Note The IA86 and IR86 have been subject to a number of significant amendments since their original issue, including a number of substantial and important changes in April 2010 References to IA86 and IR86 in this report are to the legislation as it applies to this case

2. Introduction

We, Finbarr Thomas O'Connell, Henry Anthony Shinners and Anthony Cliff Spicer, of Smith & Williamson LLP, 25 Moorgate, London, EC2R 6AY and licensed insolvency practitioners, were appointed administrators of the Company on 17 October 2014

This report sets out our proposals in respect of the administration of the Company Appendix I contains information in respect of the Company and the administrators that is required under the IR86

Key points

- We were appointed administrators of the Company on 17 October 2014 under P 14 Sch B1 of the IA86 by the QFCH
- The objective of the administration is to achieve a better result for the Company's creditors as a whole than would be likely if the Company were wound up
- The administrators are currently holding confidential negotiations with a number of potential purchasers of the business
- The principal assets of the Company are interests in the freehold trading site, the plant
 and equipment, the Formula One racing cars and intellectual property. There are
 competing claims to ownership of the racing cars and the intellectual property between
 the Company and 1MRT. It has been agreed between the Company and 1MRT that
 when these assets are sold the proceeds from the assets which are subject to
 competing claims will be apportioned between the Company and 1MRT following a full
 legal analysis of the position.
- A number of staff were made redundant some months prior to our appointment, with the remaining c230 employees transferred to 1MRT the week prior to our appointment Since the administrators' subsequent appointment to 1MRT, the employees have been made redundant
- The Company has ceased to trade (However, 1MRT continues to operate as a Formula One Team)
- The Company has one secured creditor, who is owed an estimated £5 5m
- It is too early in the administration proceedings to comment in any detail on anticipated returns to creditors, however, it is possible that there will be a dividend by way of the prescribed part to unsecured creditors and in those circumstances, preferential creditors can be expected to be paid in full
- A meeting of creditors has been called to seek approval of our proposals as administrators
- At the creditors' meeting we will also be seeking approval of the basis of our remuneration and disbursements as set out at section 14, for payment of preappointment costs and expenses as set out at section 13, and for our discharge from liability upon our ceasing to act as administrators

4 Background to the administration

4 1 Historical

The Company historically formed part of a group of companies that were ultimately owned and controlled from April 2011 by Tony Fernandes and Kamarudin Meranun. The direct shareholder of the Company was 1MRT, the Malaysian registered company which holds the CaterhamF1 team entry for the Formula One World Championship. The Company provided the operational support (including car design and build, information technology, research, development and logistics) to the CaterhamF1 Team ("the Team") pursuant to a supply and technical support agreement with 1MRT. The Team has competed in the Formula One World Championship since 2010 (in 2010 as Lotus Racing and Team Lotus in 2011). The monies due from 1MRT were the sole source of revenue for the Company, which in turn existed solely to provide 1MRT with the support and equipment it needed to participate in Formula 1 and, in effect, the Companies were operated as if one entity

The Company operated from a freehold site based in Leafield, Oxfordshire, having relocated from a site in Hingham, Norwich at the end of 2013. The Leafield site was previously occupied by former motorsport teams Arrows and Super Aguri. In the 2011 and 2012 racing seasons, the team secured 10th place in the Constructors' Championship, before finishing 11th in 2013. A top ten finish secures a higher level of revenue from Formula One Management ("FOM") and this is reflected in the financial results.

The last audited accounts were for the period ended 31 December 2012, filed at Companies House in March 2014, showing a profit for the year of £4 838m, an increase of over £3m from the previous year. According to management accounts, the year ended 31 December 2013 also shows a profit of some £5 550m although these accounts are not considered to be entirely accurate given the treatment of the two companies as one entity.

4 2. Events leading up to administration

During the 2014 season, racing performances began to decline and in July it was announced that the Team was now owned by Engavest SA ("Engavest") SA a Swiss and Middle Eastern backed consortium represented by Colin Kolles. The exact course of events that followed until the administrators' appointment is uncertain, however, in that same month a number of new directors were appointed, including Romulus Kolles (Colin Kolles' father) and Michael Willmer, and approximately 50 of the Company's employees being dismissed without notice

In September 2014, 1MRT's 100% shareholding in the Company was sold for £1 to Constantin Cojocar, a retired Romanian footballer who had been performing caretaker/cleaner duties at the Leafield site, for the Company $\,$ Mr Cojocar was also appointed as the Company's sole director

