## **NOTES TO THE ABBREVIATED ACCOUNTS**

### **FOR THE YEAR ENDED 31 MARCH 2013**

---

#### **1 Accounting policies**

##### **1.1 Accounting convention**

The financial statements are prepared under the historical cost convention

The company meets its day to day working capital requirements through an overdraft facility which is repayable on demand

The nature of the company's business is such that there can be considerable unpredictable variation in the timing of cash inflows. The directors have prepared projected cash flow information for the period ending 9 months from the date of their approval of these financial statements. On the basis of this cash flow information and discussions with the company's bankers, the directors consider that the company will continue to operate within the facility currently agreed and within that which they expect will be agreed when the company's bankers are due to consider renewing the facility for a further year. However, the margin of facilities over requirements is not large and, inherently there can be no certainty in relation to these matters. On this basis, the directors consider it appropriate to prepare the financial statements on the going concern basis. The financial statements do not include any adjustments that would result from a withdrawal of the overdraft facility by the company's bankers.

##### **1.2 Compliance with accounting standards**

The financial statements are prepared in accordance with applicable United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), which have been applied consistently (except as otherwise stated).

##### **1.3 Turnover**

Turnover represents amounts receivable for goods and services net of VAT and trade discounts.

##### **1.4 Tangible fixed assets and depreciation**

Tangible fixed assets are stated at cost less depreciation. Depreciation is provided at rates calculated to write off the cost less estimated residual value of each asset over its expected useful life, as follows:

Fixtures, fittings & equipment	at 20% reducing balance method
--------------------------------	--------------------------------

##### **1.5 Deferred taxation**

Deferred taxation is provided in full in respect of taxation deferred by timing differences between the treatment of certain items for taxation and accounting purposes. The deferred tax balance has not been discounted.

##### **1.6 Foreign currency translation**

Monetary assets and liabilities denominated in foreign currencies are translated into sterling at the rates of exchange ruling at the balance sheet date. Transactions in foreign currencies are recorded at the rate ruling at the date of the transaction. All differences are taken to profit and loss account.
