1. An overview of the administration

FRP

The Proposals

The Proposals approved on 2 February 2022 envisaged that objective (b) would be achieved, namely that a better result for the Company's creditors as a whole would be achieved than would be likely if the Company had been wound up (without first being in administration). The objective was achieved as a result of significantly higher realisations from the sale of the business and assets as a going concern in accordance with Statement of Insolvency Practice 16, circulated to creditors shortly following the appointment of the Administrators. Further, with the preservation of jobs under TUPE, there were no first ranking preferential creditor claims. This was considered to be in the overall best interests of creditors of the Company.

It was anticipated that the Company would exit from administration via dissolution.

There have been no major amendments or deviations from the Proposals.

Implementation of the Proposals

A sale of the Company's business and assets was concluded immediately following the Administrators' appointment. Full details of that sale were provided to creditors shortly after completion of the sale.

Extension of period of administration

The Administration will be drawn to a close before its 12 month anniversary on 9 January 2023 and as such, an extension will not be necessary.

2. Progress of the administration in the Period

FRP

Work undertaken during the administration

Statutory duties completed in the Period include:

- Filing a progress report with the Registrar of Companies.
- Liaison with HMRC in relation to VAT returns and VAT deregistration.
- Submitting corporation tax returns with HMRC and obtaining relevant clearances.

Attached at $\bf Appendix~C$ is a schedule of work undertaken during the Period covered by this final report.

The Administrators can confirm that no work has been subcontracted to third parties.

Attached at **Appendix E** is a receipts and payments account detailing both transactions for the Period and also cumulatively for the whole period of the Administration.

Payments made from the estate are fair and reasonable and proportionate to the insolvency appointment and are directly attributable to this insolvency. No payments have been made to associates without the prior approval of creditors as required by SIP9.

Asset Realisations in the Period

Book debts

Book debts totalling £130,950.46 have been received in the administration, £3,778.36 of which was received in the Period relating to an historic debt due from Lifeline Projects Limited in Liquidation, as detailed in my previous report.

Biosure (UK) Limited (In Administration)
The Administrators' Final Report

Sundry refund

A small refund of £22.80 was received from British Telecom plc in respect of a credit on account, relating to a pre-appointment period.

The realisation of assets is now complete.

Investigations

Part of my duties included carrying out proportionate investigations into what assets the Company has, including any potential claims against directors or other parties, and what recoveries could be made. I reviewed the Company's books and records and accounting information, requested further information from the directors, and invited creditors to provide information on any concerns they had concerning the way in which the Company's business had been conducted.

Further details of the conduct of my investigations are set out in the schedule of work attached. I can confirm that no further investigations or actions were required.

Exiting the administration

In accordance with the Proposals the administration will be exited by way of the Administrators ceasing to act and the Company moving to dissolution three months after the date on which the requisite notice is filed with the Registrar of Companies.

3. Outcome for creditors

Initial estimated outcome for creditors

The Proposals anticipated that there would be funds to settle the secondary preferential creditors. It was not anticipated that there would be funds available to pay a dividend to the Company's unsecured creditors.

Outcome for secured creditor

There were no secured creditors.

Outcome for preferential creditors

As previously advised, As the Company was sold as a going concern, all employees were transferred to the Purchaser under TUPE and therefore there were no first ranking preferential creditors.

Outcome for secondary preferential creditors

From 1 December 2020 HMRC ranks as a secondary preferential creditor in respect of the following:

- VAT;
- PAYE (including student loan repayments);
- · Construction Industry Scheme deductions; and
- Employees' NI contributions

The secondary preferential creditors submitted a claim in the sum of £92,905.98.

A dividend of 100p in the pound was paid to the secondary preferential creditors on 30 November 2022.

Biosure (UK) Limited (In Administration) The Administrators' Final Report

Outcome for unsecured creditors

There were sufficient realisations in the administration to pay a dividend to the unsecured creditors.

The Administrators declared a first distribution, on 30 December 2022 of £4,473.15 being a distribution of 0.17 pence in the pound.

Prescribed part

The prescribed part is a carve out of funds available to the holder of a floating charge which is set aside for the unsecured creditors in accordance with section 176A of the Insolvency Act 1986. The prescribed part only applies where the floating charge was created after 15 September 2003 and the net property available to the floating charge holder exceeds £10,000.

As there were no floating charges, the prescribed part did not apply in this instance.

Pursuant to the Insolvency Rules no further dividend will be declared to Company's creditors as the funds realised have already been distributed or used or allocated for paying the expenses of the insolvency proceedings.