The Company had not been paid by 1MRT for some time and its liabilities were increasing rapidly, with unsecured debts reaching an estimated £15m by October 2014 A creditor's winding up petition was presented in the High Court in Leeds on 19 September 2014, with a hearing date set for 11 November 2014

On 8 October 2014, some c230 staff employed by the Company were transferred to 1MRT, having been paid to 30 September 2014

During the week commencing 13 October, the Export-Import Bank of Malaysia Berhad ("EXIM Bank") as the sole qualifying floating charge holder received notice of the intention

to appoint administrators, by way of an application made by the Company to be heard in the High Court on 20 October 2014

EXIM Bank were concerned by recent events at the Company, by the fact it now had a sole director/shareholder who was unknown to it and by the intention to place the Company into administration without consultation with it as charge holder. Against this background, EXIM Bank exercised its right to appoint its own choice of administrator as QFCH and filed Form 2.6B, Notice to appoint joint administrators in the High Court of Justice on 17 October 2014, which was duly endorsed by the Court at 10.04am on that day

4 3 Appointment

We were thus appointed joint administrators of the Company and we are appointed to act jointly and severally in respect of the administration

The administration is registered in the High Court of Justice under reference number 7424 of 2014

The EC Regulation on Insolvency Proceedings 2000 applies to the administration The proceedings are main proceedings as defined by Article 3 of the Regulation The Company is based in the United Kingdom

5. Purpose of administration and strategy

The administrators must perform their functions with the objective of

- 1. rescuing the Company as a going concern, or
- achieving a better result for the Company's creditors as a whole than would be likely if the Company were wound up (without first being in administration), or
- 3 realising property in order to make a distribution to one or more secured or preferential creditors

In this case, the second objective above is being pursued

Section 7 provides details of the actions taken to date in pursuit of our strategy for the administration and section 10 details our proposals to achieve the purpose of the administration and to bring it to a conclusion in due course

6. Joint administrators' receipts and payments

A summary of our receipts and payments for the administration period from the date of our appointment to 30 November 2014 is attached at Appendix II This shows funds in hand of £877,600.56.

6 1 Trading receipts

As at 30 November 2014 we had received pledges totalling £236,068 through the crowdfunding process (see section 7 below for further details) This represents amounts donated by CaterhamF1 or Formula One supporters who wanted to see the Team race in

Abu Dhabi This amount excludes the base cost of any item purchased on the Crowdfunding site which has been recorded against a sale of the Company's stock. The administrators have adopted this accounting treatment in order to both comply with HMRC VAT regulations and to ensure that the costs associated with the Team racing in Abu Dhabi were not met from the sale of the Company's assets.

We have received £515,298 (\in 650,000) sponsorship income relating to drivers relating to the Team's participation in the Abu Dhabi grand prix. We anticipate receiving a further \in 100,000 of fees and \in 150,000 of VAT on the total fees very soon

Substantial non-cash benefits have been received by the Company through the Crowdfunding initiative. These mostly relate to support received by the Company from its race partners, being those parties whose co-operation is essential to allow the Team to race and to participate in the F1 Championships. For obvious reasons these non-cash benefits do not appear in the Company's receipts and payments account but we mention them here so that it is clear to the reader how the Team was able to compete in the Abu Dhabi Grand Prix

6.2 Trading payments

In order to assist the administrators and the Team race at the Abu Dhabi Grand Prix a number of former employees, each essential to the operation of the Team, volunteered their services. The administrators agreed to pay each volunteer a consultancy fee of £100 and expenses with regard to the trip of £1,900.

The costs associated with the crowdfunding fundraising are Crowdcube Capital Limited's ("Crowdcube") fees (calculated at 7.5% plus VAT on cash amounts received) and Stripe fees, which assists in the receipt of the online payments (calculated at 5% of amounts received)

The administrators paid £25,000 to the Company's current insurers in return for the existing policies to be extended to 31 January 2015. This allowed the Team to race at Abu Dhabi as well as preserving Directors and Officers (and other) insurance policies.

The other trading payments represent the costs associated with the Team's participation at the Abu Dhabi grand prix. This included £80,000 for fuel over the Abu Dhabi weekend.

Certain trading costs had not been paid by the 30 November 2014, including hotel bills, certain employee costs and the legal and other professional costs relating to Abu Dhabi Grand Prix It is estimated that the final trading surplus figure will be in the region of £75,000

Although the administrators received widespread support from the Formula One industry, a small number of key suppliers demanded some or all of the historical debts to be paid in order to release essential goods or services. These payments are recorded as ransom purchases (for goods) or payments (for services)

6 3 Other receipts

At the time of the administration appointment the Company had no cash available to meet the immediate and essential costs of securing and maintaining the Company's assets. The joint administrators arranged a short term funding facility of £250,000 with a finance house.

