## **Directors' report**

The directors present their directors' report and financial statements for the year ended 31 December 2019.

The directors have taken advantage of the small companies exemption in preparing the directors' report and in not preparing a strategic report.

### **Principal activities**

The principal activity of the company is property development and the operation of a historic country house exclusive use venue.

### **Business review**

The trading results for the year and the company's financial position at the end of the year are shown in the attached financial statements.

### **Proposed dividend**

The directors do not recommend the payment of a dividend (2018: £nil).

### **Directors**

The directors who held office during the year and up to the date of signing this report were as follows:

JDR Fothergill  
JP Pickering  
JKR Fothergill (appointed 20 October 2020)

### **Political contributions**

The company made no political donations or incurred any political expenditure during the year.

### **Disclosure of information to auditor**

The directors who held office at the date of approval of this directors' report confirm that, so far as they are each aware, there is no relevant audit information of which the company's auditor is unaware; and each director has taken all the steps that they ought to have taken as a director to make themselves aware of any relevant audit information and to establish that the company's auditor is aware of that information.

### **Auditor**

During the year KPMG LLP resigned as the company's auditors and RSM UK Audit LLP were appointed in their place. Pursuant to Section 487 of the Companies Act 2006, the auditor will be deemed to be reappointed and RSM UK Audit LLP will therefore continue in office.

## Directors' report (*continued*)

### Post balance sheet events

Following the year end, the economy has been impacted by the global coronavirus pandemic which has created significant challenges and high levels of uncertainties for all companies. Throughout the pandemic the wider Group has continued to trade profitably and generate operating cashflow, benefitting from a diverse customer base across multiple sectors. Whilst the precise ongoing impact of the pandemic is uncertain, the Group forecasts and projections (which take into account the actual effect and impact of the COVID 19 outbreak to date) demonstrate the Group remains in a solid financial position with sufficient liquidity to meet all reasonably foreseeable business scenarios. Further details are provided in the going concern accounting policy.

By order of the board

22 December 2020

## **Statement of directors' responsibilities in respect of the directors' report and the financial statements**

The directors are responsible for preparing the directors' report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law they have elected to prepare the financial statements in accordance with UK accounting standards and applicable law (UK Generally Accepted Accounting Practice), including FRS 102 *The Financial Reporting Standard applicable in the UK and Republic of Ireland*.

Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable UK accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- assess the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern; and
- use the going concern basis of accounting unless they either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are responsible for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error, and have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the company and to prevent and detect fraud and other irregularities.

## **Independent auditor's report to the members of First Sight Estates Limited**

### **Opinion**

We have audited the financial statements of First Sight Estates Limited (the 'company') for the year ended 31 December 2019 which comprise the profit and loss account, balance sheet, statement of changes in equity and notes to the financial statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" (United Kingdom Generally Accepted Accounting Practice).

In our opinion, the financial statements:

- give a true and fair view of the state of the company's affairs as at 31 December 2019 and of its loss for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice;
- have been prepared in accordance with the requirements of the Companies Act 2006.

### **Basis for opinion**

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### **Conclusions relating to going concern**

We have nothing to report in respect of the following matters in relation to which the ISAs (UK) require us to report to you where:

- the directors' use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
- the directors have not disclosed in the financial statements any identified material uncertainties that may cast significant doubt about the company's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the financial statements are authorised for issue.

### **Other information**

The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. The directors are responsible for the other information. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

### **Opinions on other matters prescribed by the Companies Act 2006**

In our opinion, based on the work undertaken in the course of the audit:

- the information given in directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- directors' report has been prepared in accordance with applicable legal requirements.

### **Matters on which we are required to report by exception**

In the light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified material misstatements in the directors' report.

## **Independent auditor's report to the members of First Sight Estates Limited (continued)**

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit; or
- the directors were not entitled to prepare the financial statements in accordance with the small companies regime and take advantage of the small companies exemption from the requirement to prepare a strategic report or in preparing the directors' report.

### **Responsibilities of directors**

As explained more fully in the directors' responsibilities statement set out on page 1, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

### **Auditor's responsibilities for the audit of the financial statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the

Financial Reporting Council's website at: <http://www.frc.org.uk/auditorsresponsibilities> This description forms part of our auditor's report.

### **Use of our report**

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

## Notes

*(forming part of the financial statements)*

### 1 Accounting policies

First Sight Estates Limited (the "company") is a company limited by shares and incorporated, domiciled and registered in the UK.

The company is exempt by virtue of s400 of the Companies Act 2006 from the requirement to prepare group financial statements. These financial statements present information about the company as an individual undertaking and not about its group.

These financial statements were prepared in accordance with Financial Reporting Standard 102 *The Financial Reporting Standard* applicable in the UK and Republic of Ireland ("*FRS 102*"). The presentation currency of these financial statements is sterling. All amounts in the financial statements have been rounded to the nearest £1,000.

The company's ultimate parent undertaking, Kiplun Limited, includes the company in its consolidated financial statements. The consolidated financial statements of Kiplun Limited are available to the public and may be obtained from Cleveland House, Norton Road, Stockton-on-Tees, Cleveland, TS20 2AQ. In these financial statements, the company is considered to be a qualifying entity (for the purposes of this FRS) and has applied the exemptions available under FRS 102 in respect of the following disclosures:

- Reconciliation of the number of shares outstanding from the beginning to end of the period;
- Cash flow statement and related notes; and
- Key management personnel compensation.

As the consolidated financial statements of Kiplun Limited include the equivalent disclosures, the company has also taken the exemptions under FRS 102 available in respect of the following disclosures:

- The disclosures required by FRS 102.11 *Basic Financial Instruments* and FRS 102.12 *Other Financial Instrument Issues* in respect of financial instruments not falling within the fair value accounting rules of Paragraph 36(4) of Schedule 1.

The accounting policies set out below have, unless otherwise stated, been applied consistently to all periods presented in these financial statements.

Judgements made by the directors, in the application of these accounting policies that have significant effect on the financial statements and estimates with a significant risk of material adjustment in the next year are discussed in note 17.

#### **Measurement convention**

The financial statements are prepared on the historical cost basis.

#### **Going concern**

The company meets its day-to-day working capital requirements through existing cash reserves but is subject to cross guarantee banking arrangements with other Group undertakings. The following analysis considers the position of the Group as a whole.

The Group meets its day-to-day working capital requirements through operating cash flows, cash reserves and overdraft facilities. The Group's bank overdraft is a rolling facility which is due for renewal in August 2021, when the directors anticipate that this will continue under the same terms. At the year end the Group had cash at bank of £5.3m, and overdraft of £6.9m and property related bank term loans of £1.2m. The Group has no other external debt, having repaid the final £0.4m of a bank term loan during the year.

The Group's trading and cash flow forecasts have been prepared for the period to 31 December 2021 and include actual results for the first eight months of 2020, a period which includes the national lockdown as a result of the coronavirus pandemic. Throughout the pandemic the Group has continued to trade profitably and generate significant operating cashflow, benefiting from a diverse customer base which includes NHS, large supermarket chains and distribution operations. The Group cash position has remained very strong, with significant headroom against the Group facility throughout 2020, reflecting the profitable nature of operations together with actions taken to reduce costs in response to the pandemic.

## **Notes (continued)**

### **1 Accounting policies (continued)**

The Group forecasts and projections, which take into account the actual effect and impact of the Covid-19 outbreak and include reasonably possible scenarios for future impacts of the ongoing pandemic, show that the Group is expected to have a sufficient level of financial resources available to meet its liabilities as they fall due. On this basis the directors consider the Group remains in a solid financial position with sufficient liquidity to meet all foreseeable business scenarios.

After considering the above in detail, the directors consider and have concluded that the company will have adequate resources to continue in operational existence for the foreseeable future. For these reasons they continue to adopt a going concern basis in the preparation of the financial statements.

#### ***Foreign currency***

Transactions in foreign currencies are translated to the company's functional currency at the foreign exchange rate ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies at the balance sheet date are retranslated to the functional currency at the foreign exchange rate ruling at that date. Foreign exchange differences arising on translation are recognised in the profit and loss account.

#### ***Classification of financial instruments issued by the company***

In accordance with FRS 102.22, financial instruments issued by the company are treated as equity only to the extent that they meet the following two conditions:

- (a) they include no contractual obligations upon the company to deliver cash or other financial assets or to exchange financial assets or financial liabilities with another party under conditions that are potentially unfavourable to the company; and
- (b) where the instrument will or may be settled in the company's own equity instruments, it is either a non-derivative that includes no obligation to deliver a variable number of the company's own equity instruments or is a derivative that will be settled by the company's exchanging a fixed amount of cash or other financial assets for a fixed number of its own equity instruments.

To the extent that this definition is not met, the proceeds of issue are classified as a financial liability. Where the instrument so classified takes the legal form of the company's own shares, the amounts presented in these financial statements for called up share capital and share premium account exclude amounts in relation to those shares.

#### ***Basic financial instruments***

##### ***Trade and other debtors / creditors***

Trade and other debtors are recognised initially at transaction price less attributable transaction costs. Trade and other creditors are recognised initially at transaction price plus attributable transaction costs. Subsequent to initial recognition they are measured at amortised cost using the effective interest method, less any impairment losses in the case of trade debtors. If the arrangement constitutes a financing transaction, for example if payment is deferred beyond normal business terms, then it is measured at the present value of future payments discounted at a market rate of instrument for a similar debt instrument.

##### ***Investments in subsidiaries***

These are separate financial statements of the company. Investments in subsidiaries are carried at cost less impairment.

##### ***Tangible fixed assets***

Tangible fixed assets are stated at cost less accumulated depreciation and accumulated impairment losses.

Where parts of an item of tangible fixed assets have different useful lives, they are accounted for as separate items of tangible fixed assets, for example land is treated separately from buildings.

The company assesses at each reporting date whether tangible fixed assets are impaired.

## Notes (continued)

### 1 Accounting policies (continued)

Depreciation is charged to the profit and loss account on a straight-line basis over the estimated useful lives of each part of an item of tangible fixed assets. The estimated useful lives are as follows:

- freehold buildings 10 years
- plant and machinery 10 years
- fixtures and fittings 10 years
- motor vehicles 5 years

Depreciation methods, useful lives and residual values are reviewed if there is an indication of a significant change since last annual reporting date in the pattern by which the company expects to consume an asset's future economic benefits.

### *Research and development*

Expenditure on research activities is recognised in the profit and loss account as an expense as incurred.

### *Stocks*

Stocks are stated at the lower of cost and estimated selling price less costs to complete and sell. Cost includes expenditure incurred in acquiring the stocks, production or conversion costs and other costs in bringing them to their existing location and condition. In the case of manufactured stocks and work in progress, cost includes an appropriate share of overheads based on normal operating capacity.

### *Impairment excluding stocks and deferred tax assets*

#### *Financial assets (including other debtors)*

A financial asset not carried at fair value through profit or loss is assessed at each reporting date to determine whether there is objective evidence that it is impaired. A financial asset is impaired if objective evidence indicates that a loss event has occurred after the initial recognition of the asset, and that the loss event had a negative effect on the estimated future cash flows of that asset that can be estimated reliably.

An impairment loss in respect of a financial asset measured at amortised cost is calculated as the difference between its carrying amount and the present value of the estimated future cash flows discounted at the asset's original effective interest rate. For financial instruments measured at cost less impairment an impairment is calculated as the difference between its carrying amount and the best estimate of the amount that the company would receive for the asset if it were to be sold at the reporting date. Interest on the impaired asset continues to be recognised through the unwinding of the discount. Impairment losses are recognised in profit or loss. When a subsequent event causes the amount of impairment loss to decrease, the decrease in impairment loss is reversed through profit or loss.

#### *Non-financial assets*

The carrying amounts of the company's non-financial assets, other than stocks and deferred tax assets, are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated. The recoverable amount of an asset or cash-generating unit is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. For the purpose of impairment testing, assets that cannot be tested individually are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or groups of assets (the "cash-generating unit").

An impairment loss is reversed if and only if the reasons for the impairment have ceased to apply.

