PROGRESS DURING THE PERIOD

Receipts and Payments

Attached at Appendix 1 is our abstract of receipts and payments for the period from 2 September 2018 to 1 September 2019.

What work has been done in the period of this report, why was that work necessary and what has been the financial benefit (if any) to creditors?

Details of the types of work that generally fall into the headings mentioned below are available on our firm's website - http://www.begbies-traynorgroup.com/work-details Under the following headings we have explained the specific work that has been undertaken on this case. Not every piece of work has been described, but we have sought to give a proportionate overview which provides sufficient detail to allow creditors to understand what has been done, why it was necessary and what financial benefit (if any) the work has provided to creditors.

The costs incurred in relation to each heading are set out in the Time Costs Analysis which is attached at Appendix 2. There is an analysis for the period of the report and also an analysis of time spent on the case since the date of our appointment. The details below relate to the work undertaken in the period of the report only. Our previous reports contain details of the work undertaken since our appointment.

General case administration and planning

Periodic reviews are carried out in order to ensure that asset realisations and investigations are progressing satisfactorily and that statutory requirements of the relevant legislation are complied with. Generally, it is necessary to maintain records to demonstrate how the case was administered and to document the reasons for any decisions that materially affect the case. This has not benefitted creditors financially but was necessary in accordance with insolvency legislation.

Compliance with the Insolvency Act, Rules and best practice

We have prepared and issued our progress report covering the fourth year of the liquidation. In addition, cashiering time has been spent in reconciling the liquidation estate bank account on a regular basis. This has not benefitted creditors financially but was necessary in accordance with insolvency legislation and best practice.

Realisation of assets

No assets have been realised during the reporting period, save for a nominal amount of bank interest.

Time has been spent liaising with the director in relation to an overdrawn loan account and money due in relation to the sale of a motor vehicle, further details of which are provided in section 8 of this report.

Other matters which includes seeking decisions from creditors (via Deemed Consent Procedure and/or Decision Procedures, tax, litigation, pensions and travel

We are required to submit returns to HM Revenue & Customs for VAT and Corporation Tax in respect of the periods after the date of our appointment. This will not benefit creditors financially but is necessary pursuant to tax and insolvency legislation.

ESTIMATED OUTCOME FOR CREDITORS

Details of the sums owed to each class of the Company's creditors were provided in the directors' statement of affairs included within the report sent to creditors further to our appointment as liquidators.

On the basis of realisations to date and estimated future realisations we estimate an outcome for each class of the Company's creditors as follows:

Preferential creditors

Based upon realisations to date and estimated future realisations, it is anticipated that there will be insufficient funds available to enable a dividend to be paid to the preferential creditors.

Prescribed Part for unsecured creditors pursuant to Section 176A of the Act

Details of how the prescribed part for unsecured creditors is calculated were provided in our progress report for the period 2 September 2014 to 1 September 2015.

Whilst the Company did grant a floating charge after 15 September 2003, there is no outstanding liability to the charge holder and therefore the provisions of section 176A of the Act have no application and consequently the value of both the *prescribed part* and the Company's *net property* is nil.

Unsecured creditors

Based upon realisations to date and estimated future realisations, it is anticipated that there will be insufficient funds available to enable a dividend to be paid to the unsecured creditors.

REMUNERATION & DISBURSEMENTS

Remuneration

Our remuneration has been fixed by a resolution of creditors at the meeting held pursuant to Section 98 of the Act by reference to the time properly given by us (as liquidators) and the various grades of our staff calculated at the prevailing hourly charge out rates of Begbies Traynor (Central) LLP in attending to matters arising in the winding up and we are authorised to draw disbursements, including disbursements for services provided by our firm (defined as category 2 disbursements in Statement of Insolvency Practice 9) in accordance with our firm's policy, details of which accompanied the Statement of Affairs and other information presented to the meeting of creditors convened pursuant to Section 98 of the Act and which is attached at Appendix 2 of this report.

Our time costs for the period from 2 September 2018 to 1 September 2019 amount to £1,034.50 which represents 6.7 hours at an average rate of £154.40 per hour.

The following further information in relation to our time costs and disbursements is set out at Appendix 2:

Time Costs Analysis for the period 2 September 2018 to 1 September 2019

Begbies Traynor (Central) LLP's charging policy

An additional analysis is also attached which details the time costs for the entire period for which we have administered the liquidation.

Please note that each analysis provides details of the work undertaken by us and our staff following our appointment only.

LIQUIDATORS' EXPENSES

A statement of the expenses incurred during the period of this progress report is attached at Appendix 3. A cumulative statement showing the total expenses incurred since the date of our appointment also appears at Appendix 3.

8. ASSETS THAT REMAIN TO BE REALISED AND WORK THAT REMAINS TO BE DONE

What work remains to be done, why is this necessary and what financial benefit (if any) will it provide to creditors?

General case administration and planning

We must ensure that the case is adequately bonded (an insurance to protect the interests of unsecured creditors in the potential asset realisations on a case). This category also includes cashiering duties, such as banking funds, maintaining accounting records and invoicing in respect of remuneration and disbursements, which is undertaken by support staff throughout the duration of the case. It also includes all work undertaken in respect of the closure of the case, such as the final file review and calculation/payment of final fees and expenses.

Compliance with the Insolvency Act, Rules and best practice

Insolvency legislation requires insolvency practitioners holding office to produce progress reports and a final report to all creditors and members and file information with the Registrar of Companies.

