Basis of preparation

Plant and machinery	20% straight line
Motor vehicles	25% straight line

Stocks

Foreign currencies

Leasing and hire purchase commitments

Assets held under finance leases and hire purchase contracts, which are those where substantially all the risks and rewards of ownership of the asset have passed to the company, are capitalised in the balance sheet and depreciated over their useful lives. The corresponding lease or hire purchase obligation is treated in the balance sheet as a liability.

The interest element of the rental obligations is charged to the profit and loss account over the period of the lease and represents a constant proportion of the balance of capital repayments o u t s t a n d i n g .

Rentals paid under operating leases are charged to income on a straight line basis over the lease term.
