Public benefit

We have referred to the guidance contained in the Charity Commission's general guidance on public benefit when reviewing our Aims and Objectives and in planning our future activities. In particular, the Governors consider how planned activities will contribute to the aims and objectives they have set. The Academy has provided a fully comprehensive education to all students in its care. It fully complies with all statutory guidance and seeks to support its wider educational objectives via a strong community role.

Achievements and Performance

The school has undergone a year of rapid improvement with the 2013 examination results confirming our "OUTSTANDING" Ofsted status, with nearly 70% of pupils achieving at least 5A* - C grades including English and Maths.

Every student is important to us at Parkside and for the fourth year in succession 100% of our students achieved at least 8 grade A* - C GCSE passes, or equivalent, a performance no other school in the North East can match.

Over 65% of our students numbered at least 3 A* or A grades among their passes, with over 40% of entries being 5A* or A passes.

This outstanding success has arisen from our insistence that every student is valued for their contribution to the school and community, coupled with a skilled and dedicated teaching and support staff and a desire to challenge and motivate our pupils to be the best they can be.

Individual students can succeed academically because we build a personalised curriculum for each of them, with all studying at least 9 GCSE's. There are opportunities to study everything from separate science, psychology and Modern Languages to a range of vocational subjects.

Going concern

After making appropriate enquiries, the Governing Body has a reasonable expectation that the Academy has adequate resources to continue in operational existence for the foreseeable future. For this reason, it continues to adopt the going concern basis in preparing its financial statements.

Further details regarding the adoption of the going concern basis can be found in the Statement of Accounting Policies.

Key financial performance indicators

- The average number of persons (including senior management team) employed by the Academy during the year ended 31 August 2013 was as follows:
 - 48 Teachers
 - 35 Administration and support
 - 4 Management
- The restricted GAG income received in the year ending 31 August 2013 was £3,901,821.
- The unrestricted surplus carried forward is £233,944 at 31 August 2013.

PARKSIDE ACADEMY
GOVERNORS' REPORT (continued)
Year ended 31 August 2013

Financial Review

Most of the Academy's income is obtained from DfE/EFA in the form of recurrent grants, the use of which is restricted to particular purposes. The grants received from the DfE during the year ended 31 August 2013 and the associated expenditure are shown as restricted funds in the statement of financial activities.

During the year ended 31 August 2013 total expenditure of £4,710,959 was more than covered by recurrent grant funding from the DfE/EFA together with other incoming resources. The excess of total income over total expenditure for the year (prior to other gains/losses) was £97,814.

At 31 August 2013 the net book value of fixed assets was £5,731,431 and movements in tangible fixed assets are shown in note 12 to the financial statements. The assets were used exclusively for providing education and the associated support services to the pupils of the Academy.

There is a proactive Finance and General Purposes Committee that meets each term to look in depth at the financial situation, review policies and procedures, agree annual budget and report back to full Governors.

In addition to this there is a sub-committee consisting of 3 members of the Finance and General Purposes Committee, the "Scrutiny Committee", that meet three times each term and look in depth at the income and expenditure, bank reconciliation, departmental spending and balance sheets, this sub-committee then report back to the Finance and General Purposes Committee.

Financial and risk management objectives and policies

The Academy's policy is to adopt best practice in the identification, evaluation and effective control of risks to ensure they are managed to an acceptable level. It is acknowledged that some risks will always exist and will never be eliminated. The specific procedures for the implementation of this policy and the personnel responsible are detailed below.

The Governing Body is responsible for making a statement on risk management in the annual accounts of the Academy Trust. In order to be able to make the required statement with reasonable confidence, the Governors should ensure that

- the identification, assessment and mitigation of risk is linked to the achievement of the Academy Trust's vision and strategic goals as set out in the Academy's Development Plan
- the process covers all areas of risk e.g. governance and management, operational, financial, reputational and external factors and is focused primarily on major risks
- the process produces a risk exposure profile that reflects the Governors' views as to levels of acceptable risk
- the principal results of risk identification are reviewed, evaluated and managed, and ensure that the risk management is ongoing and embedded in management and operation procedure.

