Notes to the Abbreviated Accounts
for the Year Ended 31 July 2015

1. **ACCOUNTING POLICIES**

Basis of preparing the financial statements

The financial statements have been prepared on a going concern basis, which assumes that the company will continue in existence for the foreseeable future. The validity of this assumption depends upon the continued support of the company's directors who have confirmed that they will not request payment of the amounts owed to them unless the company has funds available to meet this request.

Accounting convention

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

Turnover

Turnover represents net invoiced sales of goods, excluding value added tax, except in respect of service contracts where turnover is recognised when the company obtains the right to consideration.

Goodwill

Goodwill, being the amount paid in connection with the acquisition of a business in 2011, is being amortised evenly over its estimated useful life of twenty years.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Plant and machinery	- 15% on reducing balance
Fixtures and fittings	- 15% on reducing balance
Motor vehicles	- 25% on cost
Computer equipment	- 25% on cost

Stocks

Stocks are valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items.

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Hire purchase and leasing commitments

Rentals paid under operating leases are charged to the profit and loss account on a straight line basis over the period of the lease.