Impairment losses recognised in prior periods are assessed at each reporting date for any indications that the loss has decreased or no longer exists. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

## Notes (continued)

### 1 Accounting policies (continued)

#### *Employee benefits*

##### *Defined contribution plans and other long term employee benefits*

A defined contribution plan is a post-employment benefit plan under which the company pays fixed contributions into a separate entity and will have no legal or constructive obligation to pay further amounts. Obligations for contributions to defined contribution pension plans are recognised as an expense in the profit and loss account in the periods during which services are rendered by employees.

##### *Termination benefits*

Termination benefits are recognised as an expense when the company is demonstrably committed, without realistic possibility of withdrawal, to a formal detailed plan to either terminate employment before the normal retirement date, or to provide termination benefits as a result of an offer made to encourage voluntary redundancy. Termination benefits for voluntary redundancies are recognised as an expense if the company has made an offer of voluntary redundancy, it is probable that the offer will be accepted, and the number of acceptances can be estimated reliably. If benefits are payable more than 12 months after the reporting date, then they are discounted to their present value.

##### *Provisions*

A provision is recognised in the balance sheet when the company has a present legal or constructive obligation as a result of a past event, that can be reliably measured and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are recognised at the best estimate of the amount required to settle the obligation at the reporting date.

Where the company enters into financial guarantee contracts to guarantee the indebtedness of other companies within its group, the company treats the guarantee contract as a contingent liability until such time as it becomes probable that the company will be required to make a payment under the guarantee.

##### *Turnover*

Turnover represents the amounts receivable in the ordinary course of business from the provision of goods and services to customers. Turnover is measured at the fair value of the right to consideration net of sales related rebates, discounts and value added tax.

The company recognises revenue at the point of sale of goods and for services when they have been provided. Turnover represents the amounts (excluding value added tax) derived from the provision of goods and services to customers.

Turnover is derived from the principal activity, wholly undertaken in the UK.

##### *Taxation*

Tax on the profit or loss for the year comprises current and deferred tax. Tax is recognised in the profit and loss account except to the extent that it relates to items recognised directly in equity or other comprehensive income, in which case it is recognised directly in equity or other comprehensive income.

Current tax is the expected tax payable or receivable on the taxable income or loss for the year, using tax rates enacted or substantively enacted at the balance sheet date, and any adjustment to tax payable in respect of previous years.

Deferred tax is provided on timing differences which arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in the financial statements. The following timing differences are not provided for: differences between accumulated depreciation and tax allowances for the cost of a fixed asset if and when all conditions for retaining the tax allowances have been met; and differences relating to investments in subsidiaries, to the extent that it is not probable that they will reverse in the foreseeable future and the reporting entity is able to control the reversal of the timing difference. Deferred tax is not recognised on permanent differences arising because certain types of income or expense are non-taxable or are disallowable for tax or because certain tax charges or allowances are greater or smaller than the corresponding income or expense.

Deferred tax is measured at the tax rate that is expected to apply to the reversal of the related difference, using tax rates enacted or substantively enacted at the balance sheet date.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

## Notes (continued)

### 2 Expenses and auditor's remuneration

*Included in profit/(loss) are the following:*

	2019 £000	2018 £000
Depreciation of tangible fixed assets	409	407

*Auditor's remuneration:*

	2019 £000	2018 £000
Audit of these financial statements	9	9

Amounts receivable by the company's auditor and its associates in respect of services to the company and its associates, other than the audit of the company's financial statements, have not been disclosed as the information is required instead to be disclosed on a consolidated basis in the consolidated financial statements of the company's parent, Kiplun Limited.

### 3 Staff numbers and costs

The average number of persons employed by the company (including directors) during the year, analysed by category, was as follows:

	Number of employees 2019	2018
Directors	2	2
Administration	27	16
	29	18

The aggregate payroll costs of these persons were as follows:

	2019 £000	2018 £000
Wages and salaries	392	313
Social security costs	29	25
Contributions to defined contribution plans (see note 11)	9	4
	430	342

### 4 Directors' remuneration

No remuneration was paid to the directors by the company during the current or preceding year, but was paid on behalf of the Company by another company within the Group.