The Academy minimises the risk to the financial wellbeing and good reputation of the school by recognising and minimising risk to the Governance, management and fabric of the school.

PARKSIDE ACADEMY
GOVERNORS' REPORT (continued)
Year ended 31 August 2013

Reserves policy

The governors review the reserve levels of the Academy annually. This review encompasses the nature of income and expenditure streams, the need to match income with commitments and the nature of reserves. The governors have determined that the appropriate level of free reserves should be equivalent to 4 weeks expenditure, approximately £350,000. The reason for this is to provide a sufficient working capital to cover delays between spending and receipt of grants and to provide a cushion to deal with unexpected emergencies such as urgent maintenance. The Academy's current level of free reserves (total funds less the amount held in fixed assets and restricted funds) is £233,944 which is less than is needed. The Academy intends to continue building up free reserves to the level needed.

The Academy held fund balances at 31 August 2013 of £4,929,406 comprising of £5,926,462 of restricted funds, a pension reserve deficit of £1,231,000 and £233,944 unrestricted general funds.

Investment policy

The Investment Policy is in place to ensure that investments are always safe, and are in place only to finance future large projects. The Academy recognises and agrees that all money received from EFA is to fund the education of the current students and the Academy should not hold large reserves/investments to the detriment of current pupils.

Plans for Future Years

The Academy currently has Capital Financial bids under consideration for

- Curtain walls and windows to the original build
- Heating boilers

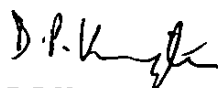

Auditors

Baker Tilly UK Audit LLP has indicated its willingness to continue in office.

Statement as to disclosure of information to auditors

The Governors have confirmed that, as far as they are aware, there is no relevant audit information of which the auditors are unaware. Each of the Governors have confirmed that they have taken all the steps that they ought to have taken as Governors in order to make themselves aware of any relevant audit information and to establish that it has been communicated to the auditor.

GOVERNANCE STATEMENT

Year ended 31 August 2013

The Governing Body has delegated the day-to-day responsibility to the Principal, as Accounting Officer, for ensuring financial controls conform with the requirements of both propriety and good financial management and in accordance with the requirements and responsibilities assigned to it in the Funding Agreement between Parkside Academy and the Secretary of State for Education. They are also responsible for reporting to the Governing Body any material weaknesses or breakdowns in internal control.

The purpose of the system of internal control

The system of internal control is designed to manage risk to a reasonable level rather than to eliminate all risk of failure to achieve policies, aims and objectives, it can therefore only provide reasonable and not absolute assurance of effectiveness. The system of internal control is based on an ongoing process designed to identify and prioritise the risks to the achievement of Academy policies, aims and objectives, to evaluate the likelihood of those risks being realised and the impact should they be realised, and to manage them efficiently, effectively and economically. The system of internal control has been in place in Parkside Academy for the year ended 31 August 2013 and up to the date of approval of the annual report and financial statements.

Capacity to handle risk

The Governing Body has reviewed the key risks to which the Academy is exposed together with the operating, financial and compliance controls that have been implemented to mitigate those risks. The Governing Body is of the view that there is an informal ongoing process for identifying, evaluating and managing the Academy's significant risks that has been in place for the year ending 31 August 2013 and up to the date of approval of the annual report and financial statements. Formal consideration of the risk register and policy was made by Governors in March 2013.

The risk and control framework

The Academy's system of internal financial control is based on a framework of regular management information and administrative procedures including the segregation of duties and a system of delegation and accountability. In particular, it includes

- comprehensive budgeting and monitoring systems with an annual budget and periodic financial reports which are reviewed and agreed by the Governing Body,
- regular reviews by the Finance and General Purposes Committee of reports which indicate financial performance against the forecasts and of major purchase plans, capital works and expenditure programmes,
- setting targets to measure financial and other performance,
- clearly defined purchasing (asset purchase or capital investment) guidelines,
- delegation of authority and segregation of duties, and
- identification and management of risks.

The Governing Body has considered the need for a specific internal audit function and has decided not to appoint an internal auditor. However, the governors have appointed B Kinnair, a governor, as Responsible Officer ('RO'). The RO's role includes giving advice on financial matters and performing a range of checks on the Academy Trust's financial systems. On a quarterly basis, the RO reports to the Governing Body on the operation of the systems of control and on the discharge of the Governing Body's financial responsibilities.

The RO function has been fully delivered in line with the EFA's requirements. No control issues of a material nature have been identified.

PARKSIDE ACADEMY
NOTES TO THE FINANCIAL STATEMENTS
for the year ended 31 August 2013

1 ACCOUNTING POLICIES

Basis of Preparation

The financial statements have been prepared under the historical cost convention in accordance with applicable United Kingdom Accounting Standards, the Statement of Recommended Practice ('SORP 2005') 'Accounting and Reporting by Charities', the Academies Accounts Direction 2013 issued by the Education Funding Agency and Companies Act 2006. A summary of the principal accounting policies, which have been applied consistently, except where noted, is set out below.

Conversion to an Academy

The conversion from a state maintained school to an Academy during the period to 31 August 2012, involved the transfer of identifiable assets and liabilities and the operation of the school for £nil consideration and has been accounted for under the acquisition accounting method.

The assets and liabilities transferred on conversion from the maintained school Parkside Academy to an Academy have been valued at their fair value being a reasonable estimate of the current market value that the governors would expect to pay in an open market for an equivalent item. Their fair value is in accordance with the accounting policies set out for Parkside Academy. The amounts were recognised under the appropriate balance sheet categories, with a corresponding amount recognised in voluntary income as a gift in the SOFA and analysed under unrestricted and restricted general funds. Further details of the transaction are set out in note 25.

Going Concern

After reviewing financial and other information available, the Governors consider that the Academy has adequate resources to continue in operational existence for the foreseeable future. For this reason, it continues to adopt the going concern basis in preparing the financial statements. The Governors make this assessment in respect of a year of one year from the date of approval of the financial statements.

Incoming resources

All incoming resources are recognised when the Academy has entitlement to the funds, certainty of receipt and the amount can be measured with sufficient reliability.

Grants receivable

Grants are included in the Statement of Financial Activities on a receivable basis. The balance of income received for specific purposes but not expended during the year is shown in the relevant funds on the balance sheet. The general annual grant ('the GAG') from the DfE, which is intended to meet recurrent costs, is credited directly to the Statement of Financial Activities. Other grants from government agencies and other bodies are recognised in the year in which they are receivable to the extent the conditions of funding have been met. Where income is received in advance of entitlement of receipt its recognition is deferred and included in creditors as deferred income. Where entitlement occurs before income is received the income is accrued.

Donations

Donations are recognised on a receivable basis where there is certainty of receipt and the amount can be reliably measured.

Other income

Other income including hire of facilities is recognised in the year it is receivable and to the extent the goods have been provided or the completion of the service.

for the year ended 31 August 2013

1 ACCOUNTING POLICIES (continued)

Interest receivable

Interest receivable is included in the Statement of Financial Activities on a receivable basis, and is stated inclusive of related tax credits

Resources expended

All expenditure is recognised in the year in which a liability is incurred and has been classified under headings that aggregate all costs related to that category. Where costs cannot be directly attributed to particular headings they have been allocated to each activity cost category on a basis consistent with the use of resources, with central staff costs allocated on the basis of time spent, and depreciation charges on the portion of the asset's use. Other support costs are allocated based on the spread of staff costs.

Costs of generating funds are costs incurred in attracting voluntary income, and those incurred in trading activities that raise funds.

Charitable activities are costs incurred on the Academy's educational operations.

Governance costs include the costs attributable to the Academy's compliance with constitutional and statutory requirements, including audit, strategic management and Governors' meetings and reimbursed expenses.

All resources expended are inclusive of irrecoverable VAT.

Fund accounting

Unrestricted income funds represent those resources which may be used towards meeting any of the charitable objects of the Academy at the discretion of the Governors.

Restricted General funds are resources subject to specific restrictions imposed by funders or donors, and include grants from the Education Funding Agency (EFA) and Department for Education.

Restricted Fixed Assets Funds are resources which are to be applied to specific capital purposes imposed by the EFA, Department for Education and other funders where the asset acquired or created is held for a specific purpose.

Tangible fixed assets

Tangible fixed assets are capitalised at cost and are carried at cost net of depreciation and any provision for impairment.

Where tangible fixed assets have been acquired with the aid of specific grants, either from the government or from the private sector, they are included in the balance sheet at cost and depreciated over their expected useful economic life. Where the related grants require the asset to be held for a specific purpose they are credited to a restricted fixed asset fund in the Statement of Financial Activities and carried forward in the Balance Sheet, with this amount being reduced over the useful economic life of the related asset on a basis consistent with the depreciation policy.

On conversion during 2012 the school's tangible fixed assets were transferred at nil consideration to Parkside Academy. The assets have been included at the fair value being an estimate of the open market value. The tangible fixed assets have been capitalised on the balance sheet with the related donation recognised as voluntary income (see note 25).

PARKSIDE ACADEMY
NOTES TO THE FINANCIAL STATEMENTS
for the year ended 31 August 2013

1 ACCOUNTING POLICIES (continued)

Tangible fixed assets (continued)

Depreciation is provided on all tangible fixed assets other than freehold land, at rates calculated to write off the cost of each asset on a straight-line and reducing balance basis over its expected useful lives, as follows

Land	N/A
Freehold buildings	2% pa straight line
Fixtures, fittings and equipment	33% pa straight line
ICT computer equipment	20% pa straight line

A review for impairment of a fixed asset is carried out if events or changes in circumstances indicate that the carrying value of any fixed asset may not be recoverable. Shortfalls between the carrying value of fixed assets and their recoverable amounts are recognised as impairments. Impairment losses are recognised in the Statement of Financial Activities.

Leased assets

Rentals under operating leases are charged on a straight-line basis over the lease term.

Taxation

The Academy is considered to pass the tests set out in Paragraph 1 Schedule 6 Finance Act 2010 and therefore it meets the definition of a charitable company for UK corporation tax purposes. Accordingly, the Academy is potentially exempt from taxation in respect of income or capital gains received within categories covered by Chapter 3 Part 11 Corporation Tax Act 2010 or Section 256 of the Taxation of Chargeable Gains Act 1992, to the extent that such income or gains are applied exclusively to charitable purposes.

Stock

Catering stocks are valued at the lower of cost or net realisable value.

Pensions benefits

Retirement benefits to employees of the Academy are provided by the Teachers' Pension Scheme ('TPS') and the Local Government Pension Scheme ('LGPS'). These are defined benefit schemes, are contracted out of the State Earnings-Related Pension Scheme ('SERPS'), and the assets are held separately from those of the Academy.

The TPS is an unfunded scheme and contributions are calculated so as to spread the cost of pensions over employees' working lives with the Academy in such a way that the pension cost is a substantially level percentage of current and future pensionable payroll. The contributions are determined by the Government Actuary on the basis of quinquennial valuations using a prospective benefit method. As stated in Note 16, the TPS is a multi employer scheme and the Academy is unable to identify its share of the underlying assets and liabilities of the scheme on a consistent and reasonable basis. The TPS is therefore treated as a defined contribution scheme and the contributions recognised as they are paid each Year.

