We have performed certain procedures in respect of the Company's unaudited financial statements for the period from 1st May 2012 to 31st December 2012 as set out on pages 5 to 11, made enquiries of the Company's directors and assessed accounting policies adopted by the directors, in order to gather sufficient evidence for our conclusion in this report

This report is made solely to the Company's directors, as a body, in accordance with the terms of our engagement dated 12th October 2012. It has been released to the directors on the basis that this report shall not be copied, referred to or disclosed, in whole (save for the directors' own internal purposes or as may be required by law or by a competent regulator) or in part, without our prior written consent. Our work has been undertaken so that we might state to the directors those matters that we have agreed to state to them in this report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's directors as a body for our work, for this report or the conclusions we have formed

Statement of Directors' Responsibilities

The directors are responsible for preparing the Directors' Report and the financial statements in accordance with applicable accounting regulations

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that year. In preparing these financial statements, the directors are required to

- select suitable accounting policies and then apply them consistently,
- make judgements and accounting estimates that are reasonable and prudent,
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements.
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.
