Directors' report for the year ended 31 March 2018

The directors present their annual report and the unaudited financial statements for the year ended 31 March 2018.

Principal activity, review of the business and future developments

The Company is a wholly owned subsidiary of Tata Steel UK Limited ('TSUK'), which is a subsidiary within the Tata Steel Europe Limited ('TSE') Group. The Company's ultimate parent is Tata Steel Limited ('TSL'). The principal activity of the Company is that of a trustee responsible for administering the health scheme for UK employees.

There have been no significant changes to the principal activities in the year under review. The directors are not aware, at the date of this report, of any likely changes in the Company's activities in the next year.

The Company has been dormant as defined in section 1169 of the Companies Act 2006 throughout the year and preceding financial year. It is anticipated that the Company will remain dormant for the foreseeable future.

The Company has chosen to present the financial statements in accordance with FRS 102 *The Financial Reporting Standard Applicable in the UK and Republic of Ireland* which entitles the Company to adopt the exemption in paragraph 35.10 of FRS 102 allowing the Company to retain its previous accounting policies, (prepared under UK GAAP) until there is any change to balances or the company undertakes new transactions.

The annual financial statements have not been audited because the company is entitled to the exemption provided by section 480 of the Companies Act 2006 relating to dormant companies and its members have not required the company to obtain an audit of these financial statements in accordance with section 476.

The directors acknowledge their responsibilities for complying with the requirements of the Act with respect to accounting records and preparation of financial statements.

The Company's directors do not believe that key performance indicators (or discussion thereof) are appropriate for an understanding of the development, performance or position of the Company. The performance of TSE, which includes the Company, is discussed in its Annual Report which does not form part of this report.

Directors' indemnity

The Company's Articles of Association provide, subject to the provisions of UK legislation, an indemnity for directors and officers of the Company in respect of liabilities they may incur in the discharge of their duties or in their exercise of their powers, including any liabilities relating to the defence of any proceedings brought against them which relate to anything done or omitted, or alleged to have been done or omitted by them as officers or employees of the Company.

Environment

The Company recognises the importance of its environmental responsibilities, monitors its impact on the environment, and designs and implements policies to reduce any damage that might be caused by the Group's activities. The Company operates in accordance with TSE Group policies. Activities designed to minimise the Company's impact on the environment include improving its energy use efficiency and reducing the production of waste (both hazardous and non-hazardous).

Principal risks and uncertainties

Group risks are discussed in the TSE Annual Report, which does not form part of this report.

Employees

The Company has no employees, as shown in Note 3 of this report on page 7.

Going concern

TSE and its subsidiaries (including the Company) are financed in part through a Senior Facilities Agreement ('SFA') and other long term loans introduced by the parent from time to time and in part through working capital support provided by Tata Steel Global Procurement Company Pte Limited ('Proco'), a subsidiary of TSL, under arrangements which have been authorised, and are supported, by TSL. TSL has approved the continued provision of working capital support to the Company, subject to certain restrictions.

As a result the directors have a reasonable expectation that the Company has adequate resources (including the support of its ultimate parent, TSL) to continue in existence for the foreseeable future. Accordingly they continue to adopt the going concern basis in preparing the financial statements.

Directors

The directors of the Company as at 31 March 2018 and who held office during the year are listed on page 2.

On 30 June 2018 Tata Steel Limited and thyssenkrupp AG signed definitive agreements to combine their European steel businesses in a 50/50 joint venture called thyssenkrupp Tata Steel. Transaction completion is subject to regulatory approvals.