This will not benefit creditors financially but is necessary in accordance with insolvency legislation

Realisation of assets

Motor Vehicle

An agreement in relation to the settlement of this debt has not yet been reached. An offer of £2,000 was made to settle the amount due. Whilst the vehicle was sold for £3,250, it was apparently written off shortly thereafter due to engine problems. I continue to liaise with the purchaser (the director's son) in this regard.

Directors' Loan Account

A offer of £5,000 was previously put to the director regarding the settlement of his loan account, however, no response has been received. The amount due according to the records of the Company is £10,912, however, Mr Smith had previous advised that he had no financial capability of making an offer to repay the loan. We continue to liaise with Mr Smith in relation to the offer of settlement.

Dealing with all creditors' claims (including employees), correspondence and distributions

We will continue to liaise with creditors generally and when necessary.

Other matters which includes meetings, tax, litigation, pensions and travel

Preparation and submission of tax returns. We have not accounted for any litigation that might be necessary in respect of the pursuit of monies owed to the Company as detailed above.

How much will this further work cost?

Based upon the charge-out rates of the grades of staff that are likely to undertake the work, the estimated level of time costs to complete the future work is in the region of £2,500. However, it is likely this time will be written off as irrecoverable.

Expenses

Details of the expenses that we expect to incur in connection with the work that remains to be done referred to above are as follows:

| Туре | | Amount £ |
|---------------|-------|----------|
| Storage Costs | | 100 |
| | TOTAL | 100 |

We can confirm that we have discharged our duties in these respects.

BEGBIES TRAYNOR CHARGING POLICY

INTRODUCTION

This note applies where a licensed insolvency practitioner in the firm is acting as an office holder of an insolvent estate and seeks creditor approval to draw remuneration on the basis of the time properly spent in dealing with the case. It also applies where further information is to be provided to creditors regarding the office holder's fees following the passing of a resolution for the office holder to be remunerated on a time cost basis. Best practice guidance 1 requires that such information should be disclosed to those who are responsible for approving remuneration.

In addition, this note applies where creditor approval is sought to make a separate charge by way of expenses or disbursements to recover the cost of facilities provided by the firm. It also applies where payments are to be made to parties other than the firm, but in relation to which the office holder, the firm or any associate has an interest. Best practice guidance² indicates that such charges should be disclosed to those who are responsible for approving the office holder's remuneration, together with an explanation of how those charges are calculated.

OFFICE HOLDER'S FEES IN RESPECT OF THE ADMINISTRATION OF INSOLVENT ESTATES

The office holder has overall responsibility for the administration of the estate. He/she will delegate tasks to members of staff. Such delegation assists the office holder as it allows him/her to deal with the more complex aspects of the case and ensures that work is being carried out at the appropriate level. There are various levels of staff that are employed by the office holder and these appear below.

The firm operates a time recording system which allows staff working on the case along with the office holder to allocate their time to the case. The time is recorded at the individual's hourly rate in force at that time which is detailed below.

EXPENSES INCURRED BY OFFICE HOLDERS IN RESPECT OF THE ADMINISTRATION OF INSOLVENT ESTATES

Best practice guidance classifies expenses into two broad categories:

- □ Category 1 disbursements (approval not required) specific expenditure that is directly related to the case and referable to an independent external supplier's invoice. All such items are charged to the case as they are incurred.
- Category 2 disbursements (approval required) items of expenditure that are directly related to the case which include an element of shared or allocated cost and are based on a reasonable method of calculation, but which are not payable to an independent third party.
 - (A) The following items of expenditure are charged to the case (subject to approval):
 - Internal meeting room usage for the purpose of statutory meetings of creditors is charged at the rate of £100 (London £150) per meeting;
 - Car mileage is charged at the rate of 45 pence per mile;
 - Storage of books and records (when not chargeable as a Category 1 disbursement) is charged on the basis that the number of standard archive boxes held in storage for a particular case bears to the total of all archive boxes for all cases in respect of the period for which the storage charge relates;

Expenses which should be treated as Category 2 disbursements (approval required) — in addition to the two categories referred to above, best practice guidance indicates that where payments are to be made to outside parties in which the office holder or his firm or any associate has an interest, these should be treated as Category 2 disbursements.

Statement of Insolvency Practice 9 (SIP 9) - Remuneration of insolvency office holders in England & Wales

Services provided by an entity within the Begbies Traynor group

The following items of expenditure which relate to services provided by entities within the Begbies Traynor group, of which the office holder's firm is a member, are also to be charged to the case (subject to approval):

 Asset Recovery, Appraisal and Valuation, Disposal and Consultancy services are provided by Eddisons Commercial which is part of Begbies Traynor Group plc.

Due to the varied nature of the work carried out, Asset Recovery, Appraisal and Disposal costs are charged on one or more of the following basis.

• These costs are paid from asset realisations of the company:

```
Time costs of £ 275 per hour — Director
Time costs of £ 180 per hour — Associate Director
Time costs of £ 120 per hour — Surveyor
Time costs of £ 100 per hour — Graduate
Time costs of £ 80 per hour — Administrator
Time costs of £ 35 per hour — Porter
```

- 10% of realisations in respect of asset sales and auction sales
- 15% Buyers Premium in respect of auction sales.
- A fixed charge fee by agreement within the rates above

Any necessary additional services which might be provided would be within these rates.

- Eddisons Insurance Services Limited is also part of Begbies Traynor Group plc and provides insurance services on a fixed premium basis.
- (B) The following items of expenditure will normally be treated as general office overheads and will not be charged to the case although a charge may be made where the precise cost to the case can be determined because the item satisfies the test of a Category 1 disbursement:
 - Telephone and facsimile
 - · Printing and photocopying
 - Stationery
