### Strategic Report for the Year Ended 31 December 2016

The directors present their strategic report for the year ended 31 December 2016.

#### Fair review of the business

The results for the year are set out in the profit and loss account on page 6 and the position of the company as at the year end is set out in the balance sheet on page 8.

The company is focussed on the social care sector and the performance of the company can be impacted by external factors. The principal factors are changes in the UK government's policy towards outsourcing of care, changes in the regulatory regime and competitive threats from other independent providers. Management uses a range of financial and non-financial indicators to manage the business. These are derived from all areas of the business and include sales growth by unit, occupancy and profit margins achieved. Gross profit margins have decreased from 28.2% in 2015 to 23.9% in 2016.

The company's management is satisfied with the performance for the year, and is committed to a continued growth strategy.

Given the straightforward nature of the business, the company's directors are of the opinion that analysis using key performance indicators is not necessary for an understanding of the development, performance or position of the business. The development, performance and position of Partnerships in Care UK 1 Limited, an intermediate parent of the company, is discussed in the group's financial statements which includes the company and does not form part of this report.

#### Principal risks and uncertainties

From the perspective of the company, the principal risks and uncertainties are integrated with the principal risks of the group and are not managed separately. Accordingly, the principle risks and uncertainties of Parternships in Care UK 1 Limited, which include those of the company, are discussed in the group's financial statements which do not form part of this report.

Approved by the Board on 22 September 2017 and signed on its behalf by:

David Hall

Company secretary and director

## **Directors' Report for the Year Ended 31 December 2016**

The directors present their report and the unaudited financial statements for the year ended 31 December 2016.

#### **Principal activity**

The principal activity of the company is to provide specialist care for individuals in a residential setting.

#### Directors' of the company

The directors, who held office during the year and up to the date of signing the financial statements were as follows:

David Hall - Company secretary and director

Tom Riall (resigned 30 November 2016)

Mark Moran (resigned 1 March 2016)

Trevor Torrington (appointed 30 November 2016)

Nigel Myers (appointed 30 November 2016)

#### Dividends

The directors do not recommend the payment of a final dividend (2015: £nil). No dividends were paid during the year (2015: £nil).

#### Financial instruments

The company's operations mean that it is exposed to a variety of financial risks that include the effects of changes in credit risk, liquidity risk and interest rate risk. The directors monitor the risks in order to limit the adverse effects on the financial performance by reviewing levels of debt finance and the related finance costs, however these are integrated with the risks of the group and not managed separately. Accordingly, the financial risk management policies of Partnerships in Care UK 1 Limited, which include those of the company, are discussed in the group's financial statements which do not form part of this report.

#### **Employee involvement**

The directors recognise that the continued position of the company in this sector depends on the quality and motivation of its employees and as such the company is committed to pursue employment policies which will continue to attract, retain and motivate its employees.

Good and effective employee communications are particularly important, and throughout the business it is the directors' policy to promote the understanding by all employees of the company's business aims and performance. This is achieved through internal publications, presentations on performance and a variety of other approaches appropriate for a particular location. Employees are consulted on issues through workshops, which are run regularly across the group.

#### **Employment of disabled persons**

The directors believe that it is important to recruit and retain capable and caring staff regardless of their sex, marital status, race or religion. It is the company's policy to give full and fair consideration to applications for employment from people who are disabled, to continue wherever possible the employment of and to arranged appropriate training for, employees who become disabled and to provide equal opportunities for the career development, training and promotion of disabled employees.

#### **Future developments**

The future developments of the company are aligned to the strategy of the UK group, headed by Partnerships in Care UK 1 Limited. The group's strategy for the future development of the business is included in the group's financial statements, which do not form part of this report.

# Directors' Report for the Year Ended 31 December 2016 (continued)

#### Going concern

The intermediate parent company, Partnerships in Care UK 1 Limited, has confirmed that it will continue to provide financial support to the company for the foreseeable future and for at least twelve months from the date of approval of these financial statements. Accordingly the financial statements have been prepared on the going concern basis.

Approved by the Board on 22 September 2017 and signed on its behalf by:

David Hall

Company secretary and director

## **Statement of Directors' Responsibilities**

The directors are responsible for preparing the Annual Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), including FRS 101 'Reduced Disclosure Framework' ('FRS 101'). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to:

- · select suitable accounting policies and apply them consistently;
- · make judgements and accounting estimates that are reasonable and prudent;
- state whether FRS 101 has been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

## **Profit and Loss Account for the Year Ended 31 December 2016**

	Note	2016 £ 000	2015 £ 000
Turnover	4	4,492	4,556

For the financial year ending 31 December 2016 the company was entitled to exemption from audit under section 479A of the Companies Act 2006 relating to subsidiary companies.

#### Directors' responsibilities:

- The members have not required the company to obtain an audit of its accounts for the year in question in accordance with section 476; and
- The directors acknowledge their responsibilities for complying with the requirements of the Act with respect
  to accounting records and the preparation of accounts.

Approved by the Board on 22 September 2017 and signed on its behalf by:

Nigel Myers Director

The notes on pages 10 to 22 form an integral part of these financial statements.

## Notes to the Unaudited Financial Statements for the Year Ended 31 December 2016

#### 1 General information

The company is a private company limited by share capital incorporated and domiciled in United Kingdom.

The address of its registered office is: Fifth Floor 80 Hammersmith Road London W14 8UD United Kingdom

These financial statements were authorised for issue by the Board on 22 September 2017.

### 2 Accounting policies

#### Summary of significant accounting policies and key accounting estimates

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

#### Basis of preparation

These financial statements were prepared in accordance with Financial Reporting Standard 101 Reduced Disclosure Framework,

The financial statements are presented in sterling, rounded to the nearest thousand.

#### **Summary of disclosure exemptions**

FRS 101 sets out a reduced disclosure framework for a "qualifying entity" as defined in the standard which addresses the financial reporting requirements and disclosure exemptions in the individual financial statements of qualifying entities that otherwise apply the recognition, measurement and disclosure requirements of EU-adopted IFPS

The Company is a qualifying entity for the purposes of FRS 101. Note 17 gives details of the Company's ultimate parent and from where its consolidated financial statements prepared in accordance with IFRS may be obtained.

The principle disclosure exemptions adopted by the Company in accordance with FRS 101 are as follows:

- · Statement of cash flows;
- · IFRS 7 financial instrument disclosures;
- IAS 1 information on management of capital;
- IAS 8 disclosures in respect of new standards and interpretations that have been issued but which are not yet effective;
- IAS 24 disclosure of key management personnel compensation;
- IAS 24 disclosures in respect of related party transactions entered into between fellow group companies (the company had no other related party transactions); and
- Roll-forward reconciliations in respect of share capital (IAS 1) and property, plant and equipment (IAS 16).

# Notes to the Unaudited Financial Statements for the Year Ended 31 December 2016 (continued)

### 2 Accounting policies (continued)

#### Going concern

The financial statements have been prepared on a going concern basis. The intermediate parent company, Partnerships in Care UK 1 Limited, has confirmed that it will continue to provide financial support to the company for the foreseeable future and for at least 12 months from the date of approval of these financial statements. Accordingly the financial statements have been prepared on the going concern basis.

#### Changes in accounting policy

None of the standards, interpretations and amendments effective for the first time from 1 January 2016 have had a material effect on the financial statements.

#### Revenue recognition

Revenue comprises the fair value of the consideration received or receivable for the sale of goods and provision of services in the ordinary course of the company's activities. Revenue is shown net of sales/value added tax, returns, rebates and discounts and after eliminating sales within the company.

The company recognises revenue when:

The amount of revenue can be reliably measured;

it is probable that future economic benefits will flow to the entity;

and specific criteria have been met for each of the company activities.

#### Tax

The tax expense for the period comprises current and deferred tax. Tax is recognised in profit or loss, except that a change attributable to an item of income or expense recognised as other comprehensive income is also recognised directly in other comprehensive income.

The current income tax charge is calculated on the basis of tax rates and laws that have been enacted or substantively enacted by the reporting date in the countries where the company operates and generates taxable income.

Deferred income tax is recognised on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements and on unused tax losses or tax credits in the company. Deferred income tax is determined using tax rates and laws that have been enacted or substantively enacted by the reporting date.