When the decision was taken to showcase the Team by participating in the Abu Dhabi grand prix an additional £150,000 funding facility was agreed, pending the Crowdfunding

and other cash coming through. The joint administrators expect to repay this facility, in full, shortly

The stock value of the rewards granted to the crowdfunding participants was £160,316 plus VAT. This sum is accounted for separately to the crowdfunding pledges received and is available for the benefit of the Company's creditors.

6.4 Other payments

The joint administrators have engaged consultants and professionals, including some former employees, to assist in updating the Company's payroll and accounting records

These consultants have allowed the administrators to submit all the necessary forms to the Insolvency Service very quickly despite the Company's payroll records being out of date and confused by the recent transfer of employees to 1MRT

Payments have also been made in securing and maintaining the Company's IT services

6 5 Accrued but unpaid costs and expenses

The Company has accrued approximately £60,000 of costs and expenses associated with the Abu Dhabi grand prix. This includes consultancy costs of c£11,000 and crowdfunding fulfilment costs of c£15,000.

The Company has also accrued premises related costs such as business rates and utilities

7. Conduct of the administration

Immediately on appointment, the administrators attended the Leafield site to secure the premises and Company assets. The 1MRT employees were still in situ, using the premises and performing their day to day roles just as they had done when they were employed by the Company, albeit there was a level of uncertainty and unrest following the transfer of their employment to 1MRT and the appointment of administrators over their former employer.

As is normal in any appointment we attempted to speak to Mr Constantin Cojocar, the sole director and shareholder of the Company Unfortunately, Mr Cojocar was not at Leafield and when one of the administrators phoned him on his mobile phone he indicated that he was in Germany working for the Kolles family. He has been unable to be of any assistance to the administrators whatsoever

We were informed that the sale of the Team that was reported to have taken place in July 2014 had not been completed, as certain of the conditions to the sale contract had not been met by Engavest and no consideration had been received by the seller. What was clear was that the directors appointed by 1MRT/Engavest had continued to trade the Company and make use of its assets to ensure the Team was able to race, whilst not paying many of the Company's creditors and significantly increasing its liabilities.

It also became apparent that the Company's affairs were in total disarray. Its financial records were hopelessly out of date and inaccurate. Assets had been appropriated by various parties, many of them directly or indirectly connected to the Company. We strongly suspect that there has been improper activity in the period leading up to our appointment and we are currently investigating this. Understanding the Company's financial position, piecing together the events that have resulted in the Company's

insolvency and adjudicating on the myriad of competing claims as to title to the assets have in the context of the disarray that has been allowed to prevail as regards the Company's affairs, been an extremely time-consuming and expensive exercise. This work will continue for the foreseeable future

The administrators initially sought to engage with 1MRT/Engavest, with a view to agreeing a fee for the use of the Company's assets as, although 1MRT held the Formula One World Championship entry, it could not continue to compete without the operational support provided by the Company

Following a meeting held between us and representatives of 1MRT/Engavest on 22 October 2014, it became evident that a commercial agreement could not be reached and that 1MRT was hopelessly unable to meet the costs of running a Formula 1 team

At this point, Engavest and the 1MRT management appointed by it, appeared to abandon the Team. They offered to hand management control of 1MRT to the Company's administrators but took no steps to put that into effect. The employees of 1MRT were not paid their salaries at the end of October 2014 and 1MRT's management were not communicating with them at all. 1MRT was clearly insolvent.

The Company is 1MRT's largest creditor because of unpaid amounts, (circa £33m) falling due under the supply and technical support agreement between the Companies. It was clearly not in the interests of the Company nor its creditors for 1MRT to continue in a management vacuum and we therefore took the following steps as regards 1MRT

- 1 We met with 1MRT's workforce at Leafield on 31 October 2014 While the employees were not our responsibility, at that stage, because their employment had transferred to 1MRT prior to our appointment, their transfer meant that the Company had also lost a significant asset as it was left without their know-how and technical expertise
 - It was clear that the best outcome for the Company's creditors would be achieved through a going concern sale of the Team and the work force were a critical part of that However, that could only be achieved through a sale of the shares in 1MRT, as that company held the Formula One race entry, combined with the business and assets of the Company
- 2 A going concern sale of the Team could only be achieved by 1MRT and the Company working together. We approached the legal owners of 1MRT and requested that, in the total absence of any engagement by 1MRT's directors, the shareholder (who by now we have been informed had repudiated the Sale and Purchase contract with Engavest) appoint new directors, who would be prepared to engage with the workforce and us. This was duly done on 31 October 2014 and it was established that 1MRT had accrued very substantial liabilities in addition to payroll, which it was unable to meet.
- 3 On 12 November 2014, we made an application to court for an administration order in respect of 1MRT, with the appointment of the same administrators as those appointed to the Company The court appointed us as administrators of 1MRT on 14 November 2014

