Structure, governance and management

Governing document

Al Rehman Welfare Project Ltd is a company limited by guarantee. It is governed by its memorandum and articles of association dated 13 March 2012.

Appointment of trustees

Membership is open to any person who is willing and is permitted to do so by law, by ordinary resolution or by a decision of the directors. All members agree to contribute up to £1 in the event of the company winding up.

Organisational structure and decision making

The trustees are responsible for the day to day management, for which purpose they may exercise all the powers available. The trustees may delegate these powers as they think fit and may then revoke any delegation whole or in part or alter its terms and conditions.

Objectives and activities

In planning and carrying out the charity's activities for the year, the trustees have considered the guidance produced by the Charity Commission on public benefit, and are confident these are achieved through the charities activities.

Al Rehman Welfare Project Ltd is a charity inspired to relieve the poverty, advance the education and protect and preserve the health of orphaned girls living in Pakistan, who have lost their parents in natural disasters such as earthquakes and floods, in particularly but not exclusively, by the provision of an orphanage, in the area of Tehseel Kharyan, District Gujrat of Pakistan and in such other ways as the trustees may see fit.

Strategic report

The following sections for achievements and performance and financial review form the strategic report of the charity.

Achievements and performance

After incorporation on 13 March 2012, the company made an application to the Charity Commission and became a registered charity on 18 October 2014, charity number 1158872 .

Risk Management

The Management committee is conducting its own review of the major risks to which the charity is exposed and systems are being established to mitigate these risks.

Financial review

The principal sources of unrestricted income comprised donations amounting to £0. Expenditure on charitable activities amounted to £1,312, creating a deficit of £1,312. The trustees consider the financial position of the charity to be satisfactory.

Reserves policy

It is the policy of the charity to maintain unrestricted funds, which are the free reserves of the charity, at an appropriate level to ensure that the charitable and governance expenditure can be met out of undistributed income. Free reserves at 31 March 2022 were £(952) (2021 £360). The trustees review both its policies and its reserves position on a regular basis.

Plans for future periods

Now that architects have completed plans for the orphanage in Pakistan, a scaled model will be commissioned to be used at future fundraising events. Significant funds now need to be raised so that the development phase of the project can commence. Unfortunately due to Covid-19 no further progress has been possible in the last year, but it is hoped further fundraising can commence in the near future.

The trustees' annual report and the strategic report were approved on 17 March 2023 and signed on behalf of the board of trustees by:
