Notes to the Abbreviated Accounts for the period ended 31 July 2014**1 Accounting Policies****Basis of measurement and preparation of accounts**

The full financial statements, from which these abbreviated accounts have been extracted, have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (Effective April 2008).

Turnover policy

Turnover represents amounts chargeable in respect of the sale of goods and services to customers.

Tangible assets depreciation policy

Depreciation is provided on tangible fixed assets so as to write off the cost or valuation, less any estimated residual value, over their expected useful economic life as follows:

Asset class Depreciation method and rate

Fixtures and Fittings 20% Straight Line Basis

Office Equipment 15% Reducing Balance Basis

Intangible assets amortisation policy

Amortisation is provided on intangible fixed assets so as to write off the cost, less any estimated residual value, over their expected useful economic life as follows:

Asset class Amortisation method and rate

Goodwill 10% Straight Line Basis

Other accounting policies**Goodwill**

Positive goodwill is capitalised, classified as an asset on the balance sheet and amortised on a straight line basis over its useful economic life. It is reviewed for impairment at the end of the first full financial year following the acquisition and in other periods if events or changes in circumstances indicate that the carrying value may not be recoverable.

Financial instruments

Financial instruments are classified and accounted for, according to the substance of the contractual arrangement, as financial assets, financial liabilities or equity instruments. An equity instrument is any contract that evidences a residual interest in the assets of the company after deducting all of its liabilities. Where shares are issued, any component that creates a financial liability of the company is presented as a liability in the balance sheet. The corresponding dividends relating to the liability component are charged as interest expense in the profit and loss account.
