LIQUIDATOR'S ACTIONS SINCE THE LAST PROGRESS REPORT

In this reporting period I have continued to monitor the progress of the director's Bankruptcy to establish whether a dividend will be realised for the benefit of the liquidation. I have been advised by the Trustee's office that a dividend will not be possible.

I have also been assisting HMRC with some information requests regarding the Administration and Liquidation of the Company to assist them with their enquiries into the director's bankruptcy.

There is certain work that I am required by the insolvency legislation to undertake in connection with the liquidation that provides no financial benefit for the creditors. A description of the routine work undertaken since my last progress report is contained in Appendix 2.

RECEIPTS AND PAYMENTS

My Receipts & Payments Account for the year from 7 August 2021 to 6 August 2022 and for the cumulative period from 7 August 2020 to 6 August 2022 is attached at Appendix 1. All amounts are shown net of VAT. I have reconciled the account against the financial records that I am required to maintain.

The balance of funds are held in an interest bearing estate bank account.

ASSETS

All of the Company's assets were realised when the Company was in Administration. The only sum realised in the liquidation is the VAT that was due from the Administration period.

LIQUIDATOR'S REMUNERATION

My remuneration was previously authorised by creditors whilst the Company was in Administration, on a fixed fee basis of £41,250.00 in respect of Administration & Planning, Financials, Realisation of Assets, Investigations and Creditors. These fees were in respect of my Administration and Liquidation remuneration.

A sum of £31,525 was drawn in the Administration and the balance of £9,725 has been drawn in the Liquidation.

I have drawn the full amount of £41,250.00 to 06 August 2021. No further fees are to be drawn in the case.

Further information about creditors' rights can be obtained by visiting the creditors' information micro-site published by the Association of Business Recovery Professionals (R3) at <http://www.creditorinsolvencyguide.co.uk/>. Details about how an office holder's fees may be approved for each case type are available in a series of Guidance Notes issued with Statement of Insolvency Practice 9, and they can be accessed at www.kallis.co.uk/legal. There are different versions of these Guidance Notes, and in this case please refer to the most recent version. Please note that we have also provided further information about an office holder's remuneration and expenses in our practice fee recovery sheet, which is enclosed at Appendix 3 and can be accessed at www.kallis.co.uk/downloads.

LIQUIDATOR'S EXPENSES

Expenses are any payments from the estate which are neither an office holder's remuneration nor a distribution to a creditor or a member. Expenses also includes disbursements. Disbursements are payments which are first met by the office holder and then reimbursed to the office holder from the estate. Expenses are split into:

- category 1 expenses, which are payments to persons providing the service to which the expense relates who are not an associate of the office holder; and
- category 2 expenses, which are payments to associates or which have an element of shared costs. Before being paid category 2 expenses require approval in the same manner as an office holder's remuneration.

I have incurred expenses to 6 August 2022 of 278.50.

I have drawn £278.50 to date, all of which was incurred in the previous reporting periods.

LIABILITIES

Secured Creditors

An examination of the Company's mortgage register held by the Registrar of Companies, showed that the Company has no current charges over its assets.

The legislation requires that if the Company has created a floating charge after 15 September 2003, a prescribed part of the Company's net property (i.e. the money that would otherwise be available to the charge holder) should be ring-fenced for distribution to unsecured creditors. In this case there were no creditors secured by a floating charge such that the prescribed part provisions do not apply.

Preferential Creditors

The statement of affairs did not anticipate that there would be any preferential unsecured creditors. A claim of £227.27 was received from The National Insurance Fund.

Crown Creditors

The statement of affairs included £462,467.00 owed to HMRC. HMRC's final claim of £310,656.02 has been received.

Non-preferential unsecured Creditors

The statement of affairs included 16 non-preferential unsecured creditors with an estimated total liability of £41,707.10. I have received claims from nine creditors at a total of £25,709.46. I have not received a claim from 1 creditor with an original estimated claim in the statement of affairs of £30,000.

DIVIDEND PROSPECTS

Dividends were paid in the previous reporting period.

I expect to make a second and final dividend to unsecured non preferential creditors prior to finalising the case.

