Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to

- select suitable accounting policies and then apply them consistently,
- make judgements and accounting estimates that are reasonable and prudent,
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

STATEMENT AS TO DISCLOSURE OF INFORMATION TO AUDITORS

So far as the directors are aware, there is no relevant audit information (as defined by Section 418 of the Companies Act 2006) of which the company's auditors are unaware, and each director has taken all the steps that he ought to have taken as a director in order to make himself aware of any relevant audit information and to establish that the company's auditors are aware of that information.

Matters on which we are required to report by exception

Notes to the Financial Statements *for the Year Ended 31 December 2011*

1 ACCOUNTING POLICIES

Basis of preparation

The financial statements have been prepared in accordance with the requirements of the Companies Act 2006 and comply with UK Generally Accepted Accounting Practice

Accounting convention

The financial statements have been prepared under the historical cost convention

Cash flow statement

In accordance with FRS 1, a cash flow statement has not been prepared on the grounds that the company is a wholly owned subsidiary undertaking of Regus plc and its cash flows are included within the consolidated cash flow statement of that company

Turnover

Turnover represents the value of services provided to third parties in the year and is exclusive of VAT and similar taxes

Centre income is invoiced two months in advance and is deferred until the month in which the services are provided

Income for other services supplied to clients is charged and recognised in the month in which the related services are provided

Services are deemed to have been delivered to customers when, and to the extent that, the company has met its obligations under its services contract

Taxation

The charge for taxation is based on the profit or loss for the year and takes into account taxation deferred because of timing differences between the treatment of certain items for taxation and accounting purposes. Deferred tax is recognised, without discounting, in respect of all timing differences between the treatment of certain items for taxation and accounting purposes which have arisen but not reversed by the balance sheet date, except as otherwise required by FRS 19

Leases

Building Leases

Building leases are all accounted for as operating leases because substantially all the risks and rewards of ownership remain with the lessor

Any incentives or rent free periods on conventional leases and the conventional element of leases, which are partly conventional and partly conditional on profitability, are spread on a straight line basis over the period to the date of the first market rent review or first break point in the lease, whichever is sooner, so that the amounts charged to the profit and loss account are the same each year over that period

Going concern

The company's business activities are set out in the Report of the Directors on page 2. The directors believe the company's funding is likely to be sufficient to meet its day to day working capital requirements and that accordingly it is appropriate to prepare these financial statements on a going concern basis

Related party transactions

As the company is a wholly owned subsidiary of Regus plc, the company has taken advantage of the exemption contained in FRS 8 and has therefore not disclosed transactions or balances with entities which form part of the group

Slough Bath Road Centre Limited (Registered number: 07178463)

Notes to the Financial Statements - continued for the Year Ended 31 December 2011

1 ACCOUNTING POLICIES - continued

Start-up costs

Start-up costs (including formation costs, costs related to finding property and any other centre opening costs) are charged to the profit and loss account as they are incurred

Refurbishment

The terms of most building leases require the company to make good dilapidation or other damage occurring during the rental period. Due to the nature of the business, centres are maintained to a high standard. Provisions for dilapidations are only made when the company considers that it is likely that the premises will be vacated by the company and it is known that a dilapidation has occurred.

The above accounting policies have been applied consistently in dealing with items which are considered material in relation to the financial statements.

2 TURNOVER

All results are derived from the provision of serviced offices and related services in the United Kingdom.
