 20/21 with further £50,000 to support the development and sustainability of services in 19/20 and 20/21. Due to Covid-19, the Foundation have decided to carry forward this designated fund to use on future projects.
