## 4. PROGRESS DURING THE PERIOD

#### **Receipts and Payments**

Attached at Appendix 1 is our abstract of receipts and payments for the period from 29 July 2021 to 28 July 2022. This also includes details of all receipts and payments made for the entire duration of the liquidation.

#### **Asset Realisations**

At the date of liquidation there remained outstanding directors' loan accounts totalling £8,496. This was split between the two directors as follows:

M T Annan - £592.00 B Annan - £7.904.00

The amount outstanding from MT Annan has been repaid in full during a previous accounting period in September 2016. B Annan has been unable to repay the amount outstanding in a lump sum and has been repaying this by a monthly contribution of £20. During the period of this report the sum of £220 has been received. The total amount received for repayment of the outstanding loan from Mr B Annan to date is £1,180.

The only other realisation in the period of this report relates to bank interest of £0.04 received on funds held in the liquidation account.

All other assets having previously been realised.

#### Cost of Realisations

£20.82 has been paid to Doxbond (Cambridge) for storage costs.

What work has been done in the period of this report, why was that work necessary and what has been the financial benefit (if any) to creditors?

Details of the types of work that generally fall into the headings mentioned below are available on our firm's website - <a href="http://www.begbies-traynorgroup.com/work-details">http://www.begbies-traynorgroup.com/work-details</a> Under the following headings we have explained the specific work that has been undertaken on this case. Not every piece of work has been described, but we have sought to give a proportionate overview which provides sufficient detail to allow creditors to understand what has been done, why it was necessary and what financial benefit (if any) the work has provided to creditors.

The costs incurred in relation to each heading are set out in the Time Costs Analysis which is attached at Appendix 2. There is an analysis for the period of the report and also an analysis of time spent on the case since the date of our appointment.

The details below relate to the work undertaken in the period of this report only. Our previous reports contain details of the work undertaken since our appointment.

General case administration and planning

- Updating the electronically held information at this office;
- General filing of incoming communications and maintaining case files;
- Updating case strategy plan;
- Case compliance checklists and reviews;
- Dealing with correspondence (physical and electronic) that is considered routine in the context of the engagement and otherwise does not directly fall into other categories;
- · General case updates to include internal meetings on case strategy
- Creation of file notes where necessary;
- Ensure time recording data is compliant with Statement of Insolvency Practice 9;

On this engagement, the work identified above does not hold direct commercial benefit to creditors. Creditors benefit from this work as it ensures this particular engagement is dealt with to the standards expected and also in a timely fashion. Elements of this work are required to comply with best practice and statute.

#### Compliance with the Insolvency Act, Rules and best practice

- Reviewing the adequacy of the specific penalty bond periodically;
- Ongoing consideration to ethical practice;
- Ongoing consideration to money laundering regulations;
- Updating case checklists and statutory diaries where necessary;

#### Banking:

- Maintaining and managing the insolvent estate bank account.
- · Maintaining and managing the officer holders' cash book on this assignment.
- Undertaking regular bank reconciliations of the liquidation bank account.
- Preparing and processing remittance advises for incoming funds;
- · Payment and processing of invoices

On this engagement, the work identified above does not hold direct commercial benefit to creditors. It is the duty of the appointed office holder to comply with the Insolvency Act and Rules and creditors benefit from this being done to a standard expected of this firm.

#### Realisation of assets

Collection of the outstanding director's loan account.

On this assignment, the work detailed above has realised assets for the insolvent estate. The office holders are duty bound to realise and get in the Company's property and maximise asset realisations. In order that if there are sufficient realisations that a dividend is paid to creditors.

## <u>Dealing with all creditors' claims (including employees), correspondence and distributions</u>

#### Creditors:

- Review of creditor claim supporting information;
- Receipt of, consideration of and response to creditor correspondence;

#### Other matters which includes meetings, tax, litigation, pensions and travel

#### Tax / VAT

- Post appointment tax compliance submission of corporation tax returns;
- Post appointment VAT compliance submission of VAT returns;

Correspondence with HMRC.

On this assignment, the reconciliation of input and output VAT and the subsequent submission of VAT returns has enabled further realisation of assets for the estate from which creditors may directly benefit. It is a requirement of the office holders to complete and file VAT returns until conclusion of the matter.

#### ESTIMATED OUTCOME FOR CREDITORS

Details of the sums owed to each class of the Company's creditors were provided in the directors' statement of affairs.

#### Secured creditors

There are no known secured creditors. As previously advised in our report dated 18 September 2017, following the liquidation it was found that the motor vehicle listed on the Statement of Affairs under a finance agreement with Black Horse Limited was not in the Company's name.

#### Preferential creditors

Preferential claims of employees for arrears of wages, salary and holiday pay were estimated at £6,381 and we have admitted claims in the total sum of £2,123.87. This preferential claim from the Redundancy Payments Office has been paid in full.

#### **Unsecured creditors**

Unsecured creditors were estimated at £129,488.

Based upon realisations to date and estimated future realisations it is uncertain if there will be sufficient funds available to enable a dividend to be paid to the unsecured creditors.

#### Prescribed Part for unsecured creditors pursuant to Section 176A of the Act

To the best of our knowledge and belief, there are no unsatisfied floating charges created or registered on or after 15 September 2003 and, consequently, there is no net property as defined in Section 176A(6) of the Act and, therefore, no prescribed part of net property is available for distribution to the unsecured creditors.