The LGPS is a funded scheme and the assets are held separately from those of the Academy in separate trustee administered funds. Pension scheme assets are measured at fair value and liabilities are measured on an actuarial basis using the projected unit method and discounted at a rate equivalent to the current rate of return on a high quality corporate bond of equivalent term and currency to the liabilities. The actuarial valuations are obtained at least triennially and are updated at each balance sheet date. The amounts charged to operating surplus are the current service costs and gains and losses on settlements and curtailments. They are included as part of staff costs. Past service costs are recognised immediately in the Statement of Financial Activities if the benefits have vested. If the benefits have not vested immediately, the costs are recognised over the year until vesting occurs. The expected return on assets and the interest cost are shown as a net finance amount of other finance costs or credits adjacent to interest. Actuarial gains and losses are recognised immediately in other gains and losses.

16 PENSIONS AND SIMILAR OBLIGATIONS

The Academy's employees belong to two principal pension schemes the Teachers' Pension Scheme England and Wales (TPS) for academic and related staff, and the Local Government Pension Scheme (LGPS) for non-teaching staff, which is managed by Durham County Council Both are defined-benefit schemes

As described in note 25, the LGPS obligation relates to the employees of the Academy Trust, who were the employees transferred as part of the conversion from the maintained school and new employees who were eligible to and did join the Scheme in the year The obligation in respect of employees who transferred on conversion represents their cumulative service at both the predecessor school and the Academy Trust at the balance sheet date

Parliament has agreed, at the request of the Secretary of State for Education, to a guarantee that, in the event of academy closure, outstanding Local Government Pension Scheme liabilities would be met by the Department for Education The guarantee came into force on 18 July 2013

The pension costs are assessed in accordance with the advice of independent qualified actuaries The latest actuarial valuation of the TPS was 31 March 2004 and of the LGPS 31 March 2010

Contributions amounting to £41,669 (2012 £47,681) were payable to the scheme at 31 August 2013 and are included within creditors

Teachers' Pension Scheme

The Teachers' Pensions Scheme ("TPS") is a statutory, contributory, defined benefit scheme The regulations under which the TPS operates are the Teachers' Pensions Regulations 2010 Retirement and other pension benefits, including annual increases payable under the Pensions (Increase) Acts are, as provided for in the Superannuation Act 1972, paid out of monies provided by Parliament Under the unfunded TPS, teachers' contributions on a 'pay as-you-go' basis, and employers' contributions, are credited to the Exchequer under arrangements governed by the above Act

The Teachers' Pensions Regulations require an annual account, the Teachers' Pensions Budgeting and Valuation Account, to be kept of receipts and expenditure (including the cost of pensions' increases) From 1 April 2001, the Account has been credited with a real rate of return (in excess of price increases and currently set at 3.5%), which is equivalent to assuming that the balance in the Account is invested in notional investments that produce that real rate of return

Valuation of the Teachers' Pensions Scheme

Not less than every four years the Government Actuary ("GA"), using normal actuarial principles, conducts a formal actuarial review of the TPS. The aim of the review is to specify the level of future contributions. Actuarial scheme valuations are dependent on assumptions about the value of future costs, design of benefits and many other factors. Many of these are being discussed in the context of the design for a reformed TPS, as set out in the Proposed Final Agreement, and scheme valuations are, therefore, currently suspended.

The contribution rate paid into the TPS is assessed in two parts. First, a standard contribution rate ("SCR") is determined. This is the contribution, expressed as a percentage of the salaries of teachers and lecturers in service or entering service during the period over which the contribution rate applies, which if it were paid over the entire active service of these teachers and lecturers would broadly defray the cost of benefits payable in respect of that service. Secondly, a supplementary contribution is payable if, as a result of the actuarial investigation, it is found that accumulated liabilities of the Account for benefits to past and present teachers, are not fully covered by standard contributions to be paid in future and by the notional fund built up from past contributions. The total contribution rate payable is the sum of the SCR and the supplementary contribution rate.

The last valuation of the TPS related to the period 1 April 2001 - 31 March 2004. The GA's report of October 2006 revealed that the total liabilities of the Scheme (pensions currently in payment and the estimated cost of future benefits) amounted to £166,500 million. The value of the assets (estimated future contributions together with the proceeds from the notional investments held at the valuation date) was £163,240 million. The assumed real rate of return is 3.5% in excess of prices and 2% in excess of earnings. The rate of real earnings growth is assumed to be 1.5%. The assumed gross rate of return is 6.5%.