FURTHER INFORMATION

An unsecured creditor may, with the permission of the Court, or with the concurrence of 5% in value of the unsecured creditors (including the creditor in question), request further details of the Joint Liquidators' remuneration and expenses within 21 days of their receipt of this report. Any secured creditor may request the same details in the same time limit.

An unsecured creditor may, with the permission of the Court, or with the concurrence of 10% in value of the unsecured creditors (including the creditor in question), apply to Court to challenge the amount of remuneration charged by the Joint Liquidators as being excessive, and/or the basis of the Joint Liquidators' remuneration, and/or the amount of the expenses incurred as being excessive, within 8 weeks of their receipt of this report. Any secured creditor may make a similar application to court within the same time limit.

To comply with the Provision of Services Regulations, some general information about Kallis & Company can be found at www.kallis.co.uk/legal.

SUMMARY

The Liquidation will remain open until I distribute the final dividend to unsecured creditors and I have received confirmation from HMRC and the Insolvency Service that they have no objections to the closure of the liquidation.. I estimate that this will take approximately 6 months and once resolved the Liquidation will be finalised and our files will be closed.

If creditors have any queries regarding the conduct of the Liquidation, or if they want hard copies of any of the documents made available on-line, they should contact Christina Eleftheriou on 020 8446 6699, or by email at Christinae@kallis.co.uk.

Appendix 2 Details of Work undertaken in reporting period

Administration

This represents the work involved in the routine administrative functions of the case by the office holder and their staff, together with the control and supervision of the work done on the case by the office holder and their managers. It does not give direct financial benefit to the creditors, but has to be undertaken by the office holder to meet their requirements under the insolvency legislation and the Statements of Insolvency Practice, which set out required practice that an office holder must follow.

Case planning - devising an appropriate strategy for dealing with the case and giving instructions to staff to undertake the work on the case.

Managing the case on the practice's electronic case management system and entering data.

Dealing with all routine correspondence and emails relating to the case.

Maintaining and managing the estate bank account.

Maintaining and managing a cashbook.

Undertaking regular bank reconciliations of the estate bank account.

Reviewing the adequacy of the specific penalty bond on a quarterly basis.

Undertaking periodic reviews of the progress of the case.

Discussions with HMRC and The Insolvency Service

Overseeing and controlling the work done on the case by case administrators.

Preparing, reviewing and issuing annual progress reports to creditors and members.

Filing returns at Companies House.

PRACTICE FEE RECOVERY POLICY FOR KALLIS INSOLVENCY PRACTITIONERS

Introduction

This sheet explains the alternative fee bases allowed by the insolvency legislation when acting as office holder in insolvency appointments. The legislation allows different fee bases to be used for different tasks within the same appointment. The fee basis, or combination of bases, set for a particular appointment is/are subject to approval, generally by a committee if one is appointed by the creditors, failing which the creditors in general meeting, or the Court. The report accompanying the request to fix the basis of remuneration will indicate the basis, or bases, being requested in that particular case and will make it clear what work is to be undertaken in respect of each basis.

Further information about creditors' rights can be obtained by visiting the creditors' information micro-site published by the Association of Business Recovery Professionals (R3) at <http://www.creditorinsolvencyguide.co.uk/>. Details about how an office holder's fees may be approved for each case type are available in a series of guides issued with Statement of Insolvency Practice 9 (SIP 9) "Payments to Insolvency Office Holders and their Associates from an Estate" and can be accessed at <https://www.kallis.co.uk/downloads/>. Alternatively, a hard copy may be requested from Kallis Insolvency Practitioners, Mountview Court, 1148 High Road, London N20 0RA. Please note that we have provided further details in this policy document.

SIP 9 also contains various requirements that the office holder has to comply with in connection with their remuneration, both when seeking approval and when reporting to creditors and other interested parties after approval. One of the matters that an office holder has to comply with is that they must also seek approval for any payments that could reasonably be perceived as representing a threat to the office holder's objectivity or independence by virtue of a professional or personal relationship, including to an associate. Where it is anticipated that such payments will be made in a case they will be separately identified when seeking approval for the basis of the office holder's remuneration.

