**NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 31ST MARCH 2019**

**1. STATUTORY INFORMATION**

Marsden Advisors Limited is a private company, limited by shares, registered in England and Wales. The company's registered number and registered office address can be found on the Company Information page.

**2. ACCOUNTING POLICIES**

**Basis of preparing the financial statements**

These financial statements have been prepared in accordance with Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" including the provisions of Section 1A "Small Entities" and the Companies Act 2006. The financial statements have been prepared under the historical cost convention.

**Significant judgements and estimates**

No significant judgements have had to be made by the directors in preparing these financial statements.

**Turnover**

Turnover is measured at the fair value of the consideration received or receivable for services rendered, net of discounts and Value Added Tax.

The company recognises turnover when the amount of revenue can be reliably measured; it is probable that future economic benefits will flow to the entity; and specific criteria have been met.

**Tangible fixed assets**

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.  
Plant and machinery etc - 25% on cost

**Stocks**

Work in progress is valued at the lower of cost and net realisable value.

Cost is calculated using the first-in, first-out method and includes all purchase, transport, and handling costs in bringing stocks to their present location and condition.

**Financial instruments**

The company only enters into basic financial instruments transactions that result in the recognition of financial assets and liabilities like trade and other accounts receivable and payable, loans from banks and other third parties, loans to related parties and investments in non-puttable ordinary shares.

Financial assets that are measured at cost and amortised cost are assessed at the end of each reporting period for objective evidence of impairment. If objective evidence of impairment is found, an impairment loss is recognised in profit or loss.

**Taxation**

Taxation for the year comprises current and deferred tax. Tax is recognised in the Income Statement, except to the extent that it relates to items recognised in other comprehensive income or directly in equity.

Current or deferred taxation assets and liabilities are not discounted.

Current tax is recognised at the amount of tax payable using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

NOTES TO THE FINANCIAL STATEMENTS - continued  
FOR THE YEAR ENDED 31ST MARCH 2019

2. **ACCOUNTING POLICIES - continued**

**Deferred tax**

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Timing differences arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in financial statements. Deferred tax is measured using tax rates and laws that have been enacted or substantively enacted by the year end and that are expected to apply to the reversal of the timing difference.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

**Impairment of non-financial assets**

At each reporting date non-financial assets not carried at fair value, like goodwill and plant, property and equipment, are reviewed to determine whether there is an indication that an asset may be impaired. If there is an indication of possible impairment, the recoverable amount of any asset or group of related assets, which is the higher of value in use and the fair value less cost to sell, is estimated and compared with its carrying amount. If the recoverable amount is lower, the carrying amount of the asset is reduced to its recoverable amount and an impairment loss is recognised immediately in profit or loss.

3. **EMPLOYEES AND DIRECTORS**

The average number of employees during the year was 1 (2018 - 1) .