Employer and employee contribution rates

As from 1 January 2007, and as part of the cost-sharing agreement between employers' and teachers' representatives, the SCR was assessed at 19.75%, and the supplementary contribution rate was assessed to be 0.75% (to balance assets and liabilities as required by the regulations within 15 years). This resulted in a total contribution rate of 20.5%, which translated into an employee contribution rate of 6.4% and employer contribution rate of 14.1% payable. The cost-sharing agreement also introduced – effective for the first time for the 2008 valuation – a 14% cap on employer contributions payable.

From 1 April 2012 to 31 March 2013, the employee contribution rate will range between 6.4% and 8.8%, depending on a member's Full Time Equivalent salary. Further changes to the employee contribution rate will be applied in 2013/14 and 2014/15.

The Government, however, has set out a future process for determining the employer contribution rate under the new scheme, and this process will involve a full actuarial valuation.

The pension costs paid to TPS in the year amounted to £256,653 (2012: £114,604).

Under the definitions set out in Financial Standards (FRS 17) Retirement Benefits, the TPS is a multi-employer pension scheme. The Academy Trust is unable to identify its share of the underlying assets and liabilities of the scheme.

Accordingly, the Academy Trust has taken the exemption in FRS 17 and has accounted for its contributions to the scheme as if it were a defined-contribution scheme. The Academy Trust has set out above the information available on the scheme and the implications for the Academy Trust in terms of the anticipated rates.

Parkside Academy employs a building block approach in determining the rate of return on Fund assets. Historical markets are studied and assets with higher volatility are assumed to generate higher returns consistent with widely accepted capital market principles. The assumed rate of return on each asset class is set out within this note. The overall expected rate of return on assets is then derived by aggregating the expected return for each asset class over the actual asset allocation for the Fund at 31 August 2013.

General Annual Grant

General Annual Grant must be used for the normal running costs of the Academy. The Academy Trust signed a deed of variation and as such is not subject to a limit on the amount of GAG that it could carry forward at 31 August 2013.

DfE Capital

Devolved capital funding has been received in the year. This funding is expected to be utilised on work to provide additional classroom space at the Academy.

Land & Building transfer

See note 25. This balance is the main school premises to be depreciated over the remaining useful economic life of the building.

Capital expenditure from GAG

The balance represents the total capital expenditure from the GAG. Depreciation is charged to the fund over the life of the related assets.

20 ULTIMATE CONTROLLING PARTY

The Academy is a charitable company limited by guarantee, has no share capital and is controlled by its members

21 RELATED PARTY TRANSCATIONS

Owing to the nature of the Academy's operations and the composition of the Governing Body being drawn from local public and private sector organisations, it is inevitable that transactions may take place with organisations in which a member of the Governing Body may have an interest. Any transactions involving such organisations are conducted at arm's length and in accordance with the Academy's financial regulations and normal procurement procedures.

22 CONTINGENT LIABILITIES

In the event that during the year of the funding agreement, the Academy sells or disposes of any asset for which a capital grant was received, the Academy shall repay the same proportion of the proceeds of sale or disposal as equates with the proportion of the original cost met by the Secretary of State, unless the Secretary of State agrees to some or all of the proceeds being retained by the Academy for its charitable purposes.

23 MEMBERS LIABILITY

Each member of the charitable company undertakes to contribute to the assets of the company in the event of it being wound up while he/she is member, or within one year after he/she ceases to be a member, such amount as may be required, not exceeding £10 for debts and liabilities contracted before he/she ceases to be a member.

The transfer was accounted for using the acquisition method. The assets and liabilities transferred were valued at their fair value and recognised in the balance sheet under the appropriate headings with a corresponding net amount recognised as net income in the Statement of Financial Activities as voluntary income.
