## **ALEXANDER JEWELLERS OF OLDHAM LIMITED**

### **NOTES TO THE ABBREVIATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31st MARCH 2011**

#### **1. Accounting Policies**

##### **Basis of preparation of financial statements**

The financial statements are prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities ( effective April 2008 ).

##### **Sales**

Sales represents the value of goods sold by the company in the U.K., net of VAT.

##### **Intangible fixed assets and amortisation**

Goodwill is the difference between the amount paid on the acquisition of the business and the fair value of the net assets. It is amortised to profit and loss account over its estimated economic life of twenty years.

##### **Tangible fixed assets and depreciation**

Tangible fixed assets are stated at cost less depreciation. Depreciation is provided at rates calculated to write off the cost, less estimated residual value, of each asset over its expected useful life on the following basis:

Fixtures and fittings	20% per annum reducing balance basis
-----------------------	--------------------------------------

##### **Leasing**

Rentals applicable to operating leases where substantially all of the benefits and risks of ownership remain with the lessor are charged to the profit and loss account as incurred.

##### **Stock**

Stock is valued at the lower of cost and net realisable value.

##### **Deferred taxation**

The charge for taxation takes into account taxation deferred as a result of timing differences between the treatment of certain items for taxation and accounting purposes. Provision is made using the liability method in respect of all timing differences that have originated but not reversed by the balance sheet date.

However, deferred tax assets are recognised only where it is considered more likely than not that future profits will be available for offset.

The company has not adopted a policy of discounting deferred tax assets and liabilities.