We considered it vitally important that the Team be showcased as a fully functional Formula One Team, ready to participate in the 2015 season by competing in the final event of the 2014 Championship Doing so would also entitle the Team to the race

participation revenue for Abu Dhabi, having missed out on that income through non-participation in the U S and Brazil Grands Prix

With the Abu Dhabi Grand Prix scheduled for 21 to 23 November, our focus was to find a way for the Team to be able to compete at that event and for the necessary funds to be in place to meet the costs associated with the event without utilising creditor monies

Leveraging off the significant media coverage and public interest around the appointment of the administrators and the future of the Team, we decided to raise monies via crowdfunding. Crowdcube was selected to provide a platform for sponsors and fans to pledge money either by way of donation or in return for rewards such as Company merchandise, to raise funding to meet the costs of racing at the Abu Dhabi Grand Prix

Through a combination of Crowdfunding, sponsorship, sponsored driver income, support from key race partners and from FOM the administrators were successful in reaching the fund-raising target of £2 35m

Together with the workforce essential to the Team's participation at the Grand Prix, the administrators travelled to Abu Dhabi to meet with various parties who had expressed an interest in purchasing the Team and to meet with race partners and creditors. The former employees were paid a consultancy fee for their services and travel/subsistence costs.

Having concluded a successful race event, the administrators have continued to have encouraging discussions with several potential buyers, a process which is still ongoing at the date of these proposals

Some of the potential interest in the Team has occurred only because the Team raced at Abu Dhabi

It should be noted that the differential between the value of the Company's assets if sold as part of a functioning Formula One Team as opposed to them being sold on a break-up basis is very substantial. On this basis, the very real interest in purchasing the Team justifies the costs associated with attempting to sell the Team as a functioning Formula One Team.

7 1 Appointment of agents

Prior to our appointment but in anticipation of the appointment of the Company's choice of administrators, valuation agents Wyles Hardy & Co Ltd ("Wyles Hardy") had spent several weeks at the Leafield site preparing an inventory of the assets and compiling information for a sales pack in the event that the Company's business would be marketed for sale. On appointment, it was decided by the joint administrators that, given that they were known to us, the knowledge already accumulated by them and their considerable expertise in motor sport, and to avoid additional costs by replicating the work already undertaken, it was appropriate to engage Wyles Hardy to act as our valuation agents going forward

7 2 Chattel assets

The following items have a realisable value, which at this stage cannot be disclosed, given the commercially sensitive nature of the current negotiations regarding the sale of the business and/or assets. Suffice it to say that the Company's assets would have a significantly higher value in a going concern than on a break-up basis

- · Office furniture and equipment
- Computer equipment
- Pit equipment garage

Smith & Williamson

Caterham Sports Limited (in administration)

- Show cars
- Racing cars
- Race trailers and hospitality units
- Stock in trade
- Sea containers
- Intellectual property stored on computer equipment
- Merchandise/kit

There have been a high number of competing claims as to title to or claimed liens over many of these assets. We are considering the validity of these claims, some of which would have a material effect on the assets available in the administration.

7 3 Freehold premises

The trading site is freehold and is subject to a fixed charge granted to EXIM Bank. There are a number of tenants in occupation of various parts of the site on formal leases.

7 4 Book debts and other receipts

As outlined earlier in the report, the Company's revenue was derived solely from the agreement with 1MRT for the services provided in support of the Racing Team

The balance owed by 1MRT is estimated to be £33m at the date of appointment. The prospect of recoveries in this regard depends on the outcome of the administration of 1MRT. (It should be mentioned that in the Statement of Affairs of the Company attached to the earlier administration application prepared by/for Mr Constantin Cojocar this asset was shown as a liability in the amount of £20m. Clearly, this figure was mis-stated by £53m and this is a very serious issue, which might well have resulted in this asset being effectively written off in the books of the Company. We are currently investigating this matter.)

7 5 Other steps taken since appointment

We summarise below the other key matters that we have dealt with since our appointment. We have.

