2 Accounting policies

Summary of significant accounting policies and key accounting estimates

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

Statement of compliance

These financial statements have been prepared in accordance with Financial Reporting Standard 102 - 'The Financial Reporting Standard applicable in the UK and Republic of Ireland', including Section 1A, and the Companies Act 2006. There are no material departures from FRS 102.

Basis of preparation

These financial statements have been prepared using the historical cost convention.

Group accounts not prepared

The company is part of a small group. The company has taken advantage of the exemption provided by Section 398 of the Companies Act 2006 and has not prepared group accounts.

Going concern

Notwithstanding the net liabilities of £222,027 (2017 - £270,344), the directors are satisfied, having made all necessary enquiries, that the going concern basis of preparation remains appropriate. In forming their opinion, the directors have identified the following:

- Undertakings have been received from the parent company that support will continue to be received from the wider group.
- The net liabilities position includes deferred income of £738,442 (2017 - £615,076) which will be released to the profit and loss account as revenue in the 12 months following the balance sheet date.

Key accounting judgements and sources of estimation uncertainty

In the application of the company's accounting policies management is required to make judgements, estimates and assumptions about the carrying values of assets and liabilities that are not readily apparent from other sources. The estimates and underlying assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

The key judgement that has a significant effect on the financial statements is in respect of going concern, as described in the accounting policy above.

The key estimate that has a significant effect on the financial statements is in respect of the recoverability of intercompany debtors. This requires estimation by management as to the amount of any provision required against the debt. No provision has been made as at 31 May 2018 or 31 May 2017.

Revenue recognition

Turnover represents amounts chargeable, net of value added tax, in respect of the sale of goods and services to customers. Commercial income is recognised on a receivable basis. Commission on ticket sales is deferred and recognised when the related matches are played.

Tax

Tax is recognised in profit or loss, except that a change attributable to an item of income or expense recognised as other comprehensive income is also recognised directly in other comprehensive income.

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events that result in an obligation to pay more tax in the future or a right to pay less tax in the future have occurred at the balance sheet date. Timing differences are differences between the group's taxable profits and its results as stated in the financial statements that arise from the inclusion of gains and losses in tax assessments in periods different from those in which they are recognised in the financial statements.

Deferred tax is measured on an undiscounted basis at the tax rates that are expected to apply in the periods in which timing differences reverse, based on tax rates and laws enacted or substantively enacted at the balance sheet date. Deferred tax assets in respect of tax losses carried forward are not recognised as they do not meet the recognition criteria set out in FRS 102 given there is no certainty as to when the losses will be utilised.

Intangible assets

Intangible assets are stated in the balance sheet at cost, less any subsequent accumulated amortisation and any subsequent accumulated impairment losses. Intangible assets consist of software costs in respect of the company's systems and trademarks.

Bristol Sport Limited

Notes to the Financial Statements

Year Ended 31 May 2018

Amortisation

Amortisation is provided on intangible assets so as to write off the cost, less any estimated residual value, over their useful life as follows:

Asset class	Amortisation method and rate
Trademarks	10 years straight line
Software	4 years straight line

Tangible assets

Tangible assets are stated in the balance sheet at cost, less any subsequent accumulated depreciation and subsequent accumulated impairment losses.

The cost of tangible assets includes directly attributable incremental costs incurred in their acquisition and installation.

Depreciation

Depreciation is charged so as to write off the cost of assets as follows:

Asset class	Depreciation method and rate
Furniture, fittings and equipment	4 years straight line

Investments

Investments in subsidiaries where the shares are not publicly traded and where fair value cannot be reliably measured are stated at historical cost less provision for any diminution in value.

Stocks

Stock is valued at the lower of cost and net realisable value, after due regard for obsolete and slow moving stocks. Net realisable value is based on selling price less anticipated costs to completion and selling costs.

Defined contribution pension obligation

The company operates a defined contribution pension scheme and pays into personal pension plans for a number of employees. Contributions are charged in the profit and loss account as they become payable in accordance with the rules of the scheme.

Financial instruments

Classification

The company holds the following financial instruments:

- Short term trade and other debtors and creditors;
- Short term loan and other borrowing; and
- Cash and bank balances.

All financial instruments are classified as basic.

Recognition and measurement

The company has chosen to apply the recognition and measurement principles in FRS102.

Financial instruments are recognised when the company becomes party to the contractual provisions of the instrument and derecognised when in the case of assets, the contractual rights to cash flows from the assets expire or substantially all the risks and rewards of ownership are transferred to another party, or in the case of liabilities, when the company's obligations are discharged, expire or are cancelled.

Such instruments are initially measured at transaction price, including transaction costs, and are subsequently carried at the undiscounted amount of the cash or other consideration expected to be paid or received, after taking account of impairment adjustments.

3 Staff numbers

The average number of persons employed by the company during the year, was 40 (2017 - 65).
