Statement on Section 172(1)

The following Section 172 statement, which is required by the Companies Act 2006, describes how the directors have had regard to the matters set out in Section 172(1a to 1f) including key decisions and matters that are of strategic importance to the company. The Directors, in line with their duties under Section 172 of the Companies Act 2006, act in a way they consider, in good faith would be most likely to promote the success of the company for the benefit of its members as a whole, and in doing so have regard to a range of matters when making decisions for the long term.

From the perspective of the company, decisions and policies relating to Section 172(1) are determined at group level and applied to the company, where relevant, by the Directors. Accordingly, further details in relation to how the directors have engaged with suppliers, customers, employees and other stakeholders are included in the financial statements of Priory Group UK 1 Limited, an intermediate parent of the company, which includes the company and does not form part of this report.

2 Accounting policies (continued)

Going concern

The Directors have adopted the going concern basis in preparing these accounts after assessing the principal risks and having considered the impact of the COVID-19 pandemic. The going concern of Priory Group UK 1 Limited, an intermediate parent of the company, is discussed in the group's financial statements, which includes the company and does not form part of this report.

After making appropriate enquiries and having considered the business activities and principal risks and uncertainties, the directors of the group are satisfied that the group as a whole has adequate resources to continue in operational existence for the foreseeable future. As a result the intermediate parent company, Priory Group UK 1 Limited, has confirmed that it will continue to provide financial support to the company for the foreseeable future and for at least twelve months from the date of approval of these financial statements. Accordingly the financial statements have been prepared on the going concern basis.

Judgements

The preparation of the financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period then ended. Management bases its estimates on historical experience and various other assumptions that are considered to be reasonable in the particular circumstances. Actual results may differ from these estimates.

Tax

The tax expense for the period comprises current tax. Tax is recognised in profit or loss, except that a change attributable to an item of income or expense recognised as other comprehensive income is also recognised directly in other comprehensive income.

The current income tax charge is calculated on the basis of tax rates and laws that have been enacted or substantively enacted by the reporting date in the countries where the company operates and generates taxable income.

Investments

Investments in equity shares which are publicly traded or where the fair value can be measured reliably are initially measured at fair value, with changes in fair value recognised in profit or loss. Investments in equity shares which are not publicly traded and where fair value cannot be measured reliably are measured at cost less impairment.

Interest income on debt securities, where applicable, is recognised in income using the effective interest method. Dividends on equity securities are recognised in income when receivable.

Share capital

Ordinary shares are classified as equity. Equity instruments are measured at the fair value of the cash or other resources received or receivable, net of the direct costs of issuing the equity instruments. If payment is deferred and the time value of money is material, the initial measurement is on a present value basis.

Notes to the Financial Statements for the Year Ended 31 December 2019 (continued)

3 Directors' remuneration

The costs relating to the directors' services have been borne by Priory Central Services Limited, a fellow group company. No amounts have been recharged to the company in respect of the directors' services and the directors do not believe that it is practical to allocate these costs between group companies.
