## Directors' report

The directors present their report and the financial statements for the year ended 31 December 2012

#### Principal activities and business review

The principal activities of the company are the design, redevelopment, financing and operation of schools and associated services under the Government's Building Schools for the Future scheme for a period of twenty-seven years pursuant to and in accordance with the terms of an agreement with the Rochdale Metropolitan Borough Council This agreement together with a loan facilities agreement, a construction contract, a facilities management contract and other related contracts was signed on 11 January 2010 Construction of the school commenced in January 2010 and was completed in September 2011

The profit and loss account is set out on page 7 and relates to the operating activities during the year. The directors have recommended the payment of a dividend of £124,000 (2011 £ml)

The directors consider the performance of the company during the year, the financial position at the end of the year and its prospects for the future to be satisfactory

#### Principal risks and uncertainties

The company's principal activity as detailed above is risk averse as its trading relationships with its customer, funders and sub-contractors are determined by the terms of their respective detailed contracts. The financial risks and the measures taken to mitigate them are as detailed in the following section.

#### Credit risk

The company receives its revenue from a government body and therefore is not exposed to significant credit risk. The company draws funding, invests cash and enters into interest rate swap agreements with financial institutions. The credit quality of these institutions is reviewed by the directors on a regular basis. As such the company's exposure to credit risk is reduced.

#### Inflation risk

The company's project revenue and operating costs are linked to inflation at the inception of the project

#### Insurance risk

The company is exposed to the conditions prevailing in the insurance market at each renewal date. The directors manage this through close monitoring of the claims record of the project and through employing experienced broking organisations to obtain competitive insurance terms.

#### Interest rate risk

The company hedges its interest rate risk at the inception of the project by swapping its variable rate debt into a fixed rate by the use of an interest rate swap

## Directors' report (continued)

#### Principal risks and uncertainties (continued)

#### Lifecycle risk

The company is responsible for lifecycle costs. The directors manage this through asset inspection and consequential forecasting of asset replacement costs. A cash lifecycle fund will be held by the company to cover future anticipated replacement costs.

#### Liquidity risk

The company has adopted a cautious approach to liquidity management by endeavouring to maintain sufficient cash and liquid resources to meet its obligations as they fall due

#### Solvency and performance of sub-contractors

The solvency and performance of key-subcontractors is regularly monitored by the directors

#### Key performance indicators

The company's operations are managed under the supervision of its shareholders and funders and are largely determined by the detailed terms of the contract which stipulates the monitoring of the key performance criteria on operational activities detailed in the following section

#### Progress of the operations

The company monitors the operational performance by comparing it with the operational financial model. In respect of the year ended 31 December 2012 the company's operational performance against this measure was considered to be satisfactory.

#### Performance of the services

The client has the ability to levy financial penalties and/or require remedial action in the event that either performance standards are not achieved or accommodation is not available according to the detailed criteria set out in the project agreement. In respect of the year ended 31 December 2012 financial penalties have been levied, but these are considered manageable, and have been recovered from the facilities management and construction contractors.

#### Financial performance

The company has modelled the anticipated financial outcome of the project across its full term. The company monitors actual financial performance against anticipated performance. Income and expenditure for the year ended 31 December 2012, which are based on fixed long-term contracts, have been in line with the directors' expectations.

#### Safety performance

The company is committed to providing a safe environment for its sub-contractors and those impacted by its activities. Safety reports are provided at each board meeting. These are reviewed by the directors who monitor actual performance against anticipated performance using industry benchmarks. Appropriate action is taken where necessary in order to ensure that all matters raised are fully resolved and are compliant with safety regulations.

# Statement of directors' responsibilities in respect of the Directors' Report and the financial statements

The directors are responsible for preparing the Directors' Report and the financial statements in accordance with applicable law and regulations

Company law requires the directors to prepare financial statements for each financial year. Under that law they have elected to prepare the financial statements in accordance with UK Accounting Standards and applicable law (UK Generally Accepted Accounting Practice)

Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that year

In preparing these financial statements, the directors are required to

- select suitable accounting policies and then apply them consistently,
- make judgments and estimates that are reasonable and prudent,
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements, and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that its financial statements comply with the Companies Act 2006. They have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the company and to prevent and detect fraud and other irregularities.

## INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF INSPIREDSPACES ROCHDALE (PROJECTCO1) LIMITED

We have audited the financial statements of Inspiredspaces Rochdale (Projectcol) Limited for the year ended 31 December 2012 set out on pages 7 to 15 The financial reporting framework that has been applied in their preparation is applicable law and UK Accounting Standards (UK Generally Accounting Practice)

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members, as a body, for our audit work, for this report, or for the opinions we have formed

#### Respective responsibilities of directors and auditor

As explained more fully in the Directors' Responsibilities Statement set out on page 4 the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. Our responsibility is to audit, and express an opinion on, the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

#### Scope of the audit of the financial statements

A description of the scope of an audit of financial statements is provided on the Financial Reporting Council's website at www fre org uk/auditscopeukprivate

#### Opinion on financial statements

In our opinion the financial statements

- give a true and fair view of the state of the company's affairs as at 31 December 2012 and of its profit for the year then ended,
- · have been properly prepared in accordance with UK Generally Accepted Accounting Practice, and
- have been prepared in accordance with the requirements of the Companies Act 2006

