**Mrs Anne Lloyd, Director**

**This document was delivered using electronic communications and authenticated in accordance with the registrar's rules relating to electronic form, authentication and manner of delivery under section 1068 of the Companies Act 2006.**

### Notes to the Abbreviated Accounts

For the year ending 31 March 2013

#### 1 Accounting policies

##### Basis of accounting

The financial statements have been prepared under the historical cost convention, and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008). The balance sheet as at 31 March 2013 is insolvent, however at the date of signing the accounts it is now solvent. As a result of this the going concern basis of preparing accounts is considered appropriate.

##### Turnover

The turnover shown in the accounts represents amounts invoiced during the period.

##### Fixed Assets

All fixed assets are initially recorded at cost.

##### Financial Instruments

Financial liabilities and equity instruments are classified according to the substance of the contractual arrangements entered into. An equity instrument is any contract that evidences a residual interest in the assets of the entity after deducting all of its financial liabilities. Where the contractual obligations of financial instruments (including share capital) are equivalent to a similar debt instrument, those financial instruments are classed as financial liabilities. Financial liabilities are presented as such in the balance sheet. Finance costs and gains or losses relating to financial liabilities are included in the profit and loss account. Finance costs are calculated so as to produce a constant rate of return on the outstanding liability. Where the contractual terms of share capital do not have any terms meeting the definition of a financial liability then this is classed as an equity instrument. Dividends and distributions relating to equity instruments are debited direct to equity.

##### Depreciation

Depreciation has been provided at the following rates in order to write off the assets over their estimated useful lives.

Fixtures & Fittings	25% Reducing balance
Equipment	33% Straight line

#### 2 Fixed Assets

	Tangible Assets	Total
Cost or valuation	£	£
At 01 April 2012	2,180	2,180
Additions	519	519
	<hr/>	<hr/>
