FINAL ACCOUNT TO MEMBERS PURSUANT TO SECTION 94 OF THE INSOLVENCY ACT 1986 AND RULE 5.10 OF THE INSOLVENCY (ENGLAND AND WALES) RULES 2016 FOR THE PERIOD FROM 26 APRIL 2019 TO 14 JULY 2020

ISSUED ON: 14 JULY 2020

INTRODUCTION

Garden Bridge Trust ("the Entity") entered Members' Voluntary Liquidation on 26 April 2019. Laura May Waters and Robert Nicholas Lewis were appointed Joint Liquidators of the Entity ("the Liquidators").

This account covers the conduct and progress of the Liquidation in the period from 26 April 2019 to 14 July 2020 ("the Period"). This is the Liquidators' final account of the Liquidation.

A summary of receipts and payments in the Liquidation is at Appendix A.

The statutory information relating to the Entity and the Liquidators is at Appendix B.

REPORT ON THE LIQUIDATION

Realisation of assets:

The Directors' Declaration of Solvency showed that the Entity's assets at 8 April 2019 were as set out in the table. The table then shows the position of the assets taken into liquidation on 26 April 2019.

Asset	Declaration of Solvency dated 8 April 2019	At date of liquidation 26 April 2019 £	
Balance at bank	167,183.00	179,245.62	
Other debtors	161,832.00	63,465.59	
Total	329,015.00	242,711.21	

Balance at bank:

The cash balance was taken under the control of the Liquidators at the date of appointment. The difference in the amount stated in the Declaration of Solvency compared to date of liquidation is as a result of movements on the bank account in the intervening period as the board managed down its creditors.

Other debtors:

The "Other Debtors" stated the Declaration of Solvency refer to the funding arrangement with Transport for London ("TfL"). The Entity had the benefit of a funding obligation from Tell. The Entity's creditors were settled by the Entity with funds provided under the funding arrangement once invoices were evidenced.

Other assets received in the liquidation:

During the Period we have received the following amounts:

• Bank interest of £281.95; and

ISSUED ON: 14 JULY 2020

 A tax refund from HM Revenue & Customs ("HMRC") of £910.32 relating to the subsidiary where the Entity had paid its tax liabilities.

The Liquidators are not aware of any other assets that remain to be realised.

Settlement of liabilities:

The Members' Declaration of Solvency stated that the Company had creditors of £50,470. These consisted of legal and other advisor fees (£37,677) as well as data handling services (£6,300) and document storage (£6,493). These were all settled before liquidation.

During the Liquidation, the Entity continued to be wound down in accordance with the contractual arrangements put in place prior to Liquidation by the directors. This included IT, administrative and accounting assistance from consultants, and legal assistance from BDB Pitmans LLP. All payments are detailed in the attached Receipts and Payments Account.

Corporation tax liability for subsidiary:

A corporation tax payment of £1,197.06 was made to HMRC to settle the tax outstanding for the Entity's subsidiary company. A refund of £910.32 was subsequently received and paid to the Entity.

Other liabilities:

In the Period, the Liquidators published a statutory notice in the *London Gazette* and *The Times*, inviting creditors to submit details of claims they may have against the Entity. All creditors have been paid and the liquidators have settled all outstanding matters.

HMRC:

The Entity being a charity is exempted from corporation tax. Following their appointment, the Liquidators wrote to HMRC to inform them of the Liquidation and that as the Entity was exempt as a charity, they would continue to wind up the Entity without further reference to HMRC for corporation tax. HMRC requested a return for the period to 30 March 2019 which was later removed as a requirement. Clearance was obtained from EIS for any other taxes. After closure of the liquidation and before dissolution the Entity will be deregistered as a charity.

Distributions:

For the avoidance of doubt there are no surplus assets and no distributions have been made. All monies were provided by TfL solely to settle the outstanding costs of the Entity during its wind down.

Matters to be dealt with in the Liquidation:

During the liquidation the Entity received 4 Subject Access Requests. Such requests have very specific processes to follow so legal advice and assistance was necessary in order to ensure thorough and compliant data searches and reporting were undertaken.