#### Opinion on other matter prescribed by the Companies Act 2006

## INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF INSPIREDSPACES ROCHDALE (PROJECTCO1) LIMITED CONT'D

#### Matters on which we are required to report by exception

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us, or
- the financial statements are not in agreement with the accounting records and returns, or
- certain disclosures of directors' remuneration specified by law are not made, or
- we have not received all the information and explanations we require for our audit

#### Notes

(forming part of the financial statements)

#### 1 Accounting policies

The following accounting policies have been applied consistently in dealing with items which are considered material in relation to the company's financial statements

#### Basis of accounting

The financial statements have been prepared in accordance with applicable Accounting Standards using the historical cost convention

#### Going concern

The financial statements have been prepared on a going concern basis which assumes the company will continue in operational existence for the foreseeable future

The directors have reviewed the group's cash flow forecasts and profit projections. The forecasts demonstrate that the group expects to comply with its banking covenants and meet its liabilities as they fall due for the foreseeable future. The directors therefore believe it is appropriate for the financial statements to be prepared on a going concern basis.

#### Turnover and profit on long term Private Finance Initiative contract balances

Turnover and profit on long term Private Finance Initiative contracts are recognised in accordance with SSAP 9 Stocks and long term contracts and FRS 5 Application note F Private Finance Initiative and Similar Contracts

During the construction period, the amount of turnover attributable to the stage of completion of a long term contract is recognised when the outcome of the contract can be foreseen with reasonable certainty. No margin is recognised during the construction phase of the concession contract

Where the project's principal agreements transfer substantially all the risks and rewards of ownership to the customer, amounts recoverable under long term Private Finance Initiative contracts are transferred to a contract debtor. Following completion of construction, interest receivable is recognised on the contract debtor using an imputed rate to generate a constant return over the life of the contract. Over the course of the contract term, the contract debtor is expected to be fully repaid.

During the operational period, unitary charge income is allocated between reimbursement of the contract debtor (including imputed interest receivable) and service revenue. Service revenue reflects the income allocated to the services provided as part of the overall project. A margin is applied to costs incurred so as to achieve a constant return on the expenditure incurred over the life of the contract. This margin is calculated using total income forecast to be receivable over the concession, less all lifecycle and other operating costs forecast to be payable over the concession. This margin is reviewed annually by reference to the progress on the contract.

#### Interest payable and similar charges

Interest payable on bank borrowings and similar charges during the construction phase are capitalised as part of the contract receivable. In the operational phase amounts are charged to the profit and loss account as incurred

## Notes (continued)

#### 1 Accounting policies (continued)

#### Interest receivable and similar income

Other interest receivable and similar income is credited to the profit and loss account as earned

#### Deferred taxation

The charge for taxation is based on the result for each year and takes into account deferred taxation calculated in accordance with the requirements of FRS 19 Deferred taxation. Deferred tax assets or liabilities are calculated on a non-discounted full provision basis in respect of timing differences that are expected to reverse in future periods.

#### Cash flow statement

Under FRS 1 (revised) the company is exempt from the requirement to prepare a cash flow statement on the grounds that Inspiredspaces Rochdale (Holdings1) Limited, the company's ultimate parent undertaking, includes the company's cash flows in its own published consolidated cash flow statement

#### Finance costs

Financing costs are accounted for in accordance with FRS 4 Capital Instruments and are written off at a constant rate over the life of the financing to which they relate

The unamortised balance at the end of the year is set against the outstanding liability

#### Financial instruments

The company has entered into certain hedging agreements in respect of interest rates. These financial instruments are accounted for at cost

#### 2 Turnover

Turnover represents the value of work done and excludes value added tax

The company's sole business is that described in the Directors' Report and all turnover is derived in the United Kingdom

### 6 Taxation on result on ordinary activities (continued)

#### c) Factors that may affect future tax charges

A reduction in the UK corporation tax rate from 26% to 25% (effective from 1 April 2012) was substantively enacted on 5 July 2011, and further reductions to 24% (effective from 1 April 2012) and 23% (effective from 1 April 2013) were substantively enacted on 26 March 2012 and 3 July 2012 respectively

This will reduce the company's future current tax charge accordingly

The March 2013 Budget announced that the rate will further reduce to 20% by 2015 in addition to the planned reduction to 21% by 2014 previously announced in the December 2012 Autumn Statement

It has not yet been possible to quantify the full anticipated effect of the announced further 3% rate reduction, although this will further reduce the company's future current tax charge accordingly

There is no recognised or unrecognised deferred tax (2011 £nil)

Bank borrowings relate to term loan facilities granted by the bank on 11 January 2012. The loan facility is for a total value of £27,563,000 comprising of a £24,783,000 term loan facility and a £2,780,000 equity bridge facility. As at 31 December 2012 £24,330,000 (2011 £27,563,000) has been drawn comprising £24,330,000 (2011 £24,783,000) term loan and £nil (2011 £2,780,000) equity bridge loan. Loan issue costs in respect of these facilities have been deducted from the gross proceeds of the bank borrowings and are being amortised over the periods of the facilities as part of the finance costs in accordance with the provisions of FRS 4.

The term loan is repayable in six-monthly instalments which commenced on 31 March 2012 and will end on 29 February 2036. The equity bridge loan was repaid on 31 March 2012. Interest is charged on amounts drawn under the facilities based on floating LIBOR. The company has entered into an interest hedging agreement which fixes the interest rate at 4.765% until 29 February 2036. The fair value of this financial instrument at 31 December 2012 was a liability of £7,082,000 (2011 liability of £6,564,000).
