1. Basis of preparation

a) Accounting basis

These financial statements for the Company are prepared in accordance with International Financial Reporting Standards ("IFRSs") as adopted by the European Union ("EU").

c) Investments in subsidiary undertakings

Investments in subsidiary undertakings are initially recognised at cost. The Company recognises income from the investment only to the extent that it receives distributions from post-acquisition accumulated profits. Distributions received in excess of such profits are regarded as a recovery of investment and recognised as a reduction in the cost of the investment.

At each reporting date, an assessment is made as to whether there is any indication that the investment may be impaired.