The carrying amount of deferred tax assets are reviewed at each reporting date and a valuation allowance is set up against deferred tax assets so that the net carrying amount equals the highest amount that is more likely than not to be recovered based on current or future taxable profit.

Payment is generally made for group relief at the current tax rate at the time of first estimating the tax provision. To the extent that amendments are subsequently made to the group relief plan, there is generally no payment or receipt in respect of the change.

#### **Tangible assets**

Property, plant and equipment is stated in the statement of financial position at cost, less any subsequent accumulated depreciation and subsequent accumulated impairment losses.

The cost of property, plant and equipment includes directly attributable incremental costs incurred in their acquisition and installation.

# Notes to the Unaudited Financial Statements for the Year Ended 31 December 2016 (continued)

#### 2 Accounting policies (continued)

#### Depreciation

Depreciation is charged so as to write off the cost of assets, other than land and properties under construction over their estimated useful lives, as follows:

#### **Asset class**

Freehold buildings
Short leasehold land and buildings
Fixture and fittings
Motor vehicles

#### Depreciation method and rate

over 50 years over the lease term over 3 to 16 years over shorter of the lease term and 4 years

#### Intangible assets

Trademarks, licences (including software) and customer-related intangible assets acquired in a business combination are recognised at fair value at the acquisition date. Trademarks, licences and customer-related intangible assets have a finite useful life and are carried at cost less accumulated amortisation and any accumulated impairment losses.

Amortisation is provided on intangible assets so as to write off the cost, less any estimated residual value, over their expected useful economic life. Customer contracts are amortised on an attrition basis over their useful economic lives of between 3 and 10 years. Attrition rates are calculated with reference to the average length of stay of service users.

#### Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and call deposits, and other short-term highly liquid investments that are readily convertible to a known amount of cash and are subject to an insignificant risk of changes in value.

#### **Trade debtors**

Trade receivables are amounts due from customers for merchandise sold or services performed in the ordinary course of business. If collection is expected in one year or less (or in the normal operating cycle of the business if longer), they are classified as current assets. If not, they are presented as non-current assets.

Trade receivables are recognised initially at the transaction price. They are subsequently measured at amortised cost using the effective interest method, less provision for impairment. A provision for the impairment of trade receivables is established when there is objective evidence that the company will not be able to collect all amounts due according to the original terms of the receivables.

#### Trade creditors

Trade payables are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Accounts payable are classified as current liabilities if payment is due within one year or less (or in the normal operating cycle of the business if longer). If not, they are presented as non-current liabilities.

Trade payables are recognised initially at the transaction price and subsequently measured at amortised cost using the effective interest method.

# Notes to the Unaudited Financial Statements for the Year Ended 31 December 2016 (continued)

### 2 Accounting policies (continued)

#### **Borrowings**

All borrowings are initially recorded at the amount of proceeds received, net of transaction costs. Borrowings are subsequently carried at amortised cost, with the difference between the proceeds, net of transaction costs, and the amount due on redemption being recognised as a charge to the income statement over the period of the relevant borrowing.

Interest expense is recognised on the basis of the effective interest method and is included in finance costs.

Borrowings are classified as current liabilities unless the company has an unconditional right to defer settlement of the liability for at least 12 months after the reporting date.

#### Leases

Leases in which substantially all the risks and rewards of ownership are retained by the lessor are classified as operating leases. Payments made under operating leases are charged to profit or loss on a straight-line basis over the period of the lease.

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee.

Assets held under finance leases are recognised as non-current assets of the company at the lower of their fair value at the date of commencement of the lease and at the present value of the minimum lease payments. These assets are depreciated on a straight-line basis over the shorter of the useful life of the asset and the lease term. The corresponding liability to the lessor is included in the statement of financial position as a finance lease obligation.

Lease payments are apportioned between finance costs in the income statement and reduction of the lease obligation so as to achieve a constant rate of interest on the remaining balance of the liability

#### Impairment of non-financial assets

Property, plant and equipment is tested for impairment by management when a trigger event that might affect asset values has occurred. An impairment loss is recognised in the profit and loss account to the extent that the carrying amount cannot be recovered either by selling the asset or by the discounted future earnings from an income-generating unit, which is an individual business operational unit.