- Arranged security for the premises
- Retained members of the accounts team to produce critical financial and commercial information for the administrators
- Retained a member of the HR team to assist with all ex-employee matters
- Secured the very limited funds balances from the Company's former bank accounts
- Organised the production and dispatch of P45s to former employees and relevant returns to HMRC
- Isolated and recovered records of the Company where required for the purposes of the administration
- Dealt with a number of retention of title claims
- Returned and arranged the return of a number of items of third party equipment

8 Financial position at the date of administration

8 1 Estimated Financial Position of the Company

A SOA has not yet been received from the director, Constantin Cojocar He is not responding to attempts to contact him and it is likely that, despite his title, he does not have sufficient knowledge of the Company's financial position to enable him to complete a SOA

Attached as Appendix IV is a summary of the estimated financial position of the Company as at 30 September 2014, together with a list of creditors' names and addresses (attached at Appendix V) along with details of their debts (including details of any security held by them)

8 2 Charges and secured creditors

EXIM Bank holds a fixed and floating charge over the Company's assets At the date of the administration the indebtedness was estimated at £5,504,302 to which interest and charges will be added

8 3 Prescribed Part

The Company granted a floating charge to EXIM Bank on 12 July 2013 Accordingly, we are required to create a Prescribed Part fund for unsecured creditors out of the Company's net floating charge property

Based on present information, we anticipate there being sufficient net property (in excess of £10,000) to enable a dividend to be made to unsecured creditors by way of the Prescribed Part, however, we are unable to disclose the estimated value of the net property at present, due to the uncertainty around the prospect of a going concern sale of the Team, which contains assets of both the Company and 1MRT, and the commercially sensitive nature of the ongoing negotiations. Any reference to the anticipated dividend prospects at this stage in proceedings may have an adverse impact on the eventual outcome for the creditors.

An update will be provided in our next report to creditors

8 4 Preferential creditors

Prior to the transfer of individual employment contracts to 1MRT on 8 October 2014, the Company had over 230 employees, with approximately an additional 50 having been dismissed without notice in July 2014. Preferential claims in the Company's administration will be limited to amounts due to those dismissed in July 2014 in relation to unpaid wages and accrued holiday pay

Preferential claims may be settled in full, depending on the outcome of the current sale negotiations

8 5 Unsecured creditors

Unsecured creditors are estimated to be in the region of £16m, with approximately £7 2m of that amount being as yet unquantified. It is not for the joint administrators to

adjudicate upon the unsecured creditor claims and this will be undertaken by any subsequently appointed liquidator

9. Estimated outcome for creditors

At this stage in the proceedings it is too early to comment with any certainty on the expected level of return to each class of creditor

10. Proposals for achieving the purpose of administration

Our proposals for achieving the purpose of administration for the Company are as follows

- The administrators will continue to manage the affairs of the Company in order to achieve the purpose of the administration as set out in section 5 above
 - Practical steps to be taken for this purpose include but are not limited to
 - · A sale of the Race Team (if possible), and Company assets
 - Investigating the matters which have come to our attention as requiring further inspection and the affairs of the Company generally and pursuing recoveries if appropriate
 - Dealing with competing title claims for the assets and pursuing title to/recovery of Company assets which have been misappropriated
- The administrators along with the administrators of 1MRT, should take any action they consider necessary to achieve a sale of the business and assets of the team, as a going concern, to maximise returns to the administration estate
- III If having realised the assets of the Company, the administrators think that a distribution will be made to unsecured creditors, they propose petitioning the court for a winding-up order so that the distribution can be made Alternatively, they may place the Company into CVL (see section 11 for details)
- IV If the administrators consider it appropriate and cost effective to do so, they may make an application to court for permission to make a distribution to the unsecured creditors in the administration instead of moving the Company to liquidation and then making a distribution (Note If permission is granted, subject to the need for further investigations as detailed in the next section, the Company will exit into dissolution once the distribution has been made and the administration concluded)
- v If the administrators think that the Company has no property which might permit a distribution to its creditors, and they think it appropriate to do so, they may file a notice with the court and the Registrar of Companies for the dissolution of the Company
- vi The administrators shall do all such other things and generally exercise all of their powers as contained in Schedule 1 IA86, as they consider desirable or expedient to achieve the purpose of the administration
- vii The administrators propose asking creditors to consider establishing a creditors' committee. If such a committee is formed the creditors who become members of the committee will be responsible for sanctioning the basis of the administrators'

remuneration and disbursements, any unpaid pre-administration costs and any proposed actions on the part of the administrators. The committee will be able to make these decisions without the need to report back to a further meeting of creditors generally.

