STRATEGIC REPORT FOR THE PERIOD ENDED 31 DECEMBER 2017

The Directors present the Strategic Report of Oasis Healthcare Bidco Limited (the "Company") for the period ended 31 December 2017.

Business review

The Directors manage the various businesses of The Oasis Healthcare Group Limited group (the "Group") on a group, rather than an individual basis. As such, a separate business review for the Company has not been prepared, but a group review can be found in the Strategic Report contained in the Annual Report of The Oasis Healthcare Group Limited. Neither the Strategic Report nor the Annual Report of The Oasis Healthcare Group Limited forms part of this report.

Principal risks and uncertainties

From the perspective of the Company, the principal risks and uncertainties are integrated with the principal risks of the Group and are not managed separately. Accordingly, the principal risks and uncertainties of The Oasis Healthcare Group Limited, which include those of the Company, are discussed in the Strategic Report contained in the Annual Report of The Oasis Healthcare Group Limited. Neither the Strategic Report nor the Annual Report of The Oasis Healthcare Group Limited forms part of this report.

Financial key performance indicators

The Directors of The Oasis Healthcare Group Limited manage the Group's operations on a group-wide basis. For this reason, the Company's Directors believe that analysis using key performance indicators for the Company is not necessary or appropriate for an understanding of the development, performance or position of the business of the Company.

The development, performance and position of The Oasis Healthcare Group Limited, which includes the Company, is discussed in the Strategic Report contained in the Annual Report of The Oasis Healthcare Group Limited. Neither the Strategic Report nor the Annual Report of The Oasis Healthcare Group Limited forms part of this report.

This report was approved by the board on 25 April 2018 and signed on its behalf.

J S H Wright

Director

DIRECTORS' REPORT FOR THE PERIOD ENDED 31 DECEMBER 2017

The Directors present their report and the financial statements for the period ended 31 December 2017.

Principal activity

The principal activity of the Company is that of an intermediate holding company.

The Directors do not anticipate any material change in the Company's activities in the ensuing year.

On 27 February 2017, the entire issued share capital of The Oasis Healthcare Group Limited was acquired by Bupa Finance plc. Prior to the acquisition, The Oasis Healthcare Group Limited was the Company's ultimate parent company.

As a result of this change in ownership, the accounting reference date of the Company was changed to 31 December 2017, to align with that of its new owner. The prior period comparatives are for the 12 months ended 31 March 2017.

Results and dividends

The profit for the period, after taxation, amounted to £7,452,000 (31 March 2017 - loss £5,652,000).

The Directors do not recommend the payment of a dividend (31 March 2017 - £nil) and no dividends have been paid during the period (31 March 2017 - £nil).

Directors

The Directors who served during the period were:

J J Ash (resigned 30 June 2017)
E J Coyle (appointed 1 April 2017)
J Gonzalez (resigned 30 June 2017)
D J Leatherbarrow (resigned 28 February 2018)
J F Perry (resigned 30 June 2017)
J S H Wright (appointed 30 June 2017)

Future developments

As the Company is an intermediate company in the Group headed by The Oasis Healthcare Group Limited, the directors, therefore, do not believe that a discussion of future developments is necessary.

Financial risk management

The Company's operations expose it to a variety of financial risks. The Directors of The Oasis Healthcare Group Limited manage the Group's risks at a group level rather than at an individual company level. For this reason, the Company's Directors believe that a discussion of the Company's financial risks is not appropriate here. The principal risks and uncertainties of The Oasis Healthcare Group Limited group, which include those of the Company, are disclosed within the Directors' Report in the Group's financial statements which does not form part of these financial statements.

Post balance sheet events

There have been no significant events affecting the Company since the period end.

DIRECTORS' REPORT (CONTINUED) FOR THE PERIOD ENDED 31 DECEMBER 2017

This report was approved by the board on 25 April 2018 and signed on its behalf.

NOTES TO THE FINANCIAL STATEMENTS FOR THE PERIOD ENDED 31 DECEMBER 2017

1. General information

The Company is a private company limited by shares and is incorporated and domiciled in England and Wales. The address of its registered office is: Oasis Support Centre, Vantage Office Park, Old Gloucester Road, Hambrook, Bristol, BS16 1GW.

2. Accounting policies

2.1 Basis of preparation of financial statements

The financial statements have been prepared under the historical cost convention unless otherwise specified within these accounting policies and in accordance with Financial Reporting Standard 102, the Financial Reporting Standard applicable in the UK and the Republic of Ireland and the Companies Act 2006.

The Company's financial statements are presented in Sterling, which is also the Company's functional currency, and all values are rounded to the nearest thousand pounds (£000) except where otherwise indicated.

The preparation of financial statements in compliance with FRS 102 requires the use of certain critical accounting estimates. It also requires management to exercise judgment in applying the Company's accounting policies (see note 3).

The following principal accounting policies have been applied:

2.2 Financial reporting standard 102 - reduced disclosure exemptions

The Company has taken advantage of the following disclosure exemptions in preparing these financial statements, as permitted by the FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland":

- the requirements of Section 4 Statement of Financial Position paragraph 4.12(a)(iv);
- the requirements of Section 7 Statement of Cash Flows;
- the requirements of Section 3 Financial Statement Presentation paragraph 3.17(d);
- the requirements of Section 11 Financial Instruments paragraphs 11.41(b), 11.41(c), 11.41(e), 11.41(f), 11.42, 11.44 to 11.45, 11.47, 11.48(a)(iii), 11.48(a)(iv), 11.48(b) and 11.48(c);
- the requirements of Section 12 Other Financial Instruments paragraphs 12.26 to 12.27, 12.29(a), 12.29(b) and 12.29A;
- the requirements of Section 33 Related Party Disclosures paragraph 33.7.

This information is included in the consolidated financial statements of The Oasis Healthcare Group Limited as at 31 December 2017 and these financial statements may be obtained from Oasis Support Centre, Vantage Office Park, Old Gloucester Road, Hambrook, Bristol, BS16 1GW.

2.3 Going concern

The Oasis Healthcare Group Limited and its subsidiary undertakings on consolidation (the "Group") meets its day to day working capital requirements through cash at bank and funding via a loan from the parent company, Bupa Finance plc. The loan facility from Bupa Finance plc was renewed on 6 February 2018 and expires on 8 February 2019. The Group has received a letter of financial support from its parent company for the twelve months from the date the financial statements are signed. The Group has continued to be cash generative since the balance sheet date with the cash generated contributing to the funding of the Group's working capital requirements.

In light of the above, the Directors have concluded that it is appropriate to prepare Oasis Healthcare Bidco Limited's financial statements on a going concern basis.

NOTES TO THE FINANCIAL STATEMENTS FOR THE PERIOD ENDED 31 DECEMBER 2017

2. Accounting policies (continued)

2.4 Exemption from preparing consolidated financial statements

The Company is a parent Company that is also a subsidiary included in the consolidated financial statements of its immediate parent undertaking established under the law of an EEA state and is therefore exempt from the requirement to prepare consolidated financial statements under section 400 of the Companies Act 2006.

2.5 Valuation of investments

Investments in subsidiaries are measured at cost less accumulated impairment.

2.6 Debtors

Short term debtors are measured at transaction price, less any impairment. Loans receivable are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method, less any impairment.

2.7 Financial instruments

The Company only enters into basic financial instrument transactions that result in the recognition of financial assets and liabilities like trade and other debtors and creditors, loans from banks and other third parties, loans to related parties and investments in non-puttable ordinary shares.

Debt instruments (other than those wholly repayable or receivable within one year), including loans and other accounts receivable and payable, are initially measured at present value of the future cash flows and subsequently at amortised cost using the effective interest method. Debt instruments that are payable or receivable within one year, typically trade debtors and creditors, are measured, initially and subsequently, at the undiscounted amount of the cash or other consideration expected to be paid or received. However, if the arrangements of a short-term instrument constitute a financing transaction, like the payment of a trade debt deferred beyond normal business terms or financed at a rate of interest that is not a market rate or in the case of an out-right short-term loan not at market rate, the financial asset or liability is measured, initially, at the present value of the future cash flow discounted at a market rate of interest for a similar debt instrument and subsequently at amortised cost.

Financial assets that are measured at cost and amortised cost are assessed at the end of each reporting period for objective evidence of impairment. If objective evidence of impairment is found, an impairment loss is recognised in the Statement of Comprehensive Income.

For financial assets measured at amortised cost, the impairment loss is measured as the difference between an asset's carrying amount and the present value of estimated cash flows discounted at the asset's original effective interest rate. If a financial asset has a variable interest rate, the discount rate for measuring any impairment loss is the current effective interest rate determined under the contract.

Financial assets and liabilities are offset and the net amount reported in the Balance Sheet when there is an enforceable right to set off the recognised amounts and there is an intention to settle on a net basis or to realise the asset and settle the liability simultaneously.

2.8 Creditors

Short term creditors are measured at the transaction price. Other financial liabilities, including bank loans, are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method.

NOTES TO THE FINANCIAL STATEMENTS FOR THE PERIOD ENDED 31 DECEMBER 2017

2. Accounting policies (continued)

2.9 Foreign currency translation

Functional and presentation currency

The Company's functional and presentational currency is GBP.

Transactions and balances

Foreign currency transactions are translated into the functional currency using the spot exchange rates at the dates of the transactions.

At each period end foreign currency monetary items are translated using the closing rate. Non-monetary items measured at historical cost are translated using the exchange rate at the date of the transaction and non-monetary items measured at fair value are measured using the exchange rate when fair value was determined.

Foreign exchange gains and losses resulting from the settlement of transactions and from the translation at period-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the Statement of Comprehensive Income except when deferred in other comprehensive income as qualifying cash flow hedges.

Foreign exchange gains and losses that relate to borrowings and cash and cash equivalents are presented in the Statement of Comprehensive Income within 'finance income or costs'. All other foreign exchange gains and losses are presented in the Statement of Comprehensive Income within 'other operating income'.

2.10 Finance costs

Finance costs are charged to the Statement of Comprehensive Income over the term of the debt using the effective interest method so that the amount charged is at a constant rate on the carrying amount. Issue costs are initially recognised as a reduction in the proceeds of the associated capital instrument.

2.11 Interest income

Interest income is recognised in the Statement of Comprehensive Income using the effective interest method.

NOTES TO THE FINANCIAL STATEMENTS FOR THE PERIOD ENDED 31 DECEMBER 2017

2. Accounting policies (continued)

2.12 Taxation

Tax is recognised in the Statement of Comprehensive Income, except that a charge attributable to an item of income and expense recognised as other comprehensive income or to an item recognised directly in equity is also recognised in other comprehensive income or directly in equity respectively.

The current income tax charge is calculated on the basis of tax rates and laws that have been enacted or substantively enacted by the balance sheet date in the countries where the Company operates and generates income.

Deferred tax balances are recognised in respect of all timing differences that have originated but not reversed by the balance sheet date, except that:

- The recognition of deferred tax assets is limited to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits;
- Any deferred tax balances are reversed if and when all conditions for retaining associated tax allowances have been met; and
- Where they relate to timing differences in respect of interests in subsidiaries, associates, branches and joint ventures and the Company can control the reversal of the timing differences and such reversal is not considered probable in the foreseeable future.

Deferred tax balances are not recognised in respect of permanent differences except in respect of business combinations, when deferred tax is recognised on the differences between the fair values of assets acquired and the future tax deductions available for them and the differences between the fair values of liabilities acquired and the amount that will be assessed for tax. Deferred tax is determined using tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

3. Judgments in applying accounting policies and key sources of estimation uncertainty

Due to the nature of the Company's business, the Directors do not consider there to be key judgments or sources of estimation uncertainty in preparing the financial statements.

4. Employees

The Company has no employees other than the Directors, who did not receive any remuneration (31 March 2017 - £nil).
