Directors' Report

The directors present their report and accounts for the period ended 30 September 2014.

Principal activities

The company's principal activity during the period was that of facilitating the promotion of a taxpayers' alliance to promote social and economic justice.

Founder's report

Taxpayers Against Poverty (TAP) was founded by a letter published by The Guardian on the 16th February 2012; 150 signed up. We now have 360 members, 543 followers on Twitter and 12,312 likes on Facebook, all UK wide, for example London 1,955, Glasgow 501, Manchester 458, Liverpool 307, Edinburgh 252, Birmingham 246, Cardiff 130, Northern Ireland 122.

TAP is not a charity but has registered as a not for profit company so we are publicly accountable for our income and expenditure.

We registered the company on September 2013. We have not registered as a charitable trust so our statements and publicity about the facts of poverty in the UK cannot be inhibited by the Charity Commission. The objects of the company include Article 25 of the Universal Declaration of Human Rights.

(1) Everyone has the right to a standard of living adequate for the health and well-being of himself and of his family, including food, clothing, housing and medical care and necessary social services, and the right to security in the event of unemployment, sickness, disability, widowhood, old age or other lack of livelihood in circumstances beyond his control.

(2) Motherhood and childhood are entitled to special care and assistance. All children, whether born in or out of wedlock, shall enjoy the same social protection.

Discussions about subscriptions took place at members' foundation meetings in Manchester and London in 2013 and it was decided that in principle, membership should be free to ensure that no one is excluded on economic grounds, while donations are always welcome; members can sign up and donate if they wish at <http://www.taxpayersagainstpoverity.org.uk/join us/>.

The aim, since our foundation, has been to use social media, letters to the national press, the courts in relevant cases and parliamentary campaigning to ensure that name and purposes of TAP enters the political scene with and for the poorest citizens of the UK, without allegiance to any political party. We will be entirely funded by donations from supporters, taking nothing from any government.

The plan from the 7th May 2015 is to pick up from where the Bills announced in the Queen's Speech start, and lobby whatever political parties are in power for amendments in favour of the poorest individuals and families. The routine we use is to inform all parties about the amendments we want and then work to get them tabled and debated by MPs and Peers. The routine used by Rev Paul Nicolson during the 2012 welfare reforms is described by him on the Trust for London website. Social media and emails will be used to keep supporters and members informed.

Directors' Report

We do not need any convincing that social media is now at the heart of all campaigning so we have obtained a quote from an expert to install state of the art programs to keep membership records, email lists and to use the website, Twitter and Facebook to campaign with and for citizens receiving the lowest incomes in work or unemployment. I am content to live on my pension with TAP paying expenses.

Therefore our budget for the next twelve months reads as follows; we will soon need a full time research administration assistant at around £30,000 PA if TAP is to last.

	£ pa
Updating the website, Twitter, Facebook	4,000
Part-time research and membership assistant	15,000
Office costs:	
Telephone and internet	750
Postage and stationery	500
Publicity	5,000
Total	<u>25,250</u>

We will start with the updating of social media and move on as the money comes in.
