Statement of Directors' Responsibilities

The Directors are responsible for preparing the Annual Report and the financial statements in accordance with applicable law and regulations.

Company law requires the Directors to prepare financial statements for each financial year. Under that law the Directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the Directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period. In preparing these financial statements, the Directors are required to:

- select suitable accounting policies and apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards has been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The Directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act 2006. This includes an assessment of: whether the accounting policies are appropriate to the Company's circumstances and have been consistently applied and adequately disclosed; the reasonableness of significant accounting estimates made by the Directors; and the overall presentation of the financial statements. In addition, we read all the financial and non-financial information in the Annual Report to identify material inconsistencies with the audited financial statements and to identify any information that is apparently materially incorrect based on, or materially inconsistent with, the knowledge acquired by us in the course of performing the audit. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

Abbott Iberian Investments (2) Limited

Notes to the Financial Statements for the Year Ended 31 December 2015 (continued)

2 Accounting policies (continued)

Going concern

The directors have received a letter of ongoing financial support from the ultimate parent company. The directors, having assessed the responses of the directors of the ultimate parent company, Abbott Laboratories, to their enquiries have no reason to believe that a material uncertainty exists that may cast a significant doubt about the ability of Abbott Laboratories to honour the letter of ongoing financial support.

After making enquiries, the directors have a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future. Accordingly, they continue to adopt the going concern basis of accounting in preparing the annual report and accounts.

Exemption from preparing group accounts

The financial statements contain information about Abbott Iberian Investments (2) Limited as an individual company and do not contain consolidated financial information as the parent of a group.

The company is exempt under section 401 of the Companies Act 2006 from the requirement to prepare consolidated financial statements as it and its subsidiary undertakings are included by full consolidation in the consolidated financial statements of its parent, Abbott Laboratories, a company incorporated in USA.

Judgements

That the underlying asset value of investments in subsidiary companies is equal to or exceeds the value of investments reported in the balance sheet.

That financial support from the ultimate parent company is adequate to allow the company to meet its liabilities as they fall due.

Key sources of estimation uncertainty

There are no areas of uncertainty that would create a significant risk of causing material adjustment to the carrying amounts of the assets and liabilities within the next financial year.

The carrying amount is US\$Nil (2014 -US\$Nil).

Foreign currency transactions and balances

Transactions in foreign currencies are recorded at the exchange rate ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are retranslated at the closing rate at the balance sheet date. All exchange differences are included in the profit and loss account.

Tax

UK corporation tax is provided at amounts expected to be paid, or recovered, using the tax rates and laws that have been enacted or substantially enacted by the balance sheet date.

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date. Timing differences are differences between the company's taxable profits and its results as stated in the accounts that arise from the inclusion of gains and losses in tax assessments in periods different from those in which they are recognised in the accounts. A net deferred tax asset is recognised as recoverable only when, on the basis of available evidence, it can be regarded as more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted. Deferred tax is not discounted.