Other than in respect of Voluntary Arrangements an office holder is required to record the time spent on casework in all cases, even if they are being remunerated for that work on a basis other than time costs. Time is recorded directly to the relevant case and the nature of the work undertaken is recorded at that time. The work is generally recorded under the following categories:

- Case Administration (including statutory reporting).
- Financials
- Realisation of Assets.
- Investigations.
- Creditors (claims and distributions).
- Trading
- Case specific matters.

Time cost basis

When charging fees on a time costs basis we use charge out rates appropriate to the skills and experience of a member of staff and the work that they perform. This is combined with the amount of time that they work on each case, recorded in 6 minute units with supporting narrative to explain the work undertaken.

Charge out Rates

Grade of staff	Current charge-out rate per hour, effective from 15/08/2022	Previous charge-out rate per hour, effective from 01/10/2019	Previous charge-out rate per hour, effective from 01/10/2017	Previous charge-out rate per hour, effective from 01/10/2015	Previous charge-out rate per hour, effective from 01/10/2012 £	Previous charge-out rate per hour, effective from 01/10/2010 £
Senior Partner / appointment taker	£480	£420				
Partner / appointment taker	£380 - 400	£320-340	£295-375	£340-375	£275-£335	£275-£320
Senior Manager	£280 - 350	£295	£285	£285	£275	£275
Assistant Manager/Manager	£200 - 250	£240	£225	£225	£170-£275	£170-£275
Senior/Case Administrator	£150-180	£110-150	£125-175	£150-175	£90-£175	£90-£175
Support Staff	£110-125	£100-110	£85-100	£85-100	£60-£85	£60-£85

In cases where these staff undertake work, specific approval will be sought for the payment of the fees incurred.

These charge-out rates charged are reviewed regularly and are adjusted to take account of inflation and the firm's overheads.

When we seek time costs approval, we have to set out a fees estimate. That estimate acts as a cap on our time costs so that we cannot draw fees of more than the estimated time costs without further approval from those who approved our fees. When seeking approval for our fees, we will disclose the work that we intend to undertake, the hourly rates we intend to charge for each part of the work, and the time that we think each part of the work will take. We will summarise that information in an average or "blended" rate for all of the work being carried out within the estimate, and by reference to each separate category of work. The blended rate is calculated as the prospective average cost per hour, based upon the estimated time to be expended by each grade of staff at their specific charge out rate. We will also say whether we anticipate needing to seek approval to exceed the estimate and, if so, the reasons that we think that may be necessary.

A report accompanying the request to fix the basis of remuneration will include the fees estimate, as well as details of the expenses that will be, or are likely to be, incurred. Further information about expenses is given in a separate section below.

The disclosure that we make should include sufficient information about the insolvency appointment to enable you to understand how the proposed fee reflects the complexity (or otherwise) of the case, any responsibility of an exceptional kind falling on the office holder, the effectiveness with which the office holder has carried out their functions, and the value and nature of the property with which the office holder has to deal.

If we subsequently need to seek authority to draw fees in excess of the estimate, we will say why we have exceeded, or are likely to exceed the estimate; any additional work undertaken, or proposed to be undertaken; the hourly rates proposed for each part of the work; and the time that the additional work is expected to take. As with the original estimate, we will summarise that information in an average or "blended" rate for all of the work being carried out within the estimate, and by reference to each separate category of work, and will also say whether we anticipate needing further approval and, if so, why we think it may be necessary to seek further approval.

Percentage basis

The legislation allows fees to be charged on a percentage of the value of the property with which the office holder has to deal (realisations and/or distributions). Different percentages can be used for different assets or types of assets. A report accompanying the request to fix the basis of remuneration will set out the potential assets in the case, the remuneration percentage proposed in respect of any realisations and the work covered by that remuneration, which may solely relate to work undertaken in connection with the realisation of the assets, but might also include other categories of work as listed above. The report will also include details of the expenses that will be, or are likely to be, incurred. Further information about expenses is given in a separate section below.

The percentage approved in respect of realisations will be charged against the assets realised, and where approval is obtained on a mixture of bases, any fixed fee and time costs will then be charged against the funds remaining in the liquidation after the realisation percentage has been deducted.

A percentage of distributions made to unsecured creditors may also be requested, in order to cover the work associated with the agreement of claims and making the distribution.

The disclosure that we make will include sufficient information about the insolvency appointment to enable you to understand how the proposed fee reflects the complexity (or otherwise) of the case, any responsibility of an exceptional kind falling on the office holder, the effectiveness with which the office holder has carried out their functions, and the value and nature of the property with which the office holder has to deal. In order to meet the requirements of SIP 9 it will also explain why the basis requested is expected to produce a fair and reasonable reflection of the work that we anticipate will be undertaken on the case.

If the basis of remuneration has been approved on a percentage basis then an increase in the amount of the percentage applied can only be approved by the committee or creditors (depending upon who approved the basis of remuneration) in cases where there has been a material and substantial change in the circumstances that were taken into account when fixing the original level of the percentage applied. If there has not been a material and substantial change in the circumstances, then an increase can only be approved by the Court.

Fixed fee

The legislation allows fees to be charged at a set amount. Different set amounts can be used for different tasks. A report accompanying the request to fix the basis of remuneration will set out the set fee that we proposed to charge and the work covered by that remuneration, as well as details of the expenses that will be, or are likely to be, incurred. Further information about expenses is given in a separate section below.

The disclosure that we make will include sufficient information about the insolvency appointment to enable you to understand how the proposed fee reflects the complexity (or otherwise) of the case, any responsibility of an

exceptional kind falling on the office holder, the effectiveness with which the office holder has carried out their functions, and the value and nature of the property with which the office holder has to deal. In order to meet the requirements of SIP 9 we will also explain why the basis requested is expected to produce a fair and reasonable reflection of the work that we anticipate will be undertaken on the case.

If the basis of remuneration has been approved on a fixed fee basis then an increase in the amount of the fixed fee can only be approved by the committee or creditors (depending upon who approved the basis of remuneration) in cases where there has been a material and substantial change in the circumstances that were taken into account when fixing the original level of the fixed fee. If there has not been a material and substantial change in the circumstances, then an increase can only be approved by the Court.

Direct Costs

Where we seek approval on a percentage and/or fixed fee basis, in order to meet the requirements of SIP 9 we also have to disclose the direct costs that are included within the remuneration that will be charged on those bases in respect of the work undertaken. The following are direct costs that will be included in respect of work undertaken in respect of each of the standard categories of work where the office holder is to be remunerated for such work on either a percentage or fixed fee basis:

- Case Administration (including statutory reporting) – staff costs, costs of case management system.
- Realisation of Assets - staff costs, costs of case management system.
- Investigations - staff costs, costs of case management system.
- Creditors (claims and distributions) - staff costs, costs of case management system.
- Trading - staff costs, costs of case management system, costs of accounting software.

Mixed basis

If remuneration is to be sought on a mixed basis, we will make it clear in the report accompanying the request to fix the basis of remuneration which basis will be charged for each category of work that is to be undertaken on the case.

Members' voluntary liquidations and Voluntary Arrangements

The legislation is different for members' voluntary liquidations (MVL), Company Voluntary Arrangements (CVA) and Individual Voluntary Arrangements (IVA). In MVLs, the company's members set the fee basis, often as a fixed fee, and SIP 9 does not apply unless the members specifically request it. In CVAs and IVAs, the fee basis is set out in the proposals and creditors approve the fee basis when they approve the arrangement.

All fee bases

With the exception of IVAs and CVAs, which are usually VAT exempt, the office holder's remuneration invoiced to the insolvent estate will be subject to VAT at the prevailing rate.

Expenses

As already indicated, a report will accompany the request to fix the basis of remuneration and that will include details of expenses to be incurred, or likely to be incurred. When reporting to the committee and creditors during the course of the insolvency appointment the actual expenses incurred will be compared with the original estimate provided.

Expenses are any payments from the insolvent estate that are neither an office holder's remuneration nor a distribution to a creditor, or a member. Expenses also include disbursements. Disbursements are payments that are first paid by the office holder and then reimbursed from the insolvent estate. Expenses are divided into those that do not need approval before they are charged to the estate (Category 1) and those that do (Category 2).

