## **NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2021**

### **1 Accounting policies**

#### **Company information**

PIB Group CEE (UK) Limited (formerly Wilby Holdings Limited) is a private company limited by shares incorporated in England and Wales. The registered office is Rossington's Business Park, West Carr Road, Retford, Nottinghamshire, DN22 7SW.

#### **1.1 Accounting convention**

These financial statements have been prepared in accordance with FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" ("FRS 102") and the requirements of the Companies Act 2006 as applicable to companies subject to the small companies regime. The disclosure requirements of section 1A of FRS 102 have been applied other than where additional disclosure is required to show a true and fair view.

The financial statements are prepared in sterling, which is the functional currency of the company. Monetary amounts in these financial statements are rounded to the nearest £.

The financial statements have been prepared under the historical cost convention. The principal accounting policies adopted are set out below.

This company is a qualifying entity for the purposes of FRS 102, being a member of a group where the parent of that group prepares publicly available consolidated financial statements, including this company, which are intended to give a true and fair view of the assets, liabilities, financial position and profit or loss of the group. The company has therefore taken advantage of exemptions from the following disclosure requirements:

- Section 7 'Statement of Cash Flows' – Presentation of a statement of cash flow and related notes and disclosures;
- Section 11 'Basic Financial Instruments'- Paragraphs 11.42, 11.44, 11.45, 11.47, 11.48 (a) (iii), 11.48 (a) (iv), 11.48 (b), and 11.48 (c).
- Section 33 'Related Party Disclosures' – Compensation for key management personnel.

The company has taken advantage of the exemption under section 400 of the Companies Act 2006 not to prepare consolidated accounts. The financial statements present information about the company as an individual entity and not about its group.

PIB Group CEE (UK) Limited is a wholly owned subsidiary of PIB Group Europe (UK) Limited and the results of PIB Group CEE (UK) Limited are included in the consolidated financial statements of PIB Group Limited which are available from the Registrar of Companies (England & Wales), Companies House, Crown Way, Cardiff, CF14 3UZ.

#### **1.2 Going concern**

At the time of approving the financial statements, the directors have a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future. The assessment of future performance included the collation and review of in depth annual budgets, review of the group's structure and detailed cash flow plans.

In light of the additional uncertainty regarding the impact of Covid-19 the Company has further considered its financial position and future performance. The Company has sufficient cash resources and has no concerns over the ability to meet its commitments. Well established business continuity plans have been used and the Company is able to continue to support its clients and expects to be able to do so for the foreseeable future. Thus the directors continue to adopt the going concern basis of accounting in preparing the financial statements.

### 1 Accounting policies

(Continued)

#### 1.3 Fixed asset investments

Interests in subsidiaries, associates and jointly controlled entities are initially measured at cost and subsequently measured at cost less any accumulated impairment losses. The investments are assessed for impairment at each reporting date and any impairment losses or reversals of impairment losses are recognised immediately in profit or loss.

A subsidiary is an entity controlled by the company. Control is the power to govern the financial and operating policies of the entity so as to obtain benefits from its activities.

#### 1.4 Impairment of fixed assets

At each reporting period end date, the company reviews the carrying amounts of its tangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Where it is not possible to estimate the recoverable amount of an individual asset, the company estimates the recoverable amount of the cash-generating unit to which the asset belongs.

#### 1.5 Financial instruments

The company has elected to apply the provisions of Section 11 'Basic Financial Instruments' and Section 12 'Other Financial Instruments Issues' of FRS 102 to all of its financial instruments.

Financial instruments are recognised in the company's statement of financial position when the company becomes party to the contractual provisions of the instrument.

Financial assets and liabilities are offset, with the net amounts presented in the financial statements, when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis or to realise the asset and settle the liability simultaneously.

##### **Basic financial assets**

Basic financial assets, which include debtors and cash and bank balances, are initially measured at transaction price including transaction costs and are subsequently carried at amortised cost using the effective interest method unless the arrangement constitutes a financing transaction, where the transaction is measured at the present value of the future receipts discounted at a market rate of interest. Financial assets classified as receivable within one year are not amortised.

##### **Classification of financial liabilities**

Financial liabilities and equity instruments are classified according to the substance of the contractual arrangements entered into. An equity instrument is any contract that evidences a residual interest in the assets of the company after deducting all of its liabilities.

##### **Basic financial liabilities**

Basic financial liabilities, including creditors, bank loans, loans from fellow group companies and preference shares that are classified as debt, are initially recognised at transaction price unless the arrangement constitutes a financing transaction, where the debt instrument is measured at the present value of the future payments discounted at a market rate of interest. Financial liabilities classified as payable within one year are not amortised.

Debt instruments are subsequently carried at amortised cost, using the effective interest rate method.

Trade creditors are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Amounts payable are classified as current liabilities if payment is due within one year or less. If not, they are presented as non-current liabilities. Trade creditors are recognised initially at transaction price and subsequently measured at amortised cost using the effective interest method.

### **7 Events after the reporting date**

Following the Russian invasion of Ukraine, the UK, EU and USA and USA have imposed and continued to escalate sanction regimes against Russia and Belarus. The company complies with applicable sanctions regimes across the world and ensures that its business relationships including direct clients, intermediaries and markets are free from applicable sanctions. The company has a strong control framework in place to prevent any potential breach of sanctions. This includes sanctions checks covering directors, shareholders, and ultimate beneficial owners which are carried out ahead of new business, mid-term adjustment, claim payment or renewal. The company continues to actively monitor the situation as it develops and will respond accordingly as new sanctions are enacted.

Other than the events above, the directors are not aware of any post balance sheet events prior to the financial statements being signed that need to be disclosed or adjusted.
