	Commentary
Purpose of administrations	The purpose of the administrations was to achieve a better result for the creditors of the Companies as a whole than would be obtained through an immediate liquidation of the Companies.
Progress of administrations	We have continued to recover debtor balances, under agreed payment plans, from the major debtors of the Companies. Payments of £40,000 and £20,000 have been received in CCGS & CMM respectively during the period.
Costs	- The basis of our remuneration has been fixed as a set amount in CCGS of £80,000 and in CMM of £100,000. - Third party costs of £12 have been incurred in CMM in the report period which is in line with our initial estimate. No third party costs have been incurred in the period in respect to CCGS. Please refer to page 11 for further details.
Outstanding matters	- Finalise the debtor realisations for the Companies. - Distribution to the unsecured creditors of the Companies. - Case closure.
Dividend prospects	- Based on current information, the Joint Administrators anticipate the following outcome for each category of creditor: - Secured creditors – there are no secured creditors in either CCGS or CMM. - Preferential creditors – there are no preferential creditors as the Companies had no employees at appointment. - Unsecured creditors – it is anticipated that there may be a small distribution to the unsecured creditors in both CCGS and CMM.
Extension to administration periods	The administrations were extended by the Court on 1 September 2017 and will now end on or before 31 March 2019.

Work done since our last report

Asset realisations

CCGS

During the period since our last report we have received a further £40,000 under the agreed payment plan with the major debtor, which is an inter-company receivable. The remaining recoverable balance, amounting to £17,500, should be collected by September 2018.

CMM

During the period since our last report we have received a further £25,000 under the agreed payment plan with the major debtor, which is an inter-company receivable. The remaining recoverable balance, amounting to £32,500, should be collected by September 2018.

Statutory tasks

During the period we have carried out the following tasks which primarily relate to fulfilment of statutory and compliance obligations and other tasks of an administrative nature:

- case management;
- statutory reporting;
- correspondence with debtors and creditors;
- Case reviews; and
- cashliering functions.

These tasks are a necessary part of the engagement but do not generate any direct financial benefit for creditors.

Investigations

As previously reported, we complied with our statutory duty to report on the conduct of the Companies' directors to the Insolvency Service and have not been requested to provide any further information or been advised of any further action required.

If you have any information that you feel should be brought to our attention, please contact us in writing using the contact details on Page 3 above.

Cost of the work done during the report period

The costs and expenses incurred during the report period are detailed below. Overall, we do not anticipate that the total costs and expenses will exceed the estimates provided in our proposals.

Legal Costs – costs incurred during the reporting period total £3,500 (plus disbursements) for each company by Squire Patton Boggs (UK) LLP for dealing with the extensions to the administration periods. All payments are shown in the receipts and payments accounts shown on page 6.

Our remuneration and expenses - further information on these costs are provided on page 10.

All professional costs are reviewed and analysed in detail before payment is approved.

These tasks are a necessary part of the engagement but do not generate any direct financial benefit for creditors.

Information for creditors

Outcome

Information for creditors Outcome

Secured creditors

Neither CCGS nor CMM have any secured creditors.

Preferential creditors

There are no known preferential creditors in either of the Companies.

Prescribed Part

As there are no secured creditors with floating charges, the Prescribed Part provisions do not apply to these cases.

Unsecured creditors

Provided that the inter-company debtors complete the revised payment plans, it is anticipated that sufficient funds will be realised to enable a small dividend to be paid to the unsecured creditors of both CCGS and CMM.

Claims process – creditors with debts of £1,000 or less

You do not need to prove your debt for dividend purposes if the amount you are owed is £1,000 or less, unless you wish to vote in this decision, or any other, decision procedure in which case proof of claim must be given.

We will notify you if funds become available for dividend purposes. Your claim will be admitted in the amount shown in the Company's records/statement of affairs. If you disagree with that amount you will be provided with an opportunity to notify us of the correct amount.

Claims process – creditors with debts of more than £1,000

Unsecured creditors with claims of more than £1,000 are invited to submit their claims to us by completing a proof of debt form which is available on the administration website and which should be sent to the address on page 3, marked for the attention of Maggie Rowe.

Extensions to the administrations

In order to complete the debtor realisations in the Companies we made an application to Court to extend both of the administrations which was granted by the Court on 1 September 2017 for a period of 18 months and the order also allowed the Joint Administrators to distribute funds to the unsecured creditors in the administrations. The administrations will now end on or before 31 March 2019.

Exit

As detailed in our proposals, following any distribution to the Companies' unsecured creditors, we consider that dissolution will be the most appropriate exit route from the administrations.

We have drawn remuneration as shown in the receipts and payments accounts on page 6, as follows:
