MHG Senior Holdco Limited

Directors' report (*continued*)

Going Concern

The Group headed by Regis Investments S.A. has considerable financial resources. A letter of financial support has been provided by the Company's ultimate beneficial owner, His Highness Sheikh Hamad Bin Khalifa Al-Thani, pledging to support the Company should this be required for a period of at least 12 months from the date of the signing of the financial statements.

After making enquiries, and taking into account the support of Regis Investments S.A., the directors have a reasonable expectation that the Company has adequate resources to continue in operational existence for the foreseeable future. Accordingly, they continue to adopt the going concern basis in preparing the annual report and accounts.

Auditor

The annual accounts have not been audited because the Company is entitled to the exemption provided by section 480(1) of the Companies Act 2006 relating to dormant companies and the members have not required the Company to obtain an audit under section 476(1) of the Companies Act 2006.

Approved by the Board of Directors and signed on behalf of the Board

MHG Senior Holdco Limited

Statement of directors' responsibilities in respect of the directors' report and the financial statements

The directors are responsible for preparing the Directors' report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law they have elected to prepare the financial statements in accordance with UK Accounting Standards and applicable law (UK Generally Accepted Accounting Practice) including FRS 101 *Reduced Disclosure Framework*.

Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that year. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent; and
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act 2006. They have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the Company and to prevent and detect fraud and other irregularities.

On behalf of the board

Notes

forming part of the financial statements

1 Statement of compliance

Maybourne Mezzanine Holdco Limited is a company incorporated in the UK. The company's registered office is 27 Knightsbridge, London, SW1X 7LY.

These financial statements were prepared in accordance with Financial Reporting Standard 101 Reduced Disclosure Framework ("FRS 101").

These financial statements are presented in sterling, being the functional currency of the company.

2 Significant accounting policies

Statement of compliance

These financial statements were prepared in accordance with Financial Reporting Standard 101 *Reduced Disclosure Framework* ("FRS 101"). In preparing these financial statements, the Company applies the recognition, measurement and disclosure requirements of International Financial Reporting Standards as adopted by the EU ("EU IFRSs"), but makes amendments where necessary in order to comply with the Companies Act 2006 and has set out below where advantage of the FRS 101 disclosure exemptions have been taken.

In these financial statements, the Company has adopted certain disclosure exemptions available under FRS 101. These include:

- a cash flow statement and related notes (para 8(h));
- disclosures in respect of the compensation of key management personnel (para 8(j)) ;
- disclosures in respect of transactions with wholly owned subsidiaries (para 8(k));
- certain comparative information (para 8(f)); and
- the effects of new but not yet effective IFRSs (para 8(i));

As the consolidated financial statements of Coroin Limited include the equivalent disclosures, the Company has also taken the exemption under FRS 101 available in respect of the following:

- certain disclosures required by IFRS 13 *Fair Value Measurement* and the disclosures required by IFRS 7 *Financial Instrument Disclosures*.

The accounting policies set out below have, unless otherwise stated, been applied consistently to all periods presented in these financial statements.

Basis of measurement

The financial statements have been prepared on the historical cost basis.

Functional currency

These financial statements are presented in sterling, being the functional currency of the company. All financial information presented in sterling has been rounded to the nearest thousand, except where otherwise stated.

Use of estimates and judgements

In preparing these financial statements management has made judgements, estimates and assumptions that affect application of the company accounting policies and the reported amounts of assets, liabilities, income and expenses. Such estimates and judgements are based on historical experience and other factors, including expectation of future events that are believed to be reasonable. Actual outcomes may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to estimates are recognised prospectively.

Going concern

The financial statements have been prepared on the going concern basis.

The Group headed by Regis Investments S.A. has considerable financial resources. A letter of financial support has been provided by the Company's ultimate beneficial owner, His Highness Sheikh Hamad Bin Khalifa Al-Thani, pledging to support the Company should this be required for a period of at least 12 months from the date of the signing of the financial statements.

