BASIS OF ACCOUNTING

The Financial Statements are prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

DEFERRED TAXATION

Deferred Taxation arises as a result of including items of income and expenditure in taxation computations in periods different from those in which they are included in the Company's Accounts. Deferred tax is provided in full on timing differences which result in an obligation to pay more (or less) tax at a future date, at the average tax rates that are expected to apply when the timing differences reverse, based on current tax rates and laws.

TANGIBLE FIXED ASSETS AND DEPRECIATION

Tangible assets are stated at cost less depreciation.

Depreciation is provided at rates calculated to write off the cost or valuation of Fixed Assets, less their estimated residual value, over their expected useful lives on the following basis:

FOREIGN CURRENCIES

Assets and liabilities in foreign currencies are translated into sterling at the rate of exchange ruling at the Balance Sheet date. Transactions in foreign currencies are translated into sterling at the rate ruling on the date of the transaction. Exchange differences are taken into account in arriving at the operating profit.