#### Share capital

Ordinary shares are classified as equity. Equity instruments are measured at the fair value of the cash or other resources received or receivable, net of the direct costs of issuing the equity instruments. If payment is deferred and the time value of money is material, the initial measurement is on a present value basis.

#### Defined contribution pension obligation

A defined contribution plan is a pension plan under which fixed contributions are paid into a separate entity and has no legal or constructive obligations to pay further contributions if the fund does not hold sufficient assets to pay all employees the benefits relating to employee service in the current and prior periods.

For defined contribution plans contributions are paid publicly or privately administered pension insurance plans on a mandatory or contractual basis. The contributions are recognised as employee benefit expense when they are due. If contribution payments exceed the contribution due for service, the excess is recognised as an asset.

# Notes to the Unaudited Financial Statements for the Year Ended 31 December 2016 (continued)

## 3 Critical accounting judgements and key sources of estimation uncertainty

The preparation of the financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period then ended. Management bases its estimates on historical experience and various other assumptions that are considered to be reasonable in the particular circumstances. Actual results may differ from these estimates.

Estimates are used in accounting for allowances for uncollected receivables, depreciation, taxes and contingencies. Estimates and assumptions are reviewed periodically and the effects of the revision are reflected in the financial statements in the period that an adjustment is determined to be required.

Significant accounting judgements have been applied with respect to the valuation of deferred tax assets. Deferred tax assets and liabilities require management judgement in determining the amounts to be recognised. In particular, judgement is used when assessing the extent to which deferred tax assets should be recognised with consideration given to the timing and level of future taxable income.

#### 4 Turnover

The analysis of the company's turnover for the year from continuing operations is as follows:

	2016	2015
	£ 000	£ 000
Rendering of services	<u>4,492</u>	4,556

All turnover and profit on ordinary activities before taxation arose within the United Kingdom and from one class of business.

#### 5 Operating profit

Arrived at after charging/(crediting)

	2010	2015
	£ 000	£ 000
Depreciation expense	406	369
Amortisation expense	576	698
Loss on disposal of property, plant and equipment	=	2

# Notes to the Unaudited Financial Statements for the Year Ended 31 December 2016 (continued)

### 6 Interest payable and similar charges

	2016 £ 000	2015 £ 000
Interest on bank overdrafts and borrowings	1	1
Interest on obligations under finance leases and hire purchase contracts	9	9
Interest expense on other financing liabilities	1,040	1,040
	1,050	1,050

### 7 Staff costs

The aggregate payroll costs (including directors' remuneration) were as follows:

	£ 000	£ 000
Wages and salaries	2,296	2,224
Social security costs	167	154
Pension costs, defined contribution scheme	14	14
	2,477	2,392

The average number of persons employed by the company (including directors) during the year, analysed by category was as follows:

	2016 No.	2015 No.
Administration and support	8	8
Other departments	153_	151
	161_	159

## 8 Directors' remuneration

The costs relating to the directors' services have been borne by Priory Central Services Limited, a fellow group company. No amounts (2015: £nil) have been recharged to the company in respect of the directors' services and the directors do not believe that it is practical to allocate these costs between group companies.

# Notes to the Unaudited Financial Statements for the Year Ended 31 December 2016 (continued)

#### 9 Income tax

Tax charged/(credited) in the profit and loss account

	2016 £ 000	2015 £ 000
Current taxation UK corporation tax	(73)	(127)
<b>Deferred taxation</b> Arising from origination and reversal of temporary differences	(44)	29
Tax receipt in the profit and loss account	(117)	(98)

The tax on profit before tax for the year is higher than the standard rate of corporation tax in the UK (2015 - higher than the standard rate of corporation tax in the UK) of 20% (2015 - 20.25%).