Category 1 expenses are payments to persons providing the service to which the expense relates who are not an associate of the office holder. They can be paid by the office holder without obtaining prior approval. . Examples of costs that may amount to Category 1 expenses are professional advisors (who are not associates), statutory advertising, external meeting room hire (where the room is only hired for that meeting), external storage, specific penalty bond insurance, insolvency case management software fees charged on a per case basis, and Company search fees.

Category 2 expenses are either payments to associates, or payments in respect of expenses that have an element of shared costs, such as photocopying and mileage. Category 2 expenses require approval in the same manner as an office holder's remuneration before they can be paid.'

The practice intends to seek approval to recover the following Category 2 expenses that include an element of shared costs:

Room Hire	£50 per hour
Mileage	www.gov.uk/government/publications/rates-and-allowances-travel-mileage-and-fuel-allowances

Storage	£15 per box per annum
Destruction	Costs £5.50 per box

Professional advisors may be instructed to assist the office holder on the case where they consider that such assistance is necessary to enable them to appropriately administer the case. The fees charged by any professional advisors used will be recharged at cost to the case. Where the professional advisor is not an associate of the office holder it will be for the office holder to agree the basis of their fees. Where the professional advisor is an associate of the office holder it will be for those responsible for fixing the basis of the office holder's remuneration to approve payments to them. The fees of any professional advisors are subject to the rights of creditors to seek further information about them or challenge them as summarised below. Professional advisors that may be instructed on a case include:

- Solicitors/Legal Advisors;
- Auctioneers/Valuers;
- Accountants;
- Book Debt Collectors;
- Quantity Surveyors;
- Estate Agents;
- Pension specialists;
- Employment Claims specialists; and
- GDPR/Cyber Security specialists.

Reporting and rights to challenge

Once the basis of the office holder's remuneration has been approved, a periodic report will be provided to any committee and also to each creditor. The report will provide a breakdown of the remuneration charged by the office holder in the period covered by the report, i.e., the amount that the office holder is entitled to draw, together with the amount of remuneration actually drawn. If approval has been obtained for remuneration on a time costs basis, the time costs incurred will also be disclosed, whether drawn or not, together with the "blended" rates of such costs. The report will also compare the actual time costs incurred with those included in the fees estimate prepared when fixing the basis of the remuneration, and indicate whether the fees estimate is likely to be exceeded. If the fees estimate has been exceeded, or is likely to be exceeded, the report will explain why that is the case.

The report will also provide information about expenses incurred in the period covered by the report, together with those actually paid, together with a comparison with the estimated expenses. If the expenses incurred, or anticipated to be incurred, have exceeded the estimate provided the report will explain why that is the case.

Under the insolvency legislation the report must also include a statement of the legislative rights of creditors to request further information about the remuneration charged and expenses incurred in the period covered by the report, or to challenge them on the grounds that they are excessive. Extracts of the relevant insolvency rules dealing with these rights are set out below. Once the time period to seek further information about the office holder's remuneration and/or expenses for the period covered by the report has elapsed, then a Court Order is required to compel the office holder to provide further information about the remuneration and expenses. A Court order is required to challenge the office holder's remuneration and/or expenses for the period covered by the report. Once that period has elapsed, then a separate Court Order is required to allow an application out of time.

Under rule 18.9 of the Insolvency (England and Wales) Rules 2006, an unsecured creditor may, with the permission of the court or with the concurrence of 5% in value of the unsecured creditors (including the creditor in question) request further details of the office holder's remuneration and expenses, within 21 days of receipt of any report for the period. Any secured creditor may request the same details in the same time limit.

Under rule 18.34, an unsecured creditor may, with the permission of the court or with the concurrence of 10% in value of the unsecured creditors (including the creditor in question), apply to court to challenge the amount and/or basis of the office holder's fees and the amount of any proposed expenses or expenses already incurred, within 8 weeks of receipt of any report for the period. Any secured creditor may make a similar application to court within the same time limit.

Under some old legislation, which still applies for insolvency appointments commenced before 6 April 2010, there is no equivalent mechanism for fees to be challenged.