11. Exit route from administration

It is proposed that, at the appropriate time, the administrators will use their discretion to exit the administration by way of one of the following means

If having realised the assets of the Company, the administrators think that a distribution will be made to the unsecured creditors, they may file a notice with the Registrar of Companies which will have the effect of bringing the appointment of the administrators to an end and will move the Company automatically into CVL in order that the distribution can be made, but only if they consider that the associated incremental costs of a CVL are justified and that a compulsory liquidation would not be a more beneficial option. In these circumstances, it is proposed that the administrators will become the joint liquidators of the CVL or in a compulsory liquidation, should that option be chosen. The acts of the joint liquidators may be undertaken by either, any or all of them

Creditors have the right to nominate alternative liquidators of their choice. To do this, creditors must make their nomination in writing to the administrators prior to these proposals being approved. Where this occurs, the administrators will advise creditors and provide the opportunity to vote. In the absence of a nomination, the administrators will automatically become the joint liquidators of the Company in the subsequent CVL or compulsory liquidation, should that option be chosen

- If the administrators have, with the permission of the court, made a distribution to unsecured creditors, or they think that the Company otherwise has no property which might permit a distribution to its unsecured creditors, subject to there being a need for further investigations as described below, they may file a notice, together with their final progress report, at court and with the Registrar of Companies for the dissolution of the Company The administrators will send copies of these documents to the Company and its creditors. The administrators' appointment will end following the registration of the notice by the Registrar of Companies
- III Under the insolvency legislation liquidators have greater powers to bring actions for civil claims than administrators. Consequently, if the administrators believe there are matters requiring further investigation by a liquidator or the Official Receiver, or that there are civil claims with a good prospect of success that may be pursued by a liquidator, but not by an administrator, or that there are other compelling reasons for doing so, the Company may be wound up by the court as a compulsory liquidation and the administrators are authorised to take the necessary actions relating to any of the options
- The administrators shall exercise their sole discretion in deciding whether the Company should be placed into CVL or wound up through the court
- If a creditors' committee is established the administrators will consult with its members as to the most appropriate means of exiting the administration
- That the costs of Smith & Williamson LLP, or any of its associated companies or entities, in respect of tax, VAT, corporate finance and financial advice to the joint

administrators, be based upon time costs and shall be paid out of the assets of the Company

12. Other matters relating to the conduct of the administration

The matters detailed below are not considered to be part of the proposals but are intended to provide creditors with information concerning the remaining statutory and other matters that must be dealt with in the administration

- Report on the conduct of the directors to the Department for Business, Innovation and Skills This obligation arises under the Company Directors' Disqualification Act 1986 Creditors should note that the content of any submission is strictly confidential and under no circumstances will discussions be entered into regarding this
- Agreeing and making payment of preferential claims, subject to availability of funds
- Agreeing the claims of and making payment to secured creditors, including floating charge holders in accordance with their respective priorities, subject to availability of funds
- Filing corporation tax returns and obtaining tax clearance in respect of the administration period
- Paying all costs and expenses of the administration once any required approval has been obtained
- Further statutory reporting as required by IA86 and IR86

13 Pre-administration costs and expenses

13.1 Pre-administration costs

Pre-administration costs are defined as fees charged and expenses incurred by the administrators or another person qualified to act as an insolvency practitioner before the Company entered administration (but with a view to its doing so), and "unpaid preadministration costs" are pre-administration costs which had not been paid when the Company entered administration

Our total time costs in assisting the floating charge holder prior to our appointment as administrators are £22,818 75 plus VAT As at the date of this report none of these costs have been paid. A summary of the work carried out is as follows

- Smith & Williamson LLP were approached for assistance during the week commencing 13 October 2014, with their appointment as administrators formalised on Friday 17 October. The interim period was spent in meetings with EXIM Bank's advisers and with representatives of the wider Caterham group (in their position as creditors and tenants in the Company's premises), to attempt to establish the Company's financial position and to decide upon the best course of strategy for the Company and its creditors. Options available were limited as there was an existing administration order hearing scheduled for Monday 20th October, an outstanding winding up petition and several other creditors threatening enforcement action.
- Ensuring that Smith & Williamson LLP's client identification requirements were satisfied

- Our legal advisors, Mishcon de Reya Solicitors have incurred £10,286 assisting us with providing the documents necessary for the administration appointment and providing advice with regard to the all legal and contractual matters concerning the position of the Company during this period
- As detailed elsewhere in this report, Wyles Hardy had been working with the Company for a number of weeks prior to our appointment and we retained their services following our involvement with the Company's affairs

Pre-appointment fees charged and expenses incurred by us are detailed below

	Total amount	Amount	Who made	Amount
Charged by/services	charged	paid	payment	unpaid
provided	£	£		£
Smith & Williamson LLP	22,818 75	Nil	N/A	22,818 75
Mischon de Reya Solicitors	10,286 00	Nil	N/A	10,286 00
Wyles Hardy & Co Ltd	51,577 77	Nil	N/A	51,577 77
Total	84,682 52	-		84,682 52

The payment of the unpaid pre-administration costs set out above as an expense of the administration is subject to the approval of creditors, separately from the approval of the administrators' proposals. This approval will be the responsibility of the creditors' committee if one is appointed or alternatively by resolution of a meeting of creditors where there is no committee.

14. Joint administrators' remuneration and disbursements

The basis of the administrators' remuneration may be fixed as one or more of the following bases and different bases may be fixed in respect of different things done by them

- as a percentage of the value of the assets they have to deal with, or
- by reference to time properly spent by the administrators and their staff in attending to matters arising in the administration, or
- · as a set amount

In this case, the administrators are seeking approval for the basis of their remuneration as follows

• By reference to the time properly spent by the administrators and their staff in attending to matters arising in the administration

Where no creditors' committee is appointed, approval of the administrators' remuneration shall be fixed by resolution of a meeting of creditors or, where the administrators think that the company has insufficient property to enable a distribution to be made to the unsecured creditors (other than via the Prescribed Part), approval will be sought from the secured and (if necessary) the preferential creditors in accordance with R2 106 IR86

The administrators' time costs at 30 November 2014 are £ 1,210,115 80 This represents 2,339 95 hours at an average rate of £517 15 per hour

Attached at Appendix III is a time analysis which provides details of the activity costs incurred by staff grade to the above date

A copy of "A Creditors' Guide to Administrator's fees" is available on request or can be downloaded from the R3 website

http://www.r3.org.uk/media/documents/publications/professional/Guide to Administrator s Fees Nov2011 pdf

Details of Smith & Williamson LLP's charge out rates and policies in relation to the use of staff are provided at Appendix VI

14 1 S&WFS

S&WFS, a company associated with Smith & Williamson LLP, has assisted the administrators in dealing with the Company's pension affairs and has provided financial advice on the potential sale of the business and its assets. Payments to parties in which administrators or their firm have an interest must be disclosed to, and approved by, creditors in a similar way as approval of the administrators' remuneration.

The administrators are seeking approval for S&WFS' fees to be paid on a time costs basis S&WFS' time costs for the period from the commencement of the administration to 30 November 2014 are £66,274 75 This represents 138 15 hours at an average rate of £484 07 per hour

Details of S&WFS' charge out rates are included at Appendix VI

Approval for S&WFS time costs and Category 2 disbursement (see below) recovery will be sought in the same manner to seeking approval of the administrators' remuneration

14 2 Category 2 disbursements

Since our appointment we have incurred the following Category 2 disbursements

Cost
Description

£
Business mileage @ HMRC rates

68 85

In accordance with SIP 9, Remuneration of Insolvency Office Holders, the administrators will be seeking approval to draw Category 2 disbursements as and when funds are available, in accordance with Smith & Williamson's disbursement recovery policy

15. Subcontractors and professional advisors

Details of Smith & Williamson's policies regarding the use of subcontractors and professional advisors is set out at Appendix VI

Subcontractors

We have utilised the services of the following subcontractors. The nature of the work provided and the basis upon which fees were agreed is also set out below. The arrangement with each subcontractor is subject to regular review.

	Basis of fee	Costs incurred in	Costs paid in
Provider/service	Arrangement	current period	current period
		£	£
Bookcheck Limited	Rate per employee	1,204 87	1,204 87
(P45s,employee admin)	claim or hourly rate		
	agreed		

16 1 Professional advisors

We have used the professional advisers listed below. We have also indicated alongside the basis of our fee arrangement with them, which is subject to review on a regular basis

		Costs	Costs
Professional adviser/service	Basis of fee arrangement	incurred	paid
		£	£
Mischon de Reya Solicitors (legal advice re sale of business, appointment, ROT claims etc)	Hourly rate and disbursements	191,753 00	Nil
Wyles Hardy & Co Ltd (valuation and disposal advice)	Hourly rate and disbursements	136,039 97	Nil
Total		327,792 97	Nil

17 Meeting of creditors

An initial meeting of the Company's creditors is being convened to approve the administrators' proposals, remuneration and disbursements and payment of unpaid pre-appointment costs and expenses. Creditors will also be asked to approve the administrators' discharge from liability. Subject to approval being granted, the administrators will be discharged from liability under P98 SchB1 immediately upon their appointment as administrators ceasing to have effect.