4. Administrators' pre-appointment costs

FRP

Administrators' pre-appointment costs

Along with the approval of the Administrators' fee basis, creditors resolved to approve the Administrators' unpaid pre-appointment remuneration and expenses.

The requisite notices and voting forms were issued to creditors on 21 April 2022. On 09 May 2022, being the decision date for votes on the fee resolutions, creditors approved the following pre-appointment costs:

| | Fees Charged (£) | Expenses Incurred (£) |
|---------------------------------|------------------------|-----------------------------|
| FRP's pre-administration costs | 29,557 | 68.89 |
| DWF's pre-administration costs | 42,000 | 75.00 |
| Hilco Valuation Services | 3,500 | 159.34 |
| IP-Bid | 245.00 | Nil |
| Unpaid pre-administration costs | 75,302 | 303.23 |
| (ex VAT and disbursements) | | |
| - | | |

5. Administrators' remuneration, disbursements and expenses

FRP

Administrators' remuneration

Following circulation of the Administrators' proposals the creditors passed a resolution that the Administrators' remuneration should be calculated on a time cost basis. Details of remuneration charged during the Period are set out in the statement of expenses attached. Fees of £82,215.25 excluding VAT have been drawn from the funds available.

A breakdown of our time costs incurred during the Period to date is attached at **Appendix D**. The remuneration recovered by the Administrators based on time costs, has not exceeded the sum provided in the fees estimate circulated to creditors with the Proposals.

The remuneration recovered by the Administrators based on time costs has been restricted to the fees approved in the fees estimates circulated to creditors.

Administrators' disbursements

The Administrators' disbursements are a recharge of actual costs incurred by the Administrators on behalf of the Company. Mileage payments made for expenses relating to the use of private vehicles for business travel, which is directly attributable to the insolvency estate, are paid by FRP at the HMRC approved mileage rate prevailing at the time the mileage was incurred. Details of disbursements incurred during the period of this report are set out in **Appendix D**.

The expenses of the administration

An estimate of the Administrators' expenses was set out in the Administrators' proposals. I attach at **Appendix F** a statement of expenses that have been incurred during the period covered by this report. It is currently expected that the expenses incurred or anticipated to be incurred are not likely to exceed the details previously provided.

Biosure (UK) Limited (In Administration) The Administrators' Final Report When instructing third parties to provide specialist advice and services, or having the specialist services provided by the firm, the Administrators are obligated to ensure that such advice or work is warranted, and that the advice or work contracted reflects the best value and service for the work being undertaken. This is reviewed by the Administrators periodically throughout the duration of the assignment. The specialists chosen may regularly be used by the Administrators and usually have knowledge specific to the insolvency industry and, where relevant, to matters specific to this insolvency appointment.

We have engaged the following professional advisors in the Period:

| Professional Advisor | Nature of work | Basis of fees |
|-----------------------|----------------------|---------------|
| Simmons Gainsford LLP | Accountancy Services | Fixed Fee |

Creditors have a right to request further information from the Administrators and further have a right to challenge the Administrators' remuneration and other expenses, which are first disclosed in this report, under the Insolvency Rules. (For ease of reference these are the expenses incurred in the reporting period as set out in **Appendix F** only). Further details of these rights can be found in the Creditors' Guide to Fees which you can access using the following link https://www.frpadvisory.com/legal-and-regulatory-notices/information-creditors-insolvency-proceedings/ and select the one for administrations. Alternatively, a hard copy of the relevant guide will be sent to you on request. Please note there is a time limit for requesting information being 21 days following the receipt of this progress report. There is a time limit of eight weeks following the receipt of this report for a Court application that the remuneration or expenses are excessive.

Schedule of work

The table below sets out a detailed summary of the work undertaken by the Administrators during the Period together with an outline of work still to complete. Where work undertaken results in the realisation of funds (from the realisation of assets or recoveries from successful actions taken against third parties), there may be a financial benefit to creditors should there be sufficient funds available to make a distribution to one or more class of creditor.

A proportion of the work undertaken by an Insolvency Practitioner is required by statute, including ensuring the appointment is valid, notifications of the appointment to third parties, regular reporting on progress, notifying statutory bodies where required in relation to the conduct of the director(s), complying with relevant legislation and regulatory matters. This may not have a direct financial benefit to creditors but is substantially there to protect creditors and other stakeholders and ensure they are kept informed of developments.

GENERAL ASSUMPTIONS IN COMPILING THIS SCHEDULE OF WORK

- The records received are complete and up to date There are no matters to investigate or pursue No financial irregularities are identified

- A committee of creditors is not appointed
- There are no exceptional queries from stakeholders
- Full co-operation of the directors and other relevant parties is received as required by legislation
- There are no health and safety or environmental issues to be dealt with
