360Capital Ltd

Statement of Directors' Responsibilities

The directors are responsible for preparing the Directors Report and the financial statements in accordance with applicable law and regulations

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with International Financial Reporting Standards (IFRSs) as adopted by the European Union. Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to

- select suitable accounting policies and apply them consistently,
- make judgements and accounting estimates that are reasonable and prudent,
- state whether applicable International Financial Reporting Standards (IFRSs) as adopted by the European Union have been followed, subject to any material departures disclosed and explained in the financial statements, and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

360Capital Ltd

Directors Report for the Year Ended 31 December 2014

The address of its registered office is

Bourne House
475 Godstone Road
Whyteleafe
Surrey
CR3 0BL

Authorised for issue date

2 Accounting policies

Statement of compliance

The company financial statements have been prepared in accordance with International Financial Reporting Standards and its interpretations adopted by the EU ("adopted IFRS's")

Summary of significant accounting policies and key accounting estimates

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated

Basis of preparation

The financial statements have been prepared in accordance with International Financial Reporting Standards (IFRSs) and IFRIC interpretations adopted by the European Union and are in accordance with the Companies Act 2006. The financial statements have been prepared on the historical cost basis. Historical cost is generally based on the fair value of the consideration given in exchange for the assets acquired. The principal accounting policies adopted are set out below

Going concern

The financial statements have been prepared on a going concern basis. The company's ability to trade is dependent upon the support of its parent 360Globalnet Ltd. If this assumption proves to be inappropriate, then adjustments may have to be made to adjust the value of the assets to their recoverable amounts and to provide for any further liabilities which may arise

Changes in accounting policy

None of the standards, interpretations and amendments effective for the first time from 1 January 2014 have had a material effect on the financial statements

None of the standards, interpretations and amendments which are effective for periods beginning after 1 January 2014 and which have not been adopted early, are expected to have a material effect on the financial statements

Revenue recognition

Revenue comprises the fair value of the consideration received or receivable for the provision of services in the ordinary course of the company's activities. Revenue is shown net of value added tax, returns, rebates and discounts

360Capital Ltd

Notes to the Financial Statements for the Year Ended 31 December 2014

Trade receivables

Trade receivables are amounts due from customers for merchandise sold or services performed in the ordinary course of business. If collection is expected in one year or less, they are classified as current assets. If not, they are presented as non-current assets.

Trade receivables are recognised initially at the transaction price. They are subsequently measured at amortised cost using the effective interest method, less provision for impairment. A provision for the impairment of trade receivables is established when there is objective evidence that the company will not be able to collect all amounts due according to the original terms of the receivables.

Trade payables

Trade payables are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Accounts payable are classified as current liabilities if payment is due within one year or less. If not, they are presented as non-current liabilities.

Trade payables are recognised initially at the transaction price and subsequently measured at amortised cost using the effective interest method.

Share capital

Ordinary shares are classified as equity. Equity instruments are measured at the fair value of the cash or other resources received or receivable, net of the direct costs of issuing the equity instruments. If payment is deferred and the time value of money is material, the initial measurement is on a present value basis.

Financial instruments

Financial instruments are classified and accounted for, according to the substance of the contractual arrangement, as financial assets, financial liabilities or equity instruments. An equity instrument is any contract that evidences a residual interest in the assets of the company after deducting all of its liabilities. Where shares are issued, any component that creates a financial liability of the company is presented as a liability in the statement of financial position. The corresponding dividends relating to the liability component are charged as interest expense in the comprehensive income statement.

360Capital Ltd

Chartered Accountants' Report to the Board of Directors on the Unaudited Statutory Financial Statements

In order to assist you to fulfil your duties under the Companies Act 2006, we have prepared for your approval the financial statements of 360Capital Ltd for the year ended 31 December 2014 set out on pages 4 to 12 from the company's accounting records and from information and explanations you have given us

As a practising member firm of the Institute of Chartered Accountants in England and Wales (ICAEW), we are subject to its ethical and other professional requirements which are detailed at icaew.com/membershandbook

This report is made solely to the Board of Directors of 360Capital Ltd, as a body, in accordance with the terms of our engagement letter. Our work has been undertaken solely to prepare for your approval the financial statements of 360Capital Ltd and state those matters that we have agreed to state to them, as a body, in this report in accordance with AAF 2/10 as detailed at icaew.com/compilation. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than 360Capital Ltd and its Board of Directors as a body for our work or for this report.

It is your duty to ensure that 360Capital Ltd has kept adequate accounting records and to prepare statutory financial statements that give a true and fair view of the assets, liabilities, financial position and loss of 360Capital Ltd. You consider that 360Capital Ltd is exempt from the statutory audit requirement for the year

We have not been instructed to carry out an audit or a review of the financial statements of 360Capital Ltd. For this reason, we have not verified the accuracy or completeness of the accounting records or information and explanations you have given to us and we do not, therefore, express any opinion on the statutory financial statements.
