Christopher Brooks Limited

Notes to the Abbreviated Accounts for the Period from 3 September 2013 to 30 September 2014

1 Accounting policies

Basis of preparation
The full financial statements, from which these abbreviated accounts have been extracted, have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (Effective April 2008).

Turnover
Turnover represents amounts chargeable, net of value added tax, in respect of the sale of goods and services to customers.

Financial instruments
Financial instruments are classified and accounted for, according to the substance of the contractual arrangement, as financial assets, financial liabilities or equity instruments. An equity instrument is any contract that evidences a residual interest in the assets of the company after deducting all of its liabilities. Where shares are issued, any component that creates a financial liability of the company is presented as a liability in the balance sheet. The corresponding dividends relating to the liability component are charged as interest expense in the profit and loss account.
