Notes to the Abbreviated Accounts for the period ended 31 July 2013**1 Accounting Policies****Basis of measurement and preparation of accounts**

The accounts have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities effective April 2008.

Going concern

At the balance sheet date, the company's liabilities exceeded its assets. The company has received assurance from the director that he will continue to give financial support to the company for the foreseeable future.

On this basis, the director considers it appropriate to prepare the accounts on a going concern basis. However, should the financial support mentioned above not be forthcoming, the going concern basis used in preparing the company's accounts may be invalid and adjustments would have to be made to reduce the value of assets to their realisable amount and to provide for any further liabilities which might arise. The accounts do not include any adjustment to the company's assets or liabilities that might be necessary should this basis not continue to be appropriate.

Turnover policy

The turnover shown in the profit and loss account represents amounts invoiced during the period, exclusive of Value Added Tax.

Tangible assets depreciation policy

Depreciation is calculated so as to write off the cost of an asset, less its estimated residual value, over the useful economic life of that asset as follows:

Fixtures & Fittings - 25% Straight Line Basis

Equipment - 25% Straight Line Basis