The differences are reconciled below:

	2016 £ 000	2015 £ 000
Loss before tax	(985)	(875)
Corporation tax at standard rate	(197)	(177)
Increase (decrease) in current tax from adjustment for prior periods	41	_
Increase (decrease) from effect of expenses not deductible in determining taxable profit (tax loss)	52	51
Increase (decrease) from transfer pricing adjustments	22	32
Deferred tax expense (credit) from unrecognised temporary difference from a prior period	(36)	-
Deferred tax expense (credit) relating to changes in tax rates or laws	1	(4)
Total tax credit	(117)	(98)

The standard rate of corporation tax in the UK changed from 21% to 20% with effect from 1 April 2015. Accordingly, the company's profits for this accounting year are taxed at an effective rate of 20.00% (2015: 20.25%).

The main rate of corporation tax has been reduced from 20% to 19% with effect from 1 April 2017 and from 19% to 17% with effect from 1 April 2020. These rate reductions were substantively enacted before the year end and as the directors consider the deferred tax balances are expected to largely reverse after 1 April 2020, the tax rate used for deferred tax at the year end is 17%.

# Notes to the Unaudited Financial Statements for the Year Ended 31 December 2016 (continued)

## 9 Income tax (continued)

Deferred tax			
Deferred tax assets and liabilities			_
2016			Asset £ 000
2010			2 000
Accelerated tax depreciation			3
			Liability
2015			£ 000
Accelerated tax depreciation			41
Deferred tax movement during the year:			
	AA 4 7	B	At December
	At 1 January 2016	Recognised in income	2016
	£ 000	£ 000	£ 000
Accelerated tax depreciation	(41)	44	3
Deferred tax movement during the prior year:			
			At
	At 1 January 2015	Recognised in income	31 December 2015
	£ 000	£ 000	£ 000
Accelerated tax depreciation	(12)	(29)	(41)

Deferred tax assets relating to deductible temporary differences are recognised if it is probable that they can be offset against future taxable profits or existing temporary differences. On the basis of the approved business plans, it is considered probable that the temporary differences can be offset against future taxable profits.

# Notes to the Unaudited Financial Statements for the Year Ended 31 December 2016 (continued)

each	3,387	3,387	3,387	3,387
	3,557	3,557	3,557	3,557

#### Rights, preferences and restrictions

A ordinary shares have the following rights, preferences and restrictions:

Each holder of an A ordinary share is to receive notice of and can attend and vote at general meetings of the company. The A ordinary shares rank equally with the B ordinary shares but behind the preference shares in respect of dividends. On any winding up or return of capital, the assets available for distribution shall be paid first to the preference shareholders (in the amount explained below) and any balance then to the holders of the A ordinary and B ordinary shares. Of this balance, the holders of A ordinary shares are entitled to the sum left after the payment referred to below to the holders of the B ordinary shares. On a sale or listing of the shares of the company, the proceeds are to be applied in the same manner as a return of capital. These shares are not redeemable.

B ordinary shares have the following rights, preferences and restrictions:

Each holder of a B ordinary share is to receive notice of and can attend and vote at any general meetings of the company. The B ordinary shares rank equally with the A ordinary shares but behind the preference shares in respect of dividends. On any winding up or return of capital, the assets available for distribution shall be paid first to the preference shareholders and any balance then to the holders of the A ordinary and B ordinary shares. Of this balance, the holders of B ordinary shares are entitled to an amount equal to the sum of the B share proportion of the equity distribution (both terms as defined in the articles of association of the company) less certain adjustments for salary payments. On a sale or listing of the shares of the company, the proceeds are to be applied in the same manner as a return of capital. These shares are not redeemable.

Cummulative preference shares have the following rights, preferences and restrictions:

Each holder of a preference share is to receive notice of and can attend and speak at any general meeting but cannot vote. The preference shares rank ahead of the A ordinary shares and B ordinary shares in relation to dividends and on any winding up of the company or return of capital. The holders of preference shares are entitled to dividends at the preference rate (as defined in the articles of association of the company) on the subscription price of each preference share to the extent paid up (together with any accrued but unpaid dividends). Unpaid dividends compound annually. Upon the winding up of the company or a return of capital, the assets available for distribution shall be paid first to the preference shareholders in an amount equal to the subscription price on each preference share together with all unpaid dividends. On a sale or listing of the shares of the company, the proceeds are to be applied in the same manner as a return of capital. The preference shares may be redeemed in whole or in part by the company at any time.
