1 Introduction and Statutory Information

- 1.1 I, Philip B Wood of BCR Insolvency Ltd, 570-572 Etruria Road, Newcastle, Staffordshire, ST5 0SU, was appointed as Liquidator of Effortless Energy Limited trading as Go Effortless Energy (the Company) on 19 October 2020. This progress report covers the period from 19 October 2022 to 18 October 2023 (the Period) and should be read in conjunction with my previous progress reports.
- 1.2 Christopher Knott was removed as Joint Liquidator by Court order dated 9 December 2020.
- 1.3 Information about the way that we will use, and store personal data on insolvency appointments can be found at www.bcr-insolvency.co.uk/privacy-policy. If you are unable to download this, please contact us and a hard copy will be provided to you.
- 1.4 The principal trading address of the Company was Chatterley Whitfield Enterprise Centre, Chatterley Whitfield, Biddulph Road, Stoke-On-Trent, ST6 8UW. The business traded under the name trading as Go Effortless Energy.
- 1.5 The registered office of the Company has been changed to 570 572 Etruria Road, Newcastle, Staffs, ST5 0SU and its registered number is 08711077.

2 Receipts and Payments

- At Appendix A is my Receipts and Payments Account covering the Period of this report, together with cumulative Receipts and Payments Account for the Period since the Liquidator's Appointment.
- In Section 3 below, you will find an update on the progress made during the Period in realising the Company's assets and dealing with its affairs.

3 Progress of the Liquidation

- This section of the report provides creditors with an update on the progress made in the liquidation during the Period and an explanation of the work done by the Liquidator and his staff.
- 3.2 During the period the following work has been carried out:

Administration & Planning

- Communications with the director.
- Complete and submit relevant VAT forms.
- Case filing.
- Case reviews.
- Diary updates.
- Cashiering.
- Bank reconciliations.

Realisation of assets

- Telephone calls with solicitors re debtors
- Emails with solicitors re debtors
- HMRC VAT refund

Creditors

- adjust creditor claims/final claims
- Communication with creditors re their claims
- Review creditors' claims and query invoices

Administration (including statutory compliance & reporting)

- An office holder must comply with certain statutory obligations under the Insolvency Act 1986 and other related legislation. Details about the work I anticipated would need to be done in this area was outlined in my initial fees estimate/information which was previously agreed by creditors.
- 3.4 Where the costs of statutory compliance work or reporting to creditors exceeds the initial estimate, it will usually be because the duration of the case has taken longer than anticipated, possibly due to protracted asset realisations, which have in turn placed a further statutory reporting requirement on the Liquidator.
- 3.5 As noted in my initial information, this work will not necessarily bring any financial benefit to creditors but is required on every case by statute.
- 3.6 Realisation of Assets

The following assets have been realised to date:

Asset	£
Cash at Bank	87,318.38
Book Debts	109.25
Credit on account	306.05
TOTAL	£87 733 68

- 3.7 The director's statement of affairs included 7 debtors with a book value of £936,914.68 and an uncertain estimated to realisable value. Of these only one at of the value of £109.25 has been realised to date. The remaining debtors current estimated outstanding balance is £973,888.53. This is in the hands of my solicitors.
- 3.8 At this stage it is still uncertain whether the work the Liquidator and his staff have undertaken to date will bring a financial benefit to creditors.

Creditors (claims and distributions)

- 3.9 A Liquidator is not only required to deal with correspondence and claims from unsecured creditors (which may include retention of title claims), but also those of any secured and preferential creditors of the Company. This may involve separate reporting to any secured creditor and dealing with distributions from asset realisations caught under their security, most typically a debenture.
- 3.10 Work undertaken by a Liquidator in dealing with a company's creditors may only therefore bring a financial benefit to certain classes of creditor such as a secured creditor or the preferential creditors, however a Liquidator is required by statute to undertake this work. Similarly, if a distribution is to be paid to any class of creditor, work will be required to agree those claims and process the dividend payments to each relevant class of creditor. The more creditors a company has, the more time and cost will be involved by the Liquidator in dealing with those claims.
- 3.11 More information on the anticipated outcome for all classes of creditor in this case can be found in Section 4 below.

Investigations

3.12 My investigations revealed the following issues:

You may recall from my first progress report to creditors that some of the work a Liquidator is required to undertake is to comply with legislation such as the Company Directors' Disqualification Act 1986 (CDDA 1986) and Statement of Insolvency Practice 2 – Investigations by Office Holders in Administration and Insolvent Liquidations and may not necessarily bring any financial benefit to creditors, unless these investigations reveal potential asset recoveries that the Liquidator can pursue for the benefit of creditors.

