Notes to the Abbreviated Accounts for the period ended 31 March 2014**1 Accounting Policies****Basis of measurement and preparation of accounts**

The accounts have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities effective April 2008.

Turnover policy

Turnover represents the value, net of value added tax and discounts, of goods provided to customers and work carried out in respect of services provided to customers.

Tangible assets depreciation policy

Depreciation

Depreciation has been provided at the following rates in order to write off the assets over their estimated useful lives.

Plant and machinery, motor vehicles 25% straight line

Intangible assets amortisation policy

Goodwill is the difference between the fair value of consideration paid for an acquired entity and the aggregate of fair value of that entity's identifiable assets and liabilities. Positive goodwill is capitalised, classed as an asset on the balance sheet and amortised straight line over its useful economic life. It is reviewed for impairment on an annual basis and the carrying value is adjusted if events or changes in circumstances indicate that the carrying value may not be recoverable. Amortisation is provided to write off the cost, less any residual value, over the expected useful economic life - the basis being 20% straight line per year.