After making enquiries, and taking into account the support of Regis Investments S.A., the directors have a reasonable expectation that the Company has adequate resources to continue in operational existence for the foreseeable future. Accordingly, they continue to adopt the going concern basis in preparing the annual report and accounts.

Tax

The income tax expense comprises current and deferred tax. It is recognised in the income statement except to the extent that it relates to items recognised in OCI or directly in equity, in which case it is recognised in OCI or directly in equity.

Current tax is the expected tax payable on the taxable income for the year using tax rates and laws that have been enacted or substantively enacted at the reporting date, and any adjustment to tax payable in respect of previous years.

MHG Senior Holdco Limited

Tax *(continued)*

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and amounts used for taxation purposes. Deferred tax is not recognised for the following temporary differences: those differences arising from the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit, and differences relating to investments in subsidiaries to the extent that the Group is able to control the timing of reversal and it is probable that they will not reverse in the foreseeable future. In addition, deferred tax is not recognised for taxable temporary differences arising on the initial recognition of goodwill.

A deferred tax asset is recognised to the extent that it is probable future taxable profits will be available against which the temporary difference can be utilised. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

Deferred tax is measured at the tax rates that are expected to be applied to the temporary differences when they reverse, based on the laws that have been enacted or substantively enacted by the reporting date. Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realised simultaneously.

Non-derivative financial instruments

Loans and receivables

These assets are initially recognised at fair value plus any directly attributable transaction costs. Subsequent to initial recognition, they are measured at amortised cost using the effective interest method.

Cash and cash equivalents

Cash and cash equivalents comprise cash balances and call deposits with maturities of three months or less. Cash equivalents are short-term highly liquid investments with an original maturity of three months or less from the date of acquisition that are readily convertible to known amounts of cash and subject to insignificant risk of changes in value.

Non-derivative financial liabilities

Non-derivative financial liabilities are initially recognised at fair value less any directly attributable transaction costs. Subsequent to initial recognition, these liabilities are measured at amortised cost using the effective interest method.

MHG Senior Holdco Limited

Non-derivative financial instruments *(continued)*

Ordinary shares

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of ordinary shares are recognised as a deduction from equity, net of any tax effects.

Ordinary dividends declared as final dividends are recognised as a liability in the period in which they are approved by shareholders. Interim dividends are recognised as a liability when declared.

Equity distributions and contributions

In accordance with the guidance issued in TECH 02/17 BL (with regards the application of Companies Act 2006) where an entity sells an asset to a fellow group company for consideration that is less than the asset's fair value, the difference is treated as a capital contribution in the receiving entity and a distribution in the selling entity. In accordance with TECH 02/17 BL, any intermediate parent entities of the transacting entities are also considered to have made a distribution (or capital contribution as applicable). All distributions and capital contributions are recognised directly in equity and are presented in the Statement of Changes in Equity.

Investments

Investments in subsidiaries are held at historical cost less any applicable provision for impairment.

Impairment of non-financial assets

The Company assesses at each reporting date whether there is an indication that an asset may be impaired. If any such indication exists, or when annual impairment testing for an asset is required, the Company makes an estimate of the asset's recoverable amount in order to determine the extent of the impairment loss. An asset's recoverable amount is the higher of an asset's or cash-generating unit's fair value less costs to sell and its value in use and is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. Where the carrying amount of an asset exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. Impairment losses on continuing operations are recognised in the income statement in those expense categories consistent with the function of the impaired asset.

For assets where an impairment loss subsequently reverses, the carrying amount of the asset or cash generating unit is increased to the revised estimate of its recoverable amount, not to exceed the carrying amount that would have been determined, net of depreciation, had no impairment losses been recognised for the asset or cash generating unit in prior years. A reversal of impairment loss is recognised immediately in the income statement, unless the asset is carried at a revalued amount when it is treated as a revaluation increase.
