HINDS HEAD (NORTON-IN-HALES) LIMITED

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 30th APRIL 2021

1. COMPANY INFORMATION:

Hinds Head (Norton-in-Hales) Limited is a private company incorporated and domiciled in England and has its registered office and principal place of business at Cotehele, Chapel Lane, Norton-in-Hales, Market Drayton, Shropshire. TF9 4AU. The company is limited by shares.

2. BASIS OF PREPARATION:

These Financial Statements have been prepared in accordance with FRS 102 Section 1A - The Financial Reporting Standard applicable in the United Kingdom and Republic of Ireland and the Companies Act 2006. The financial statements have been prepared on the historical cost basis except for the modification to a fair value basis for certain financial instruments as specified in the accounting policies below.

The financial statements are presented in Sterling (£).

The financial statements cover Hinds Head (Norton-in-Hales) Limited as an individual company.

3. ACCOUNTING POLICIES:

a) Turnover:-

Turnover is measured at the fair value of the consideration received or receivable in respect of rents and recharges invoiced by the company net of discounts and value added taxes.

b) Tangible Assets:-

Tangible fixed assets are measured at cost less accumulated depreciation and any accumulated impairment losses.

Depreciation on fixed assets is provided at rates estimated to write off the cost, less estimated residual value, of each asset over its expected useful life at the following annual rates:-

Freehold Land and Buildings	- Nil.
Fixtures, Fittings and Equipment	- 15% on written down value.

c) Impairment of Assets:-

At each reporting date fixed assets are reviewed to determine whether there is any indication that those assets have suffered an impairment loss. If there is an indication of possible impairment, the recoverable amount of any affected asset is estimated and compared with its carrying amount. If the estimated recoverable amount is lower, the carrying amount is reduced to its estimated recoverable amount, and an impairment loss is recognised immediately in the profit or loss.

If an impairment loss subsequently reverses, the carrying amount of the asset is increased to the revised estimate of its recoverable amount, but not in excess of the amount that would have been determined had no impairment loss been recognised for the asset in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

d) **Creditors:-**

Creditors are measured at the transaction price. Other financial liabilities including bank loans, are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method.

e) **Taxation:-**

Taxation represents the sum of tax currently payable and deferred tax.

The company's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax is recognised on all timing differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

4. **TANGIBLE FIXED ASSETS:**