- 3.1 My report on the conduct of the Directors of the Company to the Department for Business, Energy & Industrial Strategy under the CDDA 1986 was submitted during the first year of the liquidation and is confidential.
- 3.2 Since my last progress report I would advise that no further asset realisations have come to light that may be pursued by me for the benefit of creditors.

Matters still to be dealt with

As stated above, I continue to liaise with my solicitors to realise the outstanding book debts

4 Creditors

Preferential Creditors

4.2 A summary of the preferential claims in the liquidation and details of any distributions paid to date can be found below:

Ordinary preferential claims	Statement of Affairs Claim £	Claim Received £	Dividends paid £
Department for Business, Energy & Industrial Strategy (BEIS)	4,424.60	3,909.50	Nil

Unsecured Creditors

- The Company's statement of affairs indicated there were 71 creditors whose debts totalled £1,783,368.98. To date, I have received claims totalling £2,082,528.87 from 28 creditors. I have yet to receive claims from 53 creditors whose debts total £161,3297.51.
- The Company did not grant any floating charges to a secured creditor. Accordingly, there is no requirement to create a fund out of the Company's net floating charge property for unsecured creditors (known as the Prescribed Part), which only applies to charges created after 15 September 2003.
- 4.5 Further updates on the anticipated outcome to creditors will be provided in subsequent reports, however it is currently anticipated there will be insufficient funds realised after defraying the expenses of the liquidation to pay a dividend to unsecured creditors.

5 Liquidator's Remuneration

- 5.1 The basis of the Liquidator's remuneration has not yet been fixed and it is proposed that a decision agreeing this will be sought at a later stage.
- 5.2 My time costs for the Period are £1,065.00. This represents 6 hours at an average rate of £177.50 per hour. Attached as Appendix B is a Time Analysis which provides details of the activity costs incurred by staff grade during the Period in respect of the costs to be fixed by reference to time properly spent by me in managing the liquidation.
- 5.3 Attached at appendix C is a cumulative Time Analysis of my total time costs since my appointment which totals £29,044.50, representing 124.0 hours at an average rate of £234.23.
- 5.4 Attached as Appendix C is Additional Information in Relation to the Liquidator's Fees, Expenses & the use of Subcontractors. This document reflects our current charge-out rates which were determined and implemented with effect from 1 October 2019.
- 5.5 A copy of 'A Creditors' Guide to Liquidators' Fees' is available on request or can be downloaded from www.bcr-insolvency.co.uk/downloads-appointments post 1 October 2015

- 6 Liquidator's Expenses

BCR Insolvency Ltd Additional Information in Relation to the Liquidator's Fees, Expenses & the use of Subcontractors

Remuneration

If a resolution has or will be proposed which authorises remuneration to be drawn by the office holder on a time cost basis by reference to time properly spent on the case, the following rates will prevail. Time is charged to a case in actual hours and minutes, with time being recorded in 6-minute units. Periodically, this firm may increase its hourly rates, and should this occur during the administration of the case, creditors will be informed when the office holder next reports to them.

Charge out rates with effect from 1 October 2019 are as follows:

Director/Partner £475 per hour Manager £295 per hour Senior Administrator £250 per hour Case Administrator £175 per hour Trainee Administrator £150 per hour

Staff Allocation and the use of Subcontractors

The general approach to resourcing our assignments is to allocate staff with the skills and experience to meet the specific requirements of the case.

The constitution of the case team will usually consist of a Partner, a Manager, and an Administrator and/or Trainee. The exact constitution of the case team will depend on the anticipated size and complexity of the assignment and the experience requirements of the assignment.

Generally, we do not utilise the services of any subcontractors on cases. Where, exceptionally, subcontractors are used this will be identified separately in the body of the report or fees estimate/information provided to creditors.

Office-holder's Expenses

These are charged as follows:

Category 1 expenses

These expenses do not require prior approval by creditors. The type of expenses that may be charged to a case as a Category 1 expense generally comprise external supplies of incidental services specifically identifiable to the case, such as postage, case advertising, invoiced travel and external printing, external room hire and external storage costs. Also chargeable will be any properly reimbursed expenses incurred by personnel in connection with the case. These expenses may include disbursements which are payments first met by an office holder and then reimbursed from the estate.

Category 2 Expenses (approval required)

These expenses do require approval from creditors. These are costs which are directly referable to the appointment in question but are not payments which are made to an independent third party and may therefore include payments to associates of the office holder or shared or allocated costs that can be allocated to the appointment on a proper and reasonable basis.

Examples include the following:

Mileage/motor expenses are charged at the rate of 45p per mile.