The meeting will be held on Monday 22 December 2014 at 10 00am at Smith & Williamson LLP, 25 Moorgate, London EC2R 6AY Form 2 20B "Notice of a meeting of Creditors" is annexed to this report. Further information on the meeting is contained in the letter accompanying this report.

18. Next report and creditors' rights

The administrators are required to provide a progress report within one month of the end of the first six months of the administration or earlier if the administration has been finalised

From receipt of the first progress report, creditors have rights under IR86 to request further information and to challenge the administrators' remuneration and/or expenses incurred. In summary

- Within 21 days of the receipt of a progress report, a secured creditor, or an unsecured creditor (with the concurrence of at least 5% in value of the unsecured creditors or otherwise with the court's permission) may request in writing that the administrators provide further information about their remuneration or expenses which have been itemised in the report
- Any secured creditor, or an unsecured creditor (with the concurrence of at least 10% in value of the unsecured creditors or otherwise with the court's permission) may within 8 weeks of receipt of a progress report make an application to court on the grounds that, in all the circumstances, the basis fixed for the administrators' remuneration is inappropriate and/or the remuneration charged or the expenses incurred (including any paid) by the administrators, as set out in the report, are excessive

Further information regarding creditors' rights is available on application to the administrators

VI Staffing, charging, subcontractor and adviser policies and charge out rates

Introduction

Detailed below are:

- · Smith & Williamson LLP's policies in relation to
 - Staff allocation and the use of subcontractors
 - Professional advisers including S&WFS
 - Disbursement recovery
- Smith & Williamson LLP's and S&WFS' current charge out rates

Staff allocation and the use of subcontractors

Our general approach to resourcing our assignments is to allocate staff with the skills and experience to meet the specific requirements of the case

The constitution of the case team will usually consist of a partner and a partner or associate director as joint office holders, a manager, and an administrator or assistant. The exact constitution of the case team will depend on the anticipated size and complexity of the assignment and the experience requirements of the assignment. The charge out rate schedule below provides details of all grades of staff and their experience level.

We may use subcontractors to perform work which might ordinarily be carried out by us and our staff where it is cost effective to do so and/or where the specific expertise offered by the subcontractor is required

Details of any subcontractors' services utilised in the period covered by this report are set out in the body of this report

Use of professional advisers

We select professional advisers such as agents and solicitors on the basis of balancing a number of factors including

- The industry and/or practice area expertise required to perform the required work
- · The complexity and nature of the assignment
- The availability of resources to meet the critical deadlines in the case
- The charge out rates or fee structures that would be applicable to the assignment
- The extent to which we believe that the advisers in question can add value to the assignment

S&WFS

S&WEBC is a pensions consultancy firm which specialises in providing advice to Insolvency Practitioners on their appointment in relation to all aspects of pensions. It is a division of S&WFS, a company associated with Smith & Williamson LLP

S&WEBC may be engaged to deal with the Company's pension affairs. Payments to parties in which the administrators or their firm have an interest must be disclosed to, and approved by, creditors. Fees for their services are accrued on a time costs basis. Consequently, details of the charge out rates for S&WEBC are provided to creditors.

Disbursements

Category 1 disbursements do not require approval by creditors. The type of disbursements that may be charged as a Category 1 disbursement to a case generally comprise external supplies of incidental services specifically identifiable to the case, such as postage, case advertising, invoiced travel and external printing, room hire and document storage. Also chargeable will be any properly reimbursed expenses incurred by personnel in connection with the case

Category 2 disbursements do require approval from creditors. These are costs which are directly referable to the appointment in question but are not payments which are made to an independent third party and may include shared or allocated costs that can be allocated to the appointment on a proper and reasonable basis such as internal room hire, document storage or business mileage

Since 7 July 2012 Smith & Williamson LLP's policy is to recover only one type of Category 2 disbursement, namely business mileage at HMRC's approved mileage rates at the relevant time Current mileage rates are 45p per mile plus 5p per passenger per mile Prior to 7 July 2012 approval may have been obtained to recover other types of Category 2 disbursements

Details of any Category 2 disbursements incurred and/or recovered in the period covered by this report are set out in the body of this report

Charge out rates

The rates applicable to this appointment are set out below. There have been no changes to the charge out rates during the period of this report.

Restructuring & Recovery Services Charge out rates from 1 July 2014	London office £/hr	Regional offices £/hr
Partner	625	350