## Notes (continued)

### 5 Taxation

#### Total tax expense recognised in the profit and loss account

	2019 £000	2018 £000
<i>Current tax – group relief</i>		
Consideration received for losses transferred as group relief	(224)	(187)
<i>Deferred tax (see note 10)</i>		
Origination and reversal of timing differences	62	39
Total tax credit	(162)	(148)

#### Reconciliation of effective tax rate

	2019 £000	2018 £000
Loss for the year	(816)	(788)
Total tax credit	(162)	(148)
Loss excluding taxation	(978)	(936)
Tax using the UK corporation tax rate of 19% (2018: 19%)	(186)	(178)
Non-deductible expenses	31	34
Effect of decreased tax rate	(7)	(4)
Total tax credit included in profit or loss	(162)	(148)

#### Factors that may affect future current and total tax charges

The company has trading losses of £12,000 (2018: £12,000) to carry forward against future taxable profits.

A reduction in the UK corporation tax rate from 19% to 17% (effective from 1 April 2020) was substantively enacted on 6 September 2016.

The deferred tax asset at 31 December 2019 has been calculated based on the rate of 17% substantively enacted at the balance sheet date.

In the Budget on 3 March 2020, the Chancellor announced that the planned reduction in the UK corporation tax rate would not go ahead and that the rate would remain at 19% from 1 April 2020.

The company has surrendered UK corporation tax losses to fellow group undertakings. The amount of tax saved for the group undertaking has been reflected in the tax credit and the remainder classed as capital contribution.

The holders of ordinary shares are entitled to receive dividends as declared from time to time and are entitled to one vote per share at meetings of the company.

## Notes (continued)

### 13 Financial instruments – carrying amount of financial instruments

The carrying amounts of the financial assets and liabilities include:

	2019 £000	2018 £000
Assets measured at amortised cost	8,125	6,957
Liabilities measured at amortised cost	(12,854)	(11,940)
	<u>          </u>	<u>          </u>

### 14 Contingencies

The company, together with its parent and fellow subsidiary undertakings has entered into a composite banking arrangement to secure group interest and banking facilities. As part of this arrangement a cross guarantee was given to the bank by the company.

At the year end aggregate group borrowings guaranteed by the company amounted to £6,918,000 (2018: £8,040,000).

These facilities are secured against certain individual assets across various companies within the group.

### 15 Post balance sheet events

Following the year end, the economy has been impacted by the global coronavirus pandemic which has created significant challenges and high levels of uncertainties for all companies. Throughout the pandemic the wider Group has continued to trade profitably and generate operating cashflow, benefitting from a diverse customer base across multiple sectors. Whilst the precise ongoing impact of the pandemic is uncertain, the Group forecasts and projections (which take into account the actual effect and impact of the COVID 19 outbreak to date) demonstrate the Group remains in a solid financial position with sufficient liquidity to meet all reasonably foreseeable business scenarios. Further details are provided in the going concern accounting policy.

### 16 Ultimate parent company and parent company of larger group

The company is a subsidiary undertaking of Kiplun Europe BV, Paasheuvelweg 16, Amsterdam Zuidoost, 1105BH. The ultimate parent company is Kiplun Limited, Cleveland House, Norton Road, Stockton-on-Tees, Cleveland, TS20 2AQ. The ultimate controlling party is JDR Fothergill M.A., M.B.A., Chairman and Managing Director of Kiplun Limited.

The only group in which the results of the company are consolidated is that headed by Kiplun Limited. The consolidated financial statements of this group are available to the public and may be obtained from Cleveland House, Norton Road, Stockton-on-Tees, Cleveland, TS20 2AQ.

### 17 Accounting estimates and judgements

In the application of the company's accounting policies, which are described in note 1, the directors are required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods.

Key sources of estimation uncertainty arise from:

#### *Tangible fixed assets – estimated useful lives*

Depreciation charges require the entity to estimate the useful economic lives of each part of tangible fixed assets. The depreciation method and useful lives are estimated based on the pattern by which the entity expects to consume an assets future economic benefits and are reviewed where there is an indication of significant change.