## REMUNERATION & EXPENSES

#### Remuneration

We have not drawn any funds on account of our remuneration relating to our fees estimate of 18 August 2016 in the sum of £12,335 and 30 August 2018 in the sum of £20,847 provided due to these not having been approved by creditors. We are authorised to draw Category 1 expenses, in accordance with our firm's policy, which is attached at Appendix 2 of this report.

Our time costs for the period from 29 July 2021 to 28 July 2022 amount to £2,792 which represents 9.6 hours at an average rate of £290.83 per hour.

The following further information in relation to our time costs and expenses is set out at Appendix 2:

Time Costs Analysis for the period 29 July 2021 to 28 July 2022

#### Begbies Traynor (Central) LLP's charging policy

Our total time costs incurred since the date of our appointment amount to £23,989 which represents 124.1 hours at an average rate of £193.30 per hour.

#### **Time Costs Analysis**

The Time Costs Analysis for the period of this report attached at Appendix 2 shows the time spent by each grade of staff on the different types of work involved in the case, and gives the total costs and average hourly rate charged for each work type. An additional analysis is also attached which details the time costs for the entire period for which we have administered the liquidation.

Please note that each analysis provides details of the work undertaken by us and our staff following our appointment only.

#### **Expenses**

To 28 July 2022, we have drawn category 1 expenses in the sum of £790.53, further details of which can be found at Appendix 3. These category 1 expenses do not require creditor approval.

#### Category 2 Expenses

There have been no Category 2 expenses.

A copy of 'A Creditors' Guide to Liquidators Fees (E&W) 2021' which provides guidance on creditors' rights on how to approve and monitor a Liquidator's remuneration and on how the remuneration is set can be obtained online at <a href="https://www.begbies-traynor.com/creditorsguides">www.begbies-traynor.com/creditorsguides</a> Alternatively, if you require a hard copy of the Guide, please contact our office and we will arrange to send you a copy.

### LIQUIDATORS' EXPENSES

A statement of the expenses incurred during the period of this progress report is attached at Appendix 3. A cumulative statement showing the total expenses incurred since the date of our appointment also appears at Appendix 3.

#### W&H Peacock Auctioneers and Valuers:

W&H Peacock were instructed to conduct a valuation and sale of the Company's chattel assets and were chosen due to their insolvency specialism, efficient and competitive market rates. Staff of W&H Peacock are RICS qualified.

They charged a valuation fee of £150.00, but did not charge any commission fees or disbursements.

#### Expenses actually incurred compared to those that were anticipated

Creditors will recall that we estimated that the expenses of the liquidation would total £746. Unfortunately, the expenses that we have incurred so far have exceeded that estimate and there will be further expenses to pay before the case concludes. The reasons why the estimate has been exceeded are as follows:

- Agent's valuation fees were not known at the time the estimate of expenses was made
- Storage costs are higher than anticipated
- Postage costs were not on the original fees estimate

## 8. ASSETS THAT REMAIN TO BE REALISED AND WORK THAT REMAINS TO BE DONE

#### Assets that remain to be realised

Collection of the outstanding director's loan account balance totalling £6,724. Steps are currently being taken to contact the director to ascertain his financial position in order to establish if steps can be taken to increase the current payments being received.

What work remains to be done, why is this necessary and what financial benefit (if any) will it provide to creditors?

Recover the outstanding director's loan account balance. Subject to amount realised and costs of realisations will determine whether sufficient funds will be available to make a distribution to creditors.

#### How much will this further work cost?

This will depend upon the length of time taken to pursue the Directors Loan Account, however Begbies Traynor's fees remain unpaid as no approval has been obtained from the Creditors.

#### **Expenses**

Details of the expenses that we expect to incur in connection with the work that remains to be done referred to above are as follows:

Ongoing storage costs for the Company books and records.

## 9. OTHER RELEVANT INFORMATION

In accordance with Statement of Insolvency Practice 13, we are obliged to inform creditors of any sale of the Company's business or assets which involves a party connected to the Company. We confirm that the following assets were sold:

#### **BEGBIES TRAYNOR CHARGING POLICY**

#### EXPENSES INCURRED BY OFFICE HOLDERS IN RESPECT OF THE ADMINISTRATION OF INSOLVENT ESTATES

Best practice guidance classifies expenses into two broad categories:

- Category 1 expenses (approval not required) specific expenditure that is directly related to the case and referable to an independent external supplier's invoice. All such items are charged to the case as they are incurred.
- Category 2 expenses (approval required) items of expenditure that are directly related to the case which include an element of shared or allocated cost and are based on a reasonable method of calculation, but which are not payable to an independent third party.
  - (A) The following items of expenditure are charged to the case (subject to approval):
    - Internal meeting room usage for the purpose of statutory meetings of creditors is charged at the rate of £100 per meeting;
    - Car mileage is charged at the rate of 45 pence per mile;
    - Storage of books and records (when not chargeable as a Category 1 disbursement) is charged
      on the basis that the number of standard archive boxes held in storage for a particular case bears
      to the total of all archive boxes for all cases in respect of the period for which the storage charge
      relates
  - (B) The following items of expenditure will normally be treated as general office overheads and will not be charged to the case although a charge may be made where the precise cost to the case can be determined because the item satisfies the test of a Category 1 disbursement:
    - Telephone and facsimile
    - Printing and photocopying
    - Stationery
