CW PROJECTS LIMITED

Notes to the Financial Statements

for the Period Ended 31 October 2017

1. Accounting policies

These financial statements have been prepared in accordance with the provisions of Section 1A (Small Entities) of Financial Reporting Standard 102

Turnover policy

Turnover is measured at the fair value of the consideration received or receivable for goods supplied and services rendered, net of discounts and Value Added Tax. Revenue from the sale of goods is recognised when the significant risks and rewards of ownership have transferred to the buyer, usually on the despatch of the goods; the amount of revenue can be measured reliably; it is probable that the associated economic benefits will flow to the entity and the costs incurred in respect of the transactions can be measured reliably.

Tangible fixed assets and depreciation policy

Tangible assets are initially recorded at cost, and are subsequently stated at cost less an accumulated depreciation and impairment losses. Any tangible assets carried at revalued amounts are recorded at the fair value at the date of revaluation less any subsequent accumulated depreciation and subsequent accumulated impairment losses. An increase in the carrying amount of an asset as a result of revaluation, is recognised in other comprehensive income and accumulated in capital and reserves, except to the extent it reverses a revaluation decrease of the same asset previously recognised in profit or loss. A decrease in the carrying amount of an asset as a result of revaluation is recognised in other comprehensive income to the extent of any previously recognised revaluation increase accumulated in capital and reserves in respect of that asset. Where revaluation decrease exceeds the accumulated revaluation gains accumulated in capital and reserves in respect to that asset, the excess shall be recognised in profit or loss. Depreciation is calculated so as to write off the cost or valuation of an asset, less its residual value, over the useful economic life of that asset as follows: Fittings fixtures and equipment - 25% straight line
